Which best describes your position regarding the proposed changes to the Utah Fishing Guidebook? Strongly agree

Do you have any additional comments about the proposed changes to the Utah Fishing Guidebook?

1. 90% of traditional anglers support these proposals
 2. Spear fishermen can help control invasive pike smallmouth and other species
 3. These proposals are common sense and clarify current regulations
 4. Spearfishing is gaining in popularity across the nation. Meateater features the pursuit prominently.

Which best describes your position regarding the proposed changes to the Utah Fishing Guidebook? Strongly agree

Do you have any additional comments about the proposed changes to the Utah Fishing Guidebook? I support the regulation changes proposed by the DWR regarding Spearfishing.

These proposals are common sense and clarify current regulations. Freshwater Spearfishing is gaining in popularity and these changes will help to grow the sport while simultaneously helping the fishery through sustainable fishing practices.

Which best describes your position regarding the proposed changes to the Utah Fishing Guidebook? Neither agree nor disagree

Do you have any additional comments about the proposed changes to the Utah Fishing Guidebook?

I just have a question.

Should we be concerned about SCUBA equipment somehow bringing diseases (e.g. whirling disease) or invasive species (zebra mussels) to previously untainted waters? If so, what measures are being taken to help limit any potential spread?
