

Limited Entry Landowner Permits Application

The Division of Wildlife offers limited-entry permits to private landowners who are not a part of a Landowner Association, but have property located within a limited-entry unit. These permits are available for buck deer, bull elk and buck pronghorn, are issued through a drawing, and are valid for a landowner's property only.

Eligible Property:

- Must meet a minimum of 640 acres of habitat for deer, elk or pronghorn
- Must be located in a limited-entry unit for one of those species
- Must not be used in a CWMU or LOA
- Must be in agricultural use as provided in Utah Code Section 59-2-502 and 503 (Greenbelt status).

Any parcel of private land may only be considered once. *If multiple applications for the same parcel are submitted, all applications for that parcel will be rejected.*

Qualifying applications must be received between March 1 and March 31 at the regional office where the qualifying land is located. **We encourage you to submit your application electronically to the appropriate regional email address listed below.** A digital map of the eligible property indicating parcel numbers, county and limited-entry hunt unit must be included with this application. *No late applications will be accepted.*

Once an application is reviewed and approved, landowners will be contacted to pay a \$10 handling fee for their application which must be collected by June 7 or the application will not be included in the drawing. The drawing will take place by late June. *Bonus points are not used or accrued for this drawing.* Those successful in the drawing will be issued a voucher to redeem for a permit.

Landowners must select one (1) species to apply for and can receive a maximum of one (1) limited-entry landowner permit per year, but may select two (2) hunt choices to be considered with in the draw.

Applicants must indicate which species they would like to apply for, which limited-entry unit their property is in and which hunt(s) they would like to apply for. This limited-entry permit is only valid on that landowner's property within the unit. **Note:** Multi-season hunts, and late season limited-entry buck deer hunts on general-season units, are not eligible.

(Disclaimer: A landowner or lessee may not receive any form of compensation or remuneration if they choose to give their limited-entry landowner voucher to someone other than themselves.)

For additional information or to submit your application, please contact one of our regional offices.
