

4100 South
to S.R. 201
Current Construction

S.R. 201 North Frontage Road (1730 South)

November 2019

The Utah Department of Transportation (UDOT) continues construction of the Mountain View Corridor from 4100 South to S.R. 201 with a connection to California Avenue.

As part of the construction, the existing frontage road access will be closed and 1730 South will be the permanent frontage road access from 5600 West. Business access will not be affected. Please see the map for details.

This new traffic movement is projected to start as early as November 5, 2019. Dates are weather-permitting and subject to change.

For questions or comments about the project, please call the project informational line at 1-800-596-2556 or email the project at mountainview@utah.gov.

For additional information about the project please see the Mountain View Corridor website at www.udot.utah.gov/mountainview.
