WHAT’S NEW?

COVID-19 and cougar hunting: Stay informed about any COVID-19 pandemic-related changes that might affect your hunt. See the box on page 16 and visit wildlife.utah.gov/covid.

Harvest two cougars: Starting in 2020, you can harvest up to two cougars per season. For details about what combinations of permits you may use, see page 20.

Apply for hunts on split units: The Division distributes permits for limited-entry hunts (held on split units) through the cougar drawing. You can apply for the drawing from Sept. 15–Oct. 6, 2020. The results of the cougar hunt drawing will be available on or before Oct. 19, 2020. For additional details, see page 14.

Change to permit surrender processes: Starting in 2020, the permit surrender process has changed. If you want to surrender your limited-entry cougar permit (for split-unit hunts), you must do so before the season opens to avoid losing your previously accrued bonus points. For details, see page 17 or visit wildlife.utah.gov/refund.

Fee increases for nonresident hunters: Increases to license, permit and application fees for hunters who are not Utah residents went into effect on July 1, 2020. Some of those increased fees are listed in the tables on page 6. To see all of Utah’s license and permit fees, visit wildlife.utah.gov/licenses/fees.html.

Collared cougars: Division biologists have placed tracking collars on cougars across the state. If possible, please avoid harvesting a collared animal. For details, see the information box on page 17.

KNOW THE LAWS

This guidebook summarizes Utah’s cougar hunting laws and rules. Although it is a convenient quick-reference document for Utah’s cougar regulations, it is not an all-encompassing resource.

For an in-depth look at the state’s cougar hunting laws and rules, visit wildlife.utah.gov/rules.

You can use the references in the guidebook—such as Utah Code § 23-20-3 and Utah Administrative Rule R657-10-13—to search the Division’s website for the detailed statute or rule that underpins the guidebook summary.

If you have questions about a particular rule, call or visit the nearest Division office.

Who makes the rules?
The Utah Wildlife Board passes the rules summarized in this guidebook.

There are seven board members, and each serves a six-year term. Appointed by the governor, board members are not Division employees.

The Division’s director serves as the board’s executive secretary but does not have a vote on wildlife policies.

Before board members make changes to wildlife rules, they listen to recommendations from Division biologists. They also receive input from the public and various interest groups via the regional advisory council (RAC) process.

If you have feedback or suggestions for board members, you can find their contact information online at wildlife.utah.gov.

Wildlife Board members
Randy Dearth
Wade Heaton
Kevin Albrecht, Vice Chair
Karl Hirst
Donnie Hunter
Bret Selman
Byron Bateman, Chair
Mike Fowlks, Division Director & Executive Secretary
Unit hunt-strategy changes: This year, hunt strategies are changing on quite a few cougar hunting units. For details on which units fall into the split, harvest-objective and unlimited hunt strategies, see the hunt tables that begin on page 34.

Dog restrictions on certain units: On the La Sal; San Juan, Mountains; and Book Cliffs, East units, you may not use dogs from April 15 through Nov. 2, 2021. The only exception is for hunters who also have valid permits for a black bear season on those units, where the use of dogs is permitted. For all unit restrictions, see the hunt tables that begin on page 34.

Check the season dates: Season dates change every year, and some units have exceptions to the general season dates. For details, see the tables that start on page 34.

Don’t lose your hunting and fishing privileges
If you commit a wildlife violation, you could lose the privilege of hunting and fishing in Utah. The Utah Division of Wildlife Resources can suspend the license of anyone who knowingly, intentionally or recklessly violates wildlife laws. Your license can be suspended for a wildlife violation if:

- You are convicted.
- You plead guilty or no contest.
- You enter a plea in abeyance or diversion agreement.

Suspension proceedings are separate and independent from criminal prosecution. The Utah Division of Wildlife Resources may suspend your license privileges whichever or not the court considers suspension in your criminal case. You will be notified of any action against your privilege after criminal proceedings conclude. And remember, if your license is suspended in Utah, you may not be permitted to hunt or fish in most other states. (Visit wildlife.utah.gov/know-the-consequences.html to see a map of participating states.)

Purchase harvest-objective permits:
Harvest-objective permits may be purchased beginning Oct. 28, 2020 at wildlife.utah.gov, from license agents and at any Division office. If you purchase a harvest-objective permit, you may hunt statewide on any harvest-objective unit that’s still open to hunting. If you purchase a cougar harvest-objective permit after the season opens, the permit is not valid until three days from the date of purchase.

Corrections: If errors are found in the printed guidebook, the Division will correct them in the online version. Visit wildlife.utah.gov/guidebooks to view all of the Division’s guidebooks.

Protection from discrimination: The Division receives federal financial assistance from the U.S. Fish and Wildlife Service. Under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of race, color, national origin, age, disability or sex. If you believe that you have been discriminated against in any program, activity or facility, or if you desire further information, please visit www.doi.gov/pmb/eeo/public-civil-rights.cfm.

Private lands: The Division cannot guarantee access to any private land. Under certain circumstances, you must obtain written permission from the landowner or the landowner’s authorized representative before hunting on private lands. To learn more, please see page 28.

Division funding: The Division is mostly funded by the sale of hunting and fishing licenses and through federal aid made possible by an excise tax on the sale of firearms and other hunting- and fishing-related equipment.

Maps and boundaries online: All unit maps and boundary descriptions are available at wildlife.utah.gov/mobileapp.

Hunting license required: Before you can apply for a cougar permit or bonus point—or purchase any other cougar permit, including a pursuit permit—you must have a valid Utah hunting or combination license. Please see page 8 for more information.

Trial hunting program: People who haven’t hunted may be able to try it for the first time without taking Hunter Education. For details, see the box on page 9.

Purchase pursuit permits by phone: You can now purchase a cougar pursuit permit over the telephone. Just call 1-800-221-0659. The line is staffed 24 hours per day, seven days per week. You will be charged a $2 transaction fee for each item you purchase.

Your wait is over: If you last obtained any kind of cougar limited-entry permit during the 2016–2017 season, your waiting period is over and you’re now eligible to apply again.

IMPORTANT REMINDERS

Harvest-objective unit closures:
Harvest-objective hunting units will close on a unit-by-unit basis. Any unit closures will be listed on the cougar hotline (1-888-668-5466) and posted at wildlife.utah.gov/cougarharvest by noon daily. Closures will take effect the following day.

Purchase harvest-objective permits:
Maps and boundaries online: All unit maps and boundary descriptions are available at wildlife.utah.gov/huntplanner.
KEY DATES AND FEES

License dates

Hunt applications
Application available online Sept. 15, 2020
Application deadline Oct. 6, 2020
Drawing results available Oct. 19, 2020

Permits available
Remaining limited-entry permits go on sale Oct. 28, 2020
Harvest-objective permit sales begin Oct. 28, 2020
Cougar-control permits available to harvest-objective permit holders Oct. 28, 2020
Cougar-control permits available to split-unit permit holders Feb. 25, 2021

Nonresident fees
New this year: Increases to license, permit and application fees for nonresident hunters went into effect on July 1, 2020. The increased license fees are listed in the table below. For a complete list of Utah’s license and permit fees, visit wildlife.utah.gov/licenses/fees.html.

Pursuit season dates
Pursuit season begins Nov. 4, 2020
Pursuit season ends May 31, 2021

** There are two limited-entry split units—Oquirrh-Stansbury, East and Wasatch Mtns, West—that don’t open for harvest-objective hunting until March 27, 2021.
**BASIC REQUIREMENTS**

Are you thinking about hunting cougars in Utah this year? If so, you’ll need to make sure you meet Utah’s age, hunter education and license requirements before you apply for or obtain a cougar permit.

**Are you old enough?**  
Utah Code §§ 23-19-11 and 23-20-20

If you are 11 years old, you may apply for or obtain a cougar permit as long as your 12th birthday occurs during the calendar year in which the Division issues the permit.

- **Scenario 1:** If you will turn 12 by Dec. 31, 2020, you can apply for a permit in the 2020 cougar drawing or purchase a cougar permit that’s available after the drawing.

- **Scenario 2:** If you will turn 12 sometime in 2021, you cannot participate in the 2020 cougar drawing, but you can purchase a cougar permit starting Jan. 1, 2021.

**Adults must accompany young hunters**  
Utah Code § 23-20-20

While hunting with any weapon, a person under 14 years old must be accompanied by his or her parent, legal guardian or other responsible person who is 21 years of age or older and who has been approved by the parent or guardian.

A person at least 14 years old and under 16 years old must be accompanied by a person 21 years of age or older while hunting with any weapon.

The Division encourages adults to be familiar with hunter education guidelines or to complete the hunter education course before accompanying youth into the field.

While in the field, the youth and the adult must remain close enough for the adult to see and provide verbal assistance to the young hunter. Using electronic devices, such as walkie-talkies or cell phones, does not meet this requirement.

**Hunter Mentoring and Trial Hunting programs**  
Utah Code § 23-20-20

If you’re younger than 18, you can apply to participate in the Utah Hunter Mentoring Program. For details on the program, see the online application on page 15 or visit wildlife.utah.gov/mentoring.

- **Scenario 1:** If you will turn 12 by Dec. 31, 2020, you can apply for a permit in the 2020 cougar drawing or purchase a cougar permit that’s available after the drawing.

- **Scenario 2:** If you will turn 12 sometime in 2021, you cannot participate in the 2020 cougar drawing, but you can purchase a cougar permit starting Jan. 1, 2021.

**Have you passed hunter education?**  

If you were born after Dec. 31, 1965, you must provide proof that you’ve completed a hunter education course approved by the Division before you can apply for or obtain a hunting license or a cougar permit.

The only exception to this law is for individuals who are participating in the Division’s Trial Hunting Program. You can find details about the program on page 9 or by visiting wildlife.utah.gov/trial.

**Proof of hunter education**

You can prove that you’ve completed hunter education by obtaining a hunter education card (called a “blue card” in Utah) or if you have a verified hunter education number on file with the Division. The number is assigned when you complete hunter education and your blue card is issued.

**How to take hunter education**

To get started, you should visit wildlife.utah.gov/huntereducation. You’ll see links to various traditional and online hunter education courses. Follow the instructions on the website to obtain a hunter education registration certificate (required) and to register for a course online.

- **Scenario 1:** If you will turn 12 by Dec. 31, 2020, you can apply for a permit in the 2020 cougar drawing or purchase a cougar permit that’s available after the drawing.

- **Scenario 2:** If you will turn 12 sometime in 2021, you cannot participate in the 2020 cougar drawing, but you can purchase a cougar permit starting Jan. 1, 2021.

**New to Utah?**

If you become a Utah resident, and you’ve completed a hunter education course in another state, province or country, you must obtain a Utah blue card before you can buy a resident hunting license. You can obtain a Utah blue card at any Division office by providing proof that you’ve completed a hunter education course approved by the Division.

**Do you have a license?**  

You must have a current Utah hunting or combination (hunting and fishing) license before you can apply for or obtain a permit to harvest or pursue cougar in Utah.

To purchase a license, visit wildlife.utah.gov, a license agent or any Division office. You can also buy a license over the telephone. Just call 1-800-221-0659. The line is staffed 24 hours a day, seven days a week. In addition to the fee for the license, you’ll also be charged a $2 transaction fee for each item you buy.

- **New this year:** Increases to license, permit and application fees for nonresident hunters went into effect on July 1, 2020. For details, see page 6 or visit wildlife.utah.gov/licenses/fees.html.

**Carry your permit**

If you obtain a cougar permit, you must accompany it on your person while hunting or pursuing cougar. You cannot alter your license or permit, nor can you sell, transfer or loan either of them to another person.
**PREPARE TO APPLY**

Utah Admin. Rule R657-62-19

To participate in Utah’s cougar hunt, you need to obtain a permit. The Division distributes permits for limited-entry hunts (held on split units) through the cougar drawing. You can apply for the drawing from Sept. 15–Oct. 6, 2020. This part of the guidebook will help you find the information and resources you need in order to apply.

**Verify your residency**

Before you apply for any cougar hunts, it’s important to know whether you are a legal resident of the state of Utah. Although residents and nonresidents can apply for the same types of permits, there are some differences in permit fees and availability. See the definition of residency on page 40 to determine if you are a resident or a nonresident.

To see which permits are available to residents and nonresidents, check the hunt tables that begin on page 34.

**New this year**: Increases to license, permit and application fees for non-resident hunters went into effect on July 1, 2020. For details, see page 6 or visit wildlife.utah.gov/licenses/fees.html.

**Complete the voluntary orientation course**

Before you apply for or obtain a cougar permit, the Division strongly encourages you to complete the online cougar orientation course. The course is completely voluntary, but it provides valuable information about cougar identification, target selection and how to have a successful hunt. You will find the orientation course online at wildlife.utah.gov/cougar.

**Understand permit types**

Utah Admin. Rule R657-10-3 and R657-10-23

If you want to hunt or pursue a cougar in Utah, your permit options are as follows:

**Hunting permits (new)**

There are four different types of cougar hunting permits in Utah. Only one of those permit types (limited-entry permits for split hunting units) is available through the cougar drawing.

**Limited-entry permits for split hunting units**

A split hunting unit is one that begins as a specific limited-entry unit and then transitions into an open harvest-objective unit. This permit is considered a limited-entry permit.

With a valid cougar limited-entry permit for a split unit, you may hunt only the unit listed on your permit during the limited-entry portion of the season (see the hunt tables on page 34 for season dates). Then, beginning on the split-unit transition date, you may also hunt on any open harvest-objective units. The split-unit transition date for most units is Feb. 27, 2021. There are two units—Oquirrh-Stansbury, East and Wasatch Mtns, West-Strawberry—that have a later transition date of March 27, 2021.

If you possess a valid cougar limited-entry permit for a split unit—and you choose to hunt on any harvest-objective unit (including the unit for which the limited-entry permit was valid) after the transition date—you are subject to all unit closure and reporting requirements. For more information, see page 18.

**How to obtain one**: Apply for a permit on a split hunting unit in the cougar drawing. For details, see page 14.

**Harvest-objective permits**

Biologists have set harvest objectives (quotas) for the number of cougars that can be taken on certain units. When the objective is met, the unit closes to cougar hunting for the rest of the season.

The harvest-objective permit allows you to use any legal weapon to harvest a cougar on any harvest-objective hunting unit until the season ends or the unit’s harvest objective has been met.

**New this year**: You may now obtain up to two harvest-objective permits per season and use them to harvest a maximum of two cougars. For additional information about this opportunity, see page 20.

You can also use harvest-objective permits to hunt on units under active predator management plans. For details on obtaining and using harvest-objective permits, see page 18.

**How to obtain one**: You may now obtain up to two harvest-objective permits per season and use them to harvest a maximum of two cougars. For additional information about this opportunity, see page 20.

**Pursuit permits**

This permit authorizes you to pursue, but not kill, a cougar on any unit that is open to pursuit. (For all pursuit season dates, see page 7.)

If you already possess a cougar split-unit permit, harvest-objective permit or control permit, you may pursue cougar on the unit for which the permit is valid. If you want to pursue cougar on a different unit—or after you harvest a cougar—you will need to purchase a cougar pursuit permit.

For the field regulations that apply to cougar pursuit, see page 24.

For a complete list of units where you can use a cougar pursuit permit, visit wildlife.utah.gov/maps.

**How to obtain one**: Purchase a pursuit permit at wildlife.utah.gov, from a license agent or at any Division office. For details, see page 20.

**Cougar-control permits**

This permit is a type of harvest-objective permit. With a cougar-control permit, you may take a cougar on one of the four unlimited quota units. For additional information about this permit type, see page 19.

Before you can purchase a cougar-control permit, you must first have one of the following permits:

- A harvest-objective permit
- A limited-entry permit for a split hunting unit that has already transitioned to harvest-objective status (see season dates in the hunt tables on page 34).

**How to obtain one**: Purchase a cougar-control permit at wildlife.utah.gov, from a license agent or at any Division office. For details, see page 18.

**Residency**

Utah Code § 23-13-2(37)

Before you purchase a license or permit, it’s important to know whether you are a legal resident of the state of Utah for the purposes of hunting, fishing or trapping. See the definition of residency on page 40 to determine whether you are a resident or a nonresident.
Do your research
Utah Admin. Rule R657-33-3 and R657-33-4

It’s important to nail down the details before applying for a hunt. You don’t want to accidentally apply for the wrong hunting unit or season. We’ve provided information in this guidebook and links to online tools that can help you research your options.

Understand new harvest opportunities

New this year: Starting in the 2020-21 season, you may harvest a maximum of two cougars per year. To learn more about permit combinations you can use, see page 20.

Review the hunt tables

All of the cougar hunts you can apply for in the drawing are listed in the hunt tables that begin on page 34. You will need to use the hunt numbers associated with the hunts in order to apply for permits. Please keep in mind that hunt names, season dates and boundaries may change from year to year.

See maps and boundaries online

You’ll find detailed maps and boundary descriptions for all cougar hunts at wildlife.utah.gov/huntplaner.

Obtain permission to hunt private property

If you want to hunt on private property, the Division strongly encourages you to obtain written permission from the landowner. Ideally, you should have permission before you even apply for a permit.

If you obtain written permission in advance, you know you’ll be able to use the permit if you draw it.

The Division cannot guarantee access to private land, and the agency cannot provide the names of landowners who own property where hunts occur.

Why bonus points matter (new)
Utah Admin. Rule R657-62-8

Utah’s bonus point system has been put in place to increase your chance of drawing a cougar permit. Knowing more about the points system may be helpful during the application process.

Bonus points in the cougar drawing apply to limited-entry hunts only.

If you are eligible to obtain a cougar limited-entry permit for a split unit, you are eligible to apply for a cougar bonus point.

Bonus points are not transferable, and group applications for bonus points are not accepted.

New this year: If you need to surrender your cougar limited-entry permit—and your hunting season hasn’t started—you should consider surrendering the permit as soon as possible. If you surrender early enough, you’ll be able to keep your bonus points. For additional information, see Surrendering your permit on page 17.

How to obtain bonus points

• You receive a bonus point if you submit a valid application for the cougar drawing, but you do not draw a permit.
• If you don’t plan to hunt a cougar during the upcoming season, you may apply for a bonus point only. Simply select the appropriate hunt choice code (CGR) on the application and pay the $10 application fee. You must have a current Utah hunting or combination license in order to apply for a bonus point.
• You may apply for either a cougar limited-entry permit or a bonus point, but not both.

How your bonus points work in the drawing

Here’s a quick look at how your bonus points work in the drawing:

• Fifty percent of the permits for each limited-entry hunting unit are reserved for applicants who have the greatest number of bonus points.
• You receive a random drawing number for your current cougar application and a random drawing number for every cougar bonus point you have. Your lowest random number is then used in the drawing. (The lower your number, the better your chance at drawing a permit.)
• If you draw a cougar limited-entry permit—or obtain a remaining limited-entry permit—you lose any bonus points you’ve accumulated. You’ll start earning bonus points again the next time you’re eligible to apply for a cougar limited-entry permit and are unsuccessful in that year’s drawing.

You will not lose your bonus points if you obtain a conservation permit, harvest-objective permit, spot-and-stalk permit or cougar-control permit.

For detailed information on how your bonus points work in the drawing, visit wildlife.utah.gov/huntingpermits.

Are you eligible to apply?

Before you submit your application, be sure you are eligible to participate in the cougar drawing.

You may not apply if...

You may not apply for a cougar permit or obtain a bonus point if any of the following conditions apply:

• Your cougar hunting privilege has been suspended.
• You’re under a waiting period for cougar.
• You don’t have a hunting or combination license.

Waiting period
Utah Admin. Rule R657-62-23

The waiting period keeps successful applicants out of the drawing for a few years. This gives unsuccessful applicants a better chance at drawing a permit in the future.

The waiting period for the cougar limited-entry hunt is three seasons. If you last obtained a cougar limited-entry permit for the 2016–2017 season, your waiting period is over, and you’re now eligible to apply again.

Permits obtained after the drawing
Utah Admin. Rule R657-62-14

If you’re under a waiting period for cougar, you can still obtain any limited-entry cougar permit that remains after the drawing, but your waiting period will begin again.

For example, if you have one season left on your cougar waiting period, and you buy a cougar limited-entry permit that remains available after the drawing, you’ll begin a new three-season waiting period.

The new waiting period will prevent you from applying for a cougar limited-entry permit for the next three seasons.

You may obtain a harvest-objective permit, a spot-and-stalk permit or a cougar-control permit while under a waiting period for a cougar limited-entry permit. You will not begin a new waiting period if you purchase any of these types of permits.

Hunters with disabilities
Utah Admin. Rule R657-12

Utah provides special hunting accommodations for people with disabilities. These accommodations include the opportunity to hunt with a companion, hunt from a vehicle, and receive special season extensions.

To learn more about hunting accommodations for people with disabilities, please visit wildlife.utah.gov/disabled or call any Division office.
**APPLY FOR A PERMIT**

The process of applying for a cougar permit is fairly straightforward, if you’ve prepared ahead of time. You will avoid unnecessary stress if you apply for the drawing before the last day of the application period.

**Important dates**

If you are planning to apply for a 2020–2021 cougar permit, please be aware of the following dates and deadlines.

September 15: Apply online for a permit or bonus point

Beginning Sept. 15, 2020, both residents and nonresidents can apply for a cougar limited-entry permit for a split hunting unit at wildlife.utah.gov. You can also apply by calling any Division office.

To apply for a resident permit, you must be a resident by October 19, 2020. That is considered the purchase date of the permit and the date by which you must establish residency in the state of Utah. Only nonresidents may apply for nonresident permits. Please see the definition of residency on page 40 to learn whether you qualify as a resident.

You may not apply in the cougar drawing for more than one permit to harvest cougar during the 2020–2021 season. See page 18 for more information about Utah’s harvest-objective, spot-and-stalk and cougar-control permits.

When you submit your application, you’ll be charged a nonrefundable $10 application fee. If you purchase your hunting or combination license during the application process, you’ll also be charged a license fee. Permit fees will be charged after the drawing, if you are successful.

You can use American Express, Discover, MasterCard and VISA credit or debit cards as payment, and they must be valid through December 2020.

Please keep in mind that the Division is not responsible for any bank charges incurred for the use of credit or debit cards. To change the credit or debit card associated with your application, call 1-800-221-0659 or visit utah-hunt.com.

**October 6: Deadline for permit applications and bonus points**

Your application for a cougar limited-entry permit or a cougar bonus point must be submitted through wildlife.utah.gov no later than 11 p.m. MDT on Oct. 6, 2020. Please remember that you must have a hunting license or a combination license to apply for a bonus point.

**October 6: Deadline for withdrawing or resubmitting your application**

Utah Admin. Rule R657-62-11

If you decide not to hunt, you can withdraw your online permit application until 11 p.m. MDT on Oct. 6, 2020.

If you made a mistake in your online permit application, simply withdraw your original online application and submit a new, correct application before 11 p.m. MDT on Oct. 6, 2020.

In order to withdraw your application, visit the main application page and click the Withdraw Application button at the bottom of the page. For each new application you submit, you will be charged an application fee.

If you need help with your online application, please call any Division office before 5 p.m. MDT on Oct. 6, 2020. A Division employee will be available to assist you.

Please remember that the fees you submitted with your application are not refundable.

**October 19: Drawing results available**

Utah Admin. Rule R657-62-12

You’ll be notified of the drawing results by email on or before Oct. 19, 2020. You can also learn the drawing results by calling 1-800-221-0659 or by visiting wildlife.utah.gov.

If you draw a permit, you’ll receive your permit in the mail in early November.

**October 28: Remaining permits available**

Utah Admin. Rule R657-62-14

Any cougar limited-entry permits for split units that remain after the drawing may be obtained beginning at 8 a.m. MDT on Oct. 28, 2020 at wildlife.utah.gov and from license agents and Division offices.

Remaining permits are available on a first-come, first-served basis to both residents and nonresidents. If available, these permits will be listed online at wildlife.utah.gov/removing-permits.html. You must have a valid hunting license or a combination license to buy one of these permits.

If you purchase a remaining limited-entry permit, you will lose any bonus points you’ve accrued and begin a waiting period. Any cougar limited-entry permit purchased after the season opens is not valid until three days from the date of purchase.

A list of license agents is available at wildlife.utah.gov/licenseagents. Before you visit any of the agents, contact them to verify their hours of operation.

**Hunter Mentoring program**

The Utah Hunter Mentoring program allows any qualifying adult to share their hunting permits with resident youth. Permits that are now eligible for sharing under the Hunter Mentoring program include all big game permits as well as black bear, cougar, turkey, greater sage-grouse and sharp-tailed grouse permits. Only swan and sandhill crane permits may not be shared because they are subject to conflicting federal regulations.

To learn more about program eligibility and requirements and to download the application form, visit wildlife.utah.gov/mentoring.
AFTER YOU APPLY
Utah Admin. Rule R657-62-19
After the application period ends, the hunt drawing occurs. We appreciate your patience throughout the drawing process and in awaiting your results.

Updating your personal information
A lot of things can change while you're waiting to find out if you drew a cougar permit. If you need to update your name, your address or the credit card number associated with your application, please call 1-800-221-0659.

Obtaining your drawing results
You will receive an email that contains your drawing results on or before Oct. 19, 2020. You can also learn your drawing results by visiting wildlife.utah.gov or by calling 1-800-221-0659.

To protect applicants' privacy—and to comply with governmental records access laws—you'll receive access to only your own drawing results.

Obtaining permits
If you drew a cougar permit, you'll receive your permit in the mail in early November.

Please be aware that if you receive your permit, and then the credit card you used for payment is refused, your permit is not valid.

Permit refunds and exchanges

Obtaining a refund (new)
The Division rarely issues refunds for permits, licenses or certificates of registration, but there are some exceptions. To see if you're eligible for a refund, visit wildlife.utah.gov/refund.

New this year: If you are eligible for a refund, you must submit all required forms and accompanying paperwork within 90 days of the season ending in order to qualify for a full refund.

Exchanging a permit
You may not exchange your limited-entry permit for a different one. Utah's cougar limited-entry permits involve a variety of different seasons, weapon types, hunting methods and harvest quotas.

Please be certain about the hunts you are interested in before you apply. You can see a complete list of hunts in the tables that begin on page 34.

Surrendering your permit (new)

If you need to surrender your cougar limited-entry permit—and your hunting season hasn't started—you should consider surrendering the permit as soon as possible. If you surrender before the season starts, you’ll be able to keep your bonus points.

New this year: Starting in 2020, permit surrender rules have changed, and they could affect the bonus points you’ve accrued for cougar. If you draw a limited-entry permit for a split unit—and you need to surrender it—be sure to do so before the season opens on Nov. 4, 2020. If you do, you’ll get your accrued bonus points back, but you won’t earn a point for the current year. (For other species, there’s a 30-day surrender requirement if you want to get your previously acquired bonus points back, but there aren’t 30 days between when you receive your cougar permit and the split season opener.)

Important: If you have a limited-entry permit for a split unit, and you surrender it after your season begins, you will lose your accrued bonus points and will not earn a point for the current year. As long as you surrender your permit before the season opens, any applicable waiting periods will be waived.

To learn more about surrendering a permit, visit wildlife.utah.gov/refund.

Reallocated permits
Any limited-entry permit surrendered to the Division shall be reallocated through the drawing process. The Division will make a reasonable effort to contact the next person listed on the alternate drawing list.

Avoid harvesting collared cougars
The Division has placed GPS collars on cougars in various areas across the state. The Division is monitoring these animals in a handful of ongoing studies.

If possible, please avoid harvesting a collared cougar. It is an expensive and time-consuming process to capture and collar replacement animals.

If you do harvest a collared animal, please remove the collar without cutting it and contact your local Division office for information on how to return the collar.

Any person who accepts the offered reallocated permit must pay the applicable permit fee. That person will also lose any points they’ve accrued and incur a waiting period. The reallocation process will continue for all surrendered permits until the Division has reallocated the permits or the season closes.

Please see wildlife.utah.gov/rules for more information on permit surrender and reallocation.

Duplicate licenses

If your unexpired license or permit is destroyed, lost or stolen, you can obtain a duplicate from a Division office or a license agent for $10 or half of the price of the original license or permit, whichever is less.

To obtain a duplicate limited-entry permit, you must visit a Division office.

The Division may waive the fee for a duplicate unexpired license or permit, provided you did not receive the original document.

Keep in mind that you can also use the Utah Hunting and Fishing app to legally carry hunting or combination licenses on a phone or tablet for all the members of your family. To download the app, visit wildlife.utah.gov/mobileapp.
**OTHER AVAILABLE PERMITS**
Utah Admin. Rule R657-10, R657-42 and R657-62

If you did not draw a limited-entry permit for a split hunting unit in the cougar drawing, don’t lose hope. You can still purchase permits that will allow you to hunt and pursue cougars during the 2020–2021 season. This section explains which permits are available online and over the counter. You can also learn more about the new spot-and-stalk hunt and the option to harvest two cougars each season.

**Harvest-objective permit**
Utah Admin. Rule R657-10-27 and R657-10-28

The cougar harvest-objective permit allows you to take one cougar on any harvest-objective hunting unit until the season ends or the unit’s harvest objective (quota) has been met.

You can now purchase a maximum of two harvest-objective permits per hunting season. See the Options for harvesting two cougars section on page 20 for more information about this opportunity.

**New this year:** Some units that have been harvest-objective units in the past are now under active predator-management plans to protect vulnerable big game populations. Those units no longer have a quota for cougars and will remain open throughout the season. If you obtain a harvest-objective permit, you can also hunt in those areas.

To see which units are now under predator management plans, see the hunt table on page 34.

The harvest-objective permit is available to all eligible hunters.

**October 28: Purchase a harvest-objective permit**
Utah Admin. Rule R657-10-28

Both residents and nonresidents can purchase a cougar harvest-objective permit beginning Oct. 28, 2020. You can purchase this permit from license agents, Division offices and at wildlife.utah.gov.

Remember that a harvest-objective cougar permit purchased after the season opens is not valid until three days from the date of purchase.

(This three-day waiting period also applies to cougar-control permits but not to spot-and-stalk permits.)

**Ongoing: Harvest-objective unit closures**
Utah Admin. Rule R657-10-29

Before you begin a hunting trip to a harvest-objective unit, you must call 1-888-668-5466 or visit wildlife.utah.gov/cougarharvest to verify that the unit is still open. The phone line and website will be updated each day by noon. Updates become effective the following day, 30 minutes before official sunrise.

A harvest-objective unit is open to cougar hunting until one of the following events occurs:

1. The quota for that harvest-objective unit is met.
2. The hunting season ends. For season dates, see the hunt tables that begin on page 34.

After a harvest-objective unit closes, you may not use your harvest-objective permit to harvest a cougar in that unit. However, with a valid pursuit permit, you may pursue a cougar on that unit during the pursuit season. For pursuit season dates, please see page 37. For a complete list of pursuit units, see the table on page 37.

**Spot-and-stalk permit (new)**

In early 2020, the Utah Legislature passed a new law that authorized the Division’s director to provide additional cougar hunting opportunities during the fall big game hunting seasons and to take additional actions to support mule deer recovery. As a result, the director opened a new spot-and-stalk cougar hunt for the fall of 2020.

This new spot-and-stalk cougar hunt has the following rules and restrictions:

- This cougar permit is restricted to spot-and-stalk hunting methods only — you may not use a dog to pursue or harvest a cougar under this permit.
- A hunter may use any legal weapon to harvest a cougar with a spot-and-stalk permit.
- Spot-and-stalk cougar permits are available for $30 and may be purchased at wildlife.utah.gov, from a license agent or at any Division office.
- A hunter may purchase only one spot-and-stalk cougar permit and may harvest only one cougar with the permit.

**Poaching-reported reward permits**
Utah Admin. Rule R657-51

It pays to report cougar poachers in Utah.

If you provide information that leads to the successful prosecution of another person for the wanton destruction (poaching) of a cougar, you may receive a permit to hunt a cougar in the same area where the violation occurred.

To turn in a poacher, you can:
- Call 1-800-662-3337
- Send an email to the Division at turninapoacher@utah.gov
- Submit an online report at wildlife.utah.gov/utip

For more details about this program and how you can participate, please visit wildlife.utah.gov/earn-a-reward.html or see Utah Admin. Rule R657-51 at wildlife.utah.gov/rules.

**Cougar-control permit**

The cougar-control permit is a type of harvest-objective permit. With a cougar-control permit, you may take a cougar on harvest-objective units that have an unlimited quota. You may not use a cougar-control permit on a unit that is under an active predator-management plan.

**Cougar-control permits are only valid on these four unlimited quota units:**
- San Juan, Desert
- San Rafael
- Book Cliffs, Rattlesnake Canyon/Nine Mile, South
- Kaiparowits

Before you can purchase a cougar-control permit, you must first have one of the following permits:

- A hunter may acquire one additional cougar permit (e.g., harvest objective or limited entry), in addition to a spot-and-stalk cougar permit.
- The spot-and-stalk cougar permit is valid on any unit listed in the hunt tables of this guidebook.
- The three-day waiting period to begin hunting is waived for this spot-and-stalk cougar permit.
- Cougars harvested during this spot-and-stalk season, using a spot-and-stalk permit, will not count toward unit quotas.
- A hunter must report and check in any cougar harvested with a spot-and-stalk permit to a Division office within 72 hours of harvest.
- Hunters must follow all other laws governing license and permit eligibility and cougar harvest.

If you have questions about obtaining or using this permit, please contact one of the Division offices listed on page 2. To learn more about your option to harvest two cougars this season, see the Options for harvesting two cougars section on the next page.
• A harvest-objective permit
• A limited-entry permit for a split unit that has already transitioned to harvest-objective status (see all split unit season dates on page 34)
You may possess up to two cougars lawfully harvested under both permits.
You can purchase a cougar-control permit beginning Oct. 28, 2020. Permits are available from license agents and Division offices and at wildlife.utah.gov.
Please keep in mind that if you purchase a cougar-control permit after the season opens, the permit is not valid until three days from the date of purchase.

Options for harvesting two cougars (new)
Starting this year, you may legally harvest a maximum of two cougars by obtaining and using one of the permit combinations listed below:
• Limited-entry permit for a split unit and a harvest-objective permit
• Limited-entry permit for a split unit and a cougar-control permit
• Limited-entry permit for a split unit and a spot-and-stalk permit
• Two harvest-objective permits
• Harvest-objective permit and a cougar-control permit
• Harvest-objective permit and a spot-and-stalk permit.
Each of the above permit types may also be used with a conservation permit or sportsman permit to harvest a maximum of two cougars.
Important: You may not use a cougar-control permit with a spot-and-stalk permit to harvest two cougars.
You must follow the rules and regulations that apply to each permit type when you use it.
If you have additional questions about which permit types you can use—or the field regulations that apply to those permits—please contact one of the Division offices listed on page 2.

Pursuit permit
Utah Admin. Rule R657-10-25
A cougar pursuit permit allows you to pursue a cougar; it does not allow you to kill a cougar.
You can obtain a cougar pursuit permit at wildlife.utah.gov, from a Division office or participating license agent, or by calling 1-800-221-0659. The phone line is staffed 24 hours per day, seven days per week, and you will be charged a $2 transaction fee for each item you purchase over the phone.
If you already possess a cougar limited-entry permit, harvest-objective permit or control permit, you may pursue cougar on the unit for which the permit is valid. If you want to pursue cougar on a different unit—or after you harvest a cougar—you will need to purchase a cougar pursuit permit.

Guides and outfitters
If you are a guide or outfitter—and you charge a customer more than $100 for a cougar hunting or pursuit trip—you do not have to purchase a separate cougar pursuit permit to guide that customer in the field.

Conservation and sportsman permits
Utah Admin. Rule R657-41
Conservation permits for taking cougar are often available through official tax-exempt conservation organizations. These groups sell the permits at auction or use them in wildlife-related fundraising activities.
Sportsman permits are available through the sportsman permit drawing. The application period for this drawing runs from Oct. 21—Nov. 10, 2020. For more information about participating in this drawing, visit wildlife.utah.gov/sportsman.
A complete copy of the conservation and sportsman permit regulations (Utah Admin. Rule R657-41) is available at Division offices or at wildlife.utah.gov/rules.

FIELD REGULATIONS
Several rules govern cougar hunting in Utah. These rules exist to help keep you safe and to ensure an ethical hunt. Please be familiar with the requirements for carrying and using firearms and archery tackle. You should also know the different types of hunting methods you may use and what you’re required to do with any cougar you take.

Firearms and hunting equipment
Several rules apply to the firearms, crossbows, airguns and archery tackle you can use to hunt a cougar in Utah.

Firearms
Utah Code § 23-20-3 and Utah Admin. Rule R657-10-6
You may only use a firearm that meets the following requirements:
• A minimum draw weight of 125 pounds
• A positive mechanical safety mechanism
Your arrows or bolts must be at least 16 inches long. They must also have either a fixed broadhead that is at least 7/8-inch wide at the widest point or an expandable, mechanical broadhead that is at least 7/8-inch wide at the widest point when the broadhead is in the open position.
Please remember that if you carry arrows or bolts in or on a vehicle, they must be in an arrow quiver or a closed case.

A cougar hunt does not constitute a centerfire rifle hunt—for the purposes of hunter orange requirements—on any overlapping big game hunt in the area.

Airguns
Utah Code § 23-20-3 and Utah Admin. Rule R657-10-6
You may use an airgun to hunt a cougar, but that airgun must:
• Be pneumatically powered
• Be pressurized solely through a separate charging device
• Only fire a bolt or arrow
Your arrows or bolts must be at least 16 inches long and travel at least 400 feet per second at the muzzle. They must also have either a fixed broadhead that is at least 7/8-inch wide at the widest point or an expandable, mechanical broadhead that is at least 7/8-inch wide at the widest point when the broadhead is in the open position.

Please remember that if you carry arrows or bolts in or on a vehicle, they must be in an arrow quiver or a closed case.

Are you allowed to possess a weapon?
Utah Code §§ 76-10-503 and 76-10-512
It is illegal under Utah Code §§ 76-10-503 and 76-10-512 to possess or use a firearm, muzzleloader or any other dangerous weapon if you have been charged or convicted of certain offenses.
The purchase or possession of any hunting license, permit, tag or certificate of registration from the Division does not authorize the holder to legally possess or use a firearm, muzzleloader or any other dangerous weapon while hunting if they are otherwise restricted from possessing these weapons under Utah Code.
To determine whether you are allowed to possess a weapon, please review the Utah Code sections listed above or contact the law enforcement agency that oversees your case.
Archery equipment
Utah Code § 23-20-3 and Utah Admin. Rule R657-10-6

To hunt a cougar with archery tackle, your equipment must meet all of the following requirements:

• Your bow must have a minimum pull of 30 pounds at the draw or the peak, whichever comes first.
• Your arrowheads must have two or more sharp-cutting edges that cannot pass through a 7/8 inch ring. If you’re using expanding arrowheads, the arrowheads must have two or more sharp-cutting edges that cannot pass through a 7/8 inch ring when expanded.
• Your arrows must be at least 20 inches long, from the tip of the arrowhead to the tip of the nock.

Please remember that if you carry arrows in or on a vehicle, the arrows must be in an arrow quiver or a closed case.

Also keep in mind that if you are hunting with archery equipment, you may use a drawing lock.

Traps and trapping devices
Utah Admin. Rule R657-10-7

You may not take cougar with a trap, snare or any other trapping device, except as authorized by the Division. Any cougar accidentally caught in any trapping device must be released unharmed, and must not be pursued or taken.

You must obtain written permission from a Division representative before you remove the carcass of a cougar from any trapping device. The carcass remains the property of the state of Utah and must be surrendered to the Division.

Loaded firearms in a vehicle
Utah Code §§ 76-10-502, 76-10-504, 76-10-505 and 76-10-505

You may not carry a loaded firearm in or on a vehicle unless you meet all of the following conditions:

• You own the vehicle or have permission from the vehicle’s owner.
• The firearm is a handgun.
• You are 18 years of age or older.

A pistol, revolver, rifle or shotgun is considered to be loaded when there is an unexpended cartridge, shell or projectile in the firing position.

Pistols and revolvers are also considered to be loaded when an unexpended cartridge, shell or projectile is in a position whereby the manual operation of any mechanism once would cause the unexpended cartridge, shell or projectile to be fired.

A muzzleloading firearm is considered loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinders.

The firearm restrictions in this section do not apply to concealed firearm permit holders, provided the person is not utilizing the concealed firearm to hunt or take wildlife.

Carrying a dangerous weapon while under the influence of alcohol or drugs
Utah Code § 76-10-528

You may not carry a dangerous weapon or hunt cougar while under the influence of alcohol or drugs. Please see wildlife.utah.gov/rules for more information.

Areas with special restrictions

Although many areas are open to hunters, some areas have hunting, weapons and access restrictions.

Areas where you cannot discharge a firearm
Utah Code § 76-10-508

You may not discharge a dangerous weapon or firearm under any of the following circumstances:

• From a vehicle
• From, upon or across any highway
• At power lines or signs
• At railroad equipment or facilities, including any sign or signal
• Within Utah state park camp or picnic sites, overlooks, golf courses, boat ramps or developed beaches
• Without written permission from the owner or property manager, within 600 feet of:
  • A house, dwelling or any other building
  • Any structure in which a domestic animal is kept or fed, including a barn, poultry yard, corral, feeding pen or stockyard

State parks (new)
Utah Code § 76-10-508 and Utah Admin. Rule R651-614-4

New this year: Hunting of wildlife is allowed within the boundaries of all state park areas, except those areas and hunts specifically closed by the Utah Division of State Parks and Recreation in Utah Admin. Rule R651-614. For more information, visit stateparks.utah.gov/resources/hunting-at-state-park.

State laws regarding the possession and discharge of dangerous weapons apply in state park areas open to hunting. For information about discharging a dangerous weapon or firearm in a state park, see the Areas where you cannot discharge a firearm section above or review Utah Code § 76-10-50.

Hunting hours and methods

Hunting hours
Utah Admin. Rule R657-10-5

You are permitted to pursue or take cougar anytime between 30 minutes before official sunrise until 30 minutes after official sunset.

Prohibited methods

Cougar may be taken or pursued only during open seasons and open hours, using only the methods listed in this guidebook. Otherwise it is unlawful for any person to:

• Possess, capture, kill, injure, drug, rope, trap, snare or in any way harm or transport a cougar
• Restrict or hinder a cougar’s ability to escape after it has been pursued, chased, treed, cornered or held at bay
• Engage in a canned hunt
• Take cougar from an airplane or any other airborne vehicle or device (including drones), or from any motorized terrestrial, aquatic or recreational vehicle
• Use electronic locating equipment to locate cougars wearing electronic radio devices

Spotlighting
Utah Admin. Rule R657-10-10 and Utah Code §§ 23-20-3, 76-10-504 and 76-10-523

You may not use spotlighting to take cougar.

You may not use a spotlight, headlight or other artificial light to locate any protected wildlife while having in your possession a firearm or other weapon or device that could be used to take or injure protected wildlife.

The use of a spotlight or other artificial light in any area where protected wildlife are generally found is considered probable cause of attempting to locate protected wildlife.
The provisions of this section do not apply to the use of the headlights of a motor vehicle or other artificial light in a usual manner where there is no attempt or intent to locate protected wildlife.

The firearm restrictions in this section do not apply to concealed firearm permit holders, provided the person is not utilizing the concealed firearm to hunt or take wildlife.

**Party hunting**

Utah Admin. Rule R657-10-11

A person may not harvest a cougar for another person.

The only exception to this rule is if a mentor shares a permit and tag with a minor as part of the Hunter Mentoring program. For details on this program, please see the box on page 14.

**Use of dogs**

Utah Admin. Rule R657-10-12

You may use dogs to take or pursue cougar only during the open seasons and hours listed in this guidebook.

If you are the owner or handler of the dogs, you must have a valid cougar hunting permit or cougar pursuit permit in your possession while you are taking or pursuing cougar.

When dogs are used to pursue a cougar, the licensed hunter who intends to take the cougar must be present when the dogs are released. Then, the licensed hunter must continuously participate in the hunt until it ends.

When dogs are used to take a cougar—and there is not an open pursuit season—the owner or handler of the dogs must either:

- Have a valid pursuit permit and be accompanied by a licensed hunter; or
- Have a valid permit to harvest cougar

**Harvest and pursuit restrictions (new)**

Utah Admin. Rule R657-10-23 and R657-10-25

**New this year:** With valid permits to harvest cougar, you may take a maximum of two cougars during the 2020–2021 season. See page 20 for more information about which permit combinations you can use to harvest two cougars.

Any cougar you harvest must be from the unit specified on your permit.

If you have a valid cougar pursuit permit, you may only pursue a cougar. The cougar pursuit permit does not allow you to kill a cougar.

Whether you are harvesting or pursuing cougar, you may not:

- Pursue or take a female cougar with a kitten.
- Pursue or take kittens. See page 39 for the definition of a kitten.
- Repeatedly pursue, chase, tree, corner or hold at bay, the same cougar during the same day after the cougar has been released.

With a valid cougar limited-entry permit for a split unit, you may hunt on all open harvest-objective units beginning on the split-unit transition date. The split-unit transition date for the 2020–2021 season is Feb. 27, 2021 for most units (see page 34 for exceptions). If you possess a valid cougar limited-entry permit for a split unit—and you choose to hunt on any harvest-objective unit (including the unit for which the limited-entry permit was valid)—after the transition date—you are subject to all unit closure and reporting requirements.

A cougar spot-and-stalk permit is valid on any hunting unit listed in this guidebook, and for these permits only, the three-day waiting period to begin hunting is waived. You may use any legal weapon with a spot-and-stalk permit, but you may not use dogs to pursue or harvest a cougar. Any cougar you harvest with a spot-and-stalk permit must be checked in at a Division office within 72 hours of harvest. For additional details about obtaining and using one of these permits, see page 18.

If you are a Utah-licensed guide or outfitter, you may not need to purchase a separate cougar pursuit permit. For details, see page 20.

**Possession and transportation**

Once you’ve harvested a cougar, there are several rules governing its possession and transportation.

**Tagging requirements**

Before you move the cougar’s carcass or leave the site of the kill, you must tag the carcass with a temporary possession tag. The tag is only valid for 48 hours from the time of kill and must remain attached to the pelt or unskinned carcass until the permanent possession tag is attached.

To tag a carcass with a temporary possession tag, you should perform the following steps:

- Completely detach the tag from the permit.
- Completely remove the notches that correspond with the date the animal was taken and the sex of the animal.
- Attach the tag to the carcass so that the tag remains securely fastened and visible.

You may not remove more than one notch indicating date or sex, and you may not tag more than one carcass using the same tag.

You may not hunt or pursue a cougar after any of the notches have been removed from the tag or after the tag has been detached from the permit.

**Evidence of sex and age**

Utah Admin. Rule R657-10-14

Evidence of the cougar’s sex must remain attached to the cougar’s carcass or pelt until a Division employee attaches a permanent tag.

**Make it easy, make an appointment**

Please call the nearest Division regional office for an appointment to tag your cougar. This will ensure that a wildlife biologist or conservation officer is available to assist you.

**Reminder:** You will be required to provide your exact harvest location when you get your cougar tagged. Please be ready to share that location—preferably the GPS coordinates—with the Division employee who helps you.

The pelt and skull must be presented to the Division in an unfrozen condition. This allows Division biologists to gather management data.

A Division employee will remove one of the cougar’s teeth at the time of permanent tagging. This tooth helps biologists determine the cougar’s age. If possible, please use a stick or other object to prop open the cougar’s mouth so the tooth may be easily removed.

The Division also requires the cougar’s exact harvest location.

The Division may seize any pelt not accompanied by its skull.

**Permanent tag**

Utah Admin. Rule R657-10-15

The permit holder must take the harvested cougar to a conservation officer, biologist or Division office within 48 hours of the time of kill. (That requirement increases to 72 hours for a cougar harvested with a spot-and-stalk permit.)

A Division employee will affix a permanent possession tag to the pelt or unskinned carcass. The employee will also ask you for the GPS coordinates of the harvest location.

If you need to reach a conservation officer after regular business hours, over the weekend, or on a holiday, contact your local police dispatch office.
You may not possess an unskinned carcass or a green pelt after the 48-hour check-in period without a permanent tag. In addition, you cannot ship a green pelt out of Utah or present it to a taxidermist if the pelt does not have a permanent possession tag attached.

**Transporting cougar**
Utah Admin. Rule R657-10-16

If you are a permit holder who has legally harvested a cougar, you may transport the carcass under the following conditions:
- The cougar is properly tagged.
- You have physical possession of the appropriate permit.

**Exporting a cougar from Utah**
Utah Admin. Rule R657-10-17

You may export a legally taken cougar or its parts if you have a valid permit, and the cougar is properly tagged with a permanent possession tag.

You may not ship a cougar pelt from Utah without first obtaining a shipping permit issued by a Division office.

**Harvest reporting**
Utah Admin. Rule R657-10-30

If you take a cougar, you must contact the Division within 48 hours. You will need to report exactly where the cougar was taken (GPS coordinates preferred) and meet with a Division employee to have a permanent tag affixed to the carcass. For more information on the tagging process, see page 25.

It is illegal to inaccurately report—or neglect to report—the correct hunting unit where the cougar was killed. If you are convicted for failure to accurately report, your hunting privileges could be suspended.

**Administrative checkpoints**
Utah Code §§ 23-20-25 and 77-23-104

To help the Division fulfill its responsibility as trustee and custodian of Utah's wildlife, Division conservation officers and biologists monitor the taking and possession of cougars and the required permits, firearms and equipment used for hunting. You should expect to encounter conservation officers and biologists checking hunters in the field and at checkpoints.

**Purchasing or selling**
Utah Code § 23-20-3 and Utah Admin. Rule R657-10-19

You may purchase or sell legally obtained, tanned cougar hides.

You may not purchase, sell, offer for sale or barter a tooth, claw, paw or skull of any cougar.

**Waste of wildlife**
Utah Code § 23-20-8 and Utah Admin. Rule R657-10-20

You may not waste—or permit to be wasted—any protected wildlife or its parts.

**Note:** The skinned carcass of a cougar may be left in the field and does not constitute a waste of wildlife.

**Aiding or assisting**
Utah Code § 23-20-23

You may not aid or assist another person to violate any provisions of the Wildlife Resources code, rule, proclamation or guidebook.

The penalty for aiding or assisting is the same as that imposed for the primary violation.

**Livestock depredation**
Utah Admin. Rule R657-10-27

If a cougar is harassing, chasing, disturbing, harming, attacking or killing livestock, or has committed such an act within the past 96 hours, livestock owners have the following options:

- **In depredation cases,** the livestock owner, an immediate family member or an employee of the owner on a regular payroll (not someone hired specifically to take cougar), may kill the cougar. **Note:** The pelt of the depredating cougar shall remain the property of the state, unless the Division issues a cougar damage permit to the person who killed it. A person may acquire only one cougar annually with a cougar depredation permit.
- **A landowner or livestock owner may notify** the Division of the depredation or any human health and safety concerns. The Division can then authorize a local...
hunter to take the offending cougar or notify a USDA-Wildlife Services specialist.
• The livestock owner may notify a USDA-Wildlife Services specialist of the
depredation, and the specialist may then
take the depredating cougar.
A depredating cougar may be taken at any
time by a USDA-Wildlife Services special-

ist. This individual must be supervised by
the USDA-Wildlife Services program and be
performing their assigned duties in accordance
with procedures approved by the Division.

A depredating cougar may be taken with
any weapon authorized for taking cougar. It
may also be taken with snares, if the Division
director provides written authorization. The
use of snares will be authorized only when nu-
merous livestock have been killed by a depre-
dating cougar, and the kills have been verified
by Wildlife Services or Division personnel.
The cougar carcass must then be delivered
to a Division office or employee within 72
hours.

In some cases, permits may be issued to a
landowner experiencing chronic depredation
problems. Please contact your regional office
for more information.

Extended and preseason
hunts
Utah Admin. Rule R657-10-24

The Division may authorize an extended
or preseason hunt on selected units to control
depredation or nuisance problems.

Trespassing
Utah Code §§ 23-20-14 and 23-20-3.5

While taking wildlife or engaging in
wildlife-related activities, you may not—
without permission—enter or remain on
privately owned land that is:
• Cultivated
• Properly posted
• Fenced or enclosed in a manner designed
to exclude intruders
• The appropriate dates

In addition, you may not:
• Enter or remain on private land when
directed not to do so by the owner or a
person acting for the owner.
• Obstruct any entrance or exit to private
property.

“Cultivated land” is land that is readily
identifiable as land whose soil is loosened or
broken up for the raising of crops, land used
for the raising of crops, or a pasture that is
artificially irrigated.

Discounted licenses for
disabled veterans

To thank our servicemen and service-
women, the Division offers discounted
hunting and combination licenses to Utah
veterans who were disabled in the line of
duty.

The discounted hunting license is $25.50,
instead of the $34 full price. Likewise, the
discounted combination license is $28.50,
instead of the $38 full price. Either license
is good for 365 days from the day you buy it.
Discounted licenses are available from all
Division offices listed on page 2.

To purchase a discounted hunting or
combination license, you must be a Utah
resident and have a qualifying service-
connected disability of at least 20 percent.

When you visit a Division office to purchase
your license, simply bring the verification
of service-connected disability documenta-
tion that the Department of Veterans Affairs
issued to you.

For more information, please visit
wildlife.utah.gov/disabled or call the nearest
Division office.

“Permission” means written authorization
from the owner or person in charge to enter
upon private land that is cultivated or properly
posted. Permission must include all of the
following details:
• The signature of the owner or person in
charge
• The name of the person being given
permission
• The appropriate dates
• A general description of the land

“Properly posted” means that signs
prohibiting trespass— or bright yellow, bright
orange or fluorescent paint—are clearly
displayed at all corners, on fishing streams
crossing property lines, and on roads, gates
and rights-of-way entering the land. Or, they
are displayed in a manner that is visible to a
person in the area.

You may not post private property you
do not own or legally control or land that is
open to the public as provided by Utah Code
§ 23-21-4. In addition, it is unlawful to take
protected wildlife or its parts while trespassing

You are guilty of a class B misdemeanor
if you violate any provision described in this
section. Your license, tag or permit privileges
may also be suspended.

Division-owned
management areas
Utah Admin. Rule R657-10-31

Most Division-owned wildlife manage-
ment areas (WMAs) are closed during the
winter months to protect big game animals.
Contact the nearest Division office to see if any
WMAs are open near you.

You may not use motor vehicles on WMAs
closed to motor vehicle use without first
obtaining written authorization from the ap-
propriate Division regional office.

The Division may, at its sole discretion,
authorize limited motor vehicle access to its
WMAs under the following circumstances:
• The person seeking access possesses a
valid cougar permit for the unit.
• Motor vehicle access is necessary to ef-
ectively utilize the cougar permit.
• Motor vehicle access will not interfere
with wildlife or wildlife habitat.
COUGAR IDENTIFICATION TIPS
Get a good look before you harvest the animal you’ve been pursuing.

You’ve already done the hard part. For hours, you pursued the cougar across all kinds of terrain. Now, it’s treed, and you need to decide if this is the animal you want.

Before you pull the trigger, grab your binoculars, take a close look at the cougar and consider the following questions:

- Is the cougar legal? The cougar is not legal if it has spots, is accompanied by young or is accompanied by an adult.
- Is the cougar an adult? You will be able to tell by looking at its head, overall size and teeth.
- Is the cougar male or female? Key identifiers include body and head size and a noticeable genital spot on male cougars. This is important because the Division encourages hunters not to harvest female cougars.

The following descriptions and photos should help you better identify cougars in the field.

**Body and head size**
Older cougars are broader, more muscular (especially in the front shoulders and chest) and generally larger than other cougars. Dogs often prove helpful in comparing size:

- Juvenile cougars are about the same size as a dog.
- Young males and adult females are about one-and-a-half to two times larger than dogs.
- Adult male cougars are two to three times larger than dogs.

When assessing head sizes, keep in mind that a mature male’s head is larger and rounder than the heads of younger males and females.

**Avoid illegal pursuit of female cougars with kittens**
It is illegal to pursue a kitten or a female cougar accompanied by a kitten. You can avoid doing this by looking carefully for tracks.

Adult female cougar tracks average about 3.5 inches wide. Tracks in that size range, accompanied by similar, smaller tracks, could indicate a female with kittens. If you come across tracks like these, do not pursue the animals.

**Condition of teeth**
Older cougars’ teeth are thicker and often more worn and yellow than the teeth of younger cougars.

**Location of genital spot**
When treed, a male’s genital spot is often visible. This is because it’s located four or five inches away from the anus. In contrast, a female’s genital spot is only about an inch below the anus and is less noticeable.

As a cougar hunter, you must take reasonable precautions to avoid harming kittens and their mothers.

**Take the voluntary cougar-hunting course**
For cougar identification tips, complete the voluntary orientation course at wildlife.utah.gov/cougar.
This map is for general reference only. Before you hunt any of these units—particularly the harvest-objective units—call 1-888-668-5466 or visit wildlife.utah.gov/cougarharvest to make sure they are still open. The Division does not guarantee access to any private or public land. Hunt unit boundaries may include private property, Native American Trust Lands or other excluded areas. Hunters must research land accessibility before applying for or obtaining a permit.
### HUNT TABLES

The Division does not guarantee access to any private or public land. Hunt unit boundaries may include private property or other excluded areas. Hunters must research land accessibility before applying for or obtaining a permit.

DEFINITIONS

Canned hunt means that a cougar is treed, cornered, held at bay or its ability to escape is otherwise restricted for the purpose of allowing a person who was not a member of the initial hunting party to arrive and take the cougar.

Carcass means the dead body of an animal or its parts.

Cougar means Puma concolor, commonly known as mountain lion, lion, puma, panther or catamount.

Cougar-control permit means a harvest-objective permit that authorizes a person to take a cougar on harvest-objective units that have an unlimited quota. (Those four units are listed at the bottom of page 36.)

Cougar pursuit permit means a permit that authorizes a person to pursue cougar during designated seasons.

Domicile means the place:
- where an individual has a fixed permanent home and principal establishment;
- to which the individual if absent, intends to return; and
- in which the individual and the individual’s family voluntarily reside, not for a special or temporary purpose, but with the intention of making a permanent home.

To create a new domicile an individual must:
- abandon the old domicile; and
- be able to prove that a new domicile has been established.

Drone means an autonomously controlled, aerial vehicle of any size or configuration that is capable of controlled flight without a human pilot aboard.

Evidence of sex means the sex organs of a cougar, including a penis, scrotum or vulva.

Green pelt means the untanned hide or skin of any cougar.

Harvest-objective hunt means any hunt that is identified as harvest-objective in the hunt table of this guidebook.

Harvest-objective permit means any permit valid on harvest-objective units, including limited-entry permits for split units after the split-unit transition date.

Hunting means to take or pursue a reptile, amphibian, bird or mammal by any means.

Kitten means a cougar that has obvious spots on its sides or its back or has obvious leg barring coloration.

Limited-entry hunt means any hunt that is identified as limited-entry in the hunt table of this guidebook, not including harvest-objective hunts on split units.

Limited-entry permit means any permit obtained for a limited-entry hunt by any means, including conservation permits and sportsman permits.

Livestock means cattle, sheep, goats or turkeys.

Nonresident means a person who does not qualify as a resident.

Permit means a document, including a stamp, which grants authority to engage in specified activities under the Wildlife Resources Code or a rule or proclamation of the Wildlife Board.
**Pursue** means to chase, tree, corner or hold a cougar at bay.

**Resident** means a person who has a domicile (fixed permanent home and principal establishment) in Utah for six consecutive months immediately preceding the purchase of a license or permit, AND DOES NOT claim residency for hunting, fishing or trapping in any other state or country.

An individual retains Utah residency if he or she leaves Utah to serve in the armed forces of the United States, or for religious or educational purposes, and does NOT claim residency for hunting, fishing or trapping in any other state or country.

Members of the armed forces of the United States and dependents are residents as of the date the member reports for duty under assigned orders in Utah, if:

- the member is NOT on temporary duty in Utah and does NOT claim residency for hunting, fishing or trapping in any other state or country.
- the member presents a copy of his or her assignment orders to a Division office to verify the member’s qualification as a resident.

A nonresident attending an institution of higher learning in Utah as a full-time student may qualify as a resident if the student has been present in Utah for 60 consecutive days immediately preceding the purchase of the license or permit and does NOT claim residency for hunting, fishing or trapping in any other state or country.

A Utah resident license or permit is invalid if a resident license for hunting, fishing or trapping is purchased in any other state or country.

An individual DOES NOT qualify as a resident if he or she is an absentee landowner paying property tax on land in Utah.

**Split unit** means a cougar hunting unit that begins as a limited-entry unit then transitions into a harvest-objective unit.

**Tag** means a card, label or other identification device issued for attachment to the carcass of protected wildlife.

**Take** means to hunt, pursue, harass, catch, capture, angle, seine, trap or kill any protected wildlife or to attempt any of these actions.

**Trapping** means taking protected wildlife with a trapping device.

**Unlimited quota unit** means a harvest-objective unit that does not have a limit on the number of cougars that may be harvested during the open season. (Those four units are listed at the bottom of page 36.)

**Use** means participating in the activity.

**Waiting period** means a specified period of time that a person who has obtained a cougar permit must wait before applying for any other cougar permit.
