

**NOTICE OF EMERGENCY CHANGES  
TO THE 2018 UTAH FISHING GUIDEBOOK  
OF THE WILDLIFE BOARD FOR THE TAKING  
OF FISH AND CRAYFISH**

I, Mike Fowlks, by authority granted in Section 23-14-8 of the Wildlife Resources code of Utah declare an emergency amendment to the 2018 Utah Fishing Guidebook. The following has been amended:

**MILLSITE RESERVOIR (Emery County):**

- INCREASE the daily bag and possession limit to sixteen (16) fish

This change is effective immediately as of March 15, 2018 and will remain in effect until March 15, 2019.

Millsite Reservoir is being drawn down to do work on the dam to meet new safety standards. Low water in the reservoir will result in the loss of fish. Limits are being temporarily liberalized to allow anglers to harvest fish that would otherwise be lost. It is anticipated that enough work will be completed during the next year allowing for a partial filling of the reservoir and restocking of fish in spring 2019.
