What's New?

COVID-19 and the 2020 big game hunts:
Stay informed about COVID-19 pandemic-related changes that might affect your hunt. See the box on page 16 and visit wildlife.utah.gov/covid.

Change to permit surrender processes:
Starting this year, if you want to surrender your big game permit, you are strongly encouraged to do so at least 30 days before the season opens. The surrender process has changed and could result in the loss of previously accrued bonus or preference points. For details, see the article on page 38 or visit wildlife.utah.gov/refund.

Fee increases for nonresident hunters:
License, permit and application fees for hunters who are not Utah residents will increase starting July 1, 2020. Some of those increased fees are listed in the tables on page 9. To see all of Utah’s license and permit fees, visit wildlife.utah.gov/licenses/fees.html.

New bison hunting opportunity:
In April 2020, the Utah Wildlife Board approved a new bison hunting opportunity for the Nine Mile, Range Creek unit. For details, see page 29.

New extended archery areas:
This year, there are three new extended archery deer areas and one new extended archery elk area. For details, see page 19 or visit wildlife.utah.gov/extendedarchery.

Research antlerless hunts online:
In late May 2020, visit wildlife.utah.gov/guidebooks to find all of the information you’ll need to research Utah’s antlerless hunts, including new ewe bighorn sheep hunts. This information includes application dates, rules, hunt tables, boundaries and maps. The antlerless application period runs from May 28–June 18, 2020.

On the cover:
Christopher Kent Green with his first deer, taken in the La Sal Mountains in 2019.
Buy general-season permits: All general-season bull elk permits—including the multi-season general bull elk permits—will be available beginning July 16, 2020. If any general-season buck deer permits remain after the drawing, they will be available on July 21. For details, see page 14.

Forfeit preference points for purchase of remaining general buck deer permit: If you purchase a general-season buck deer permit that's available after the big game drawing in 2020, you will lose any preference points you've accrued for general-season buck deer. To learn more about purchasing these permits, see page 14.

CWD regulations and surveillance: In December 2019, the Utah Wildlife Board passed new rules to help protect Utah's deer herds from Chronic Wasting Disease (CWD). Those rules have changed what big game animals (or parts) you may bring into the state (see page 51). To learn more about the Division's efforts to combat CWD, see page 18 or visit wildlife.utah.gov/cwd.

Longer waiting period for limited-entry buck deer: Starting this year, if you draw a limited-entry buck deer permit, your waiting period will be five years, instead of two years. This increase will make the waiting period for limited-entry deer consistent with that of limited-entry elk. If you're already in the middle of a two-year waiting period for limited-entry buck deer in 2020, your waiting period will be grandfathered in and will not increase to five years.

Handgun-archery-muzzleloader-shotgun-only hunts (HAMS hunts): There are three new limited-entry buck deer hunts that occur from Nov. 6–27 and that allow the hunter to use only weapons without scopes (specifically, a handgun, archery equipment, muzzleloader and/or shotgun). For details and weapon specifications, see page 21.

Hunting in Utah State Parks: Hunting of wildlife is allowed within the boundaries of all Utah State Park areas, except those areas and hunts specifically closed by the Utah Division of State Parks and Recreation in Utah Admin. Rule R651-614. For details, see page 47 or visit stateparks.utah.gov/resources/hunting-at-state-parks.

Discounted licenses for disabled veterans: To thank our servicemen and servicewomen, the Division offers discounted hunting and combination licenses to Utah veterans who were disabled in the line of duty. For details, see page 9.

Find updated maps and boundaries: Use the Utah Hunt Planner to find unit maps, boundaries and information for your hunts this year. Some hunt unit boundaries and names have changed, including boundaries for bighorn sheep, bison, deer and elk units. The information in the Hunt Planner will be updated in June for the 2020 big game season. To learn more, visit wildlife.utah.gov/huntplanner or see the article on page 36.

New refund requirements: Starting in 2020, if you are eligible for a refund, you must submit all required forms and accompanying paperwork within 90 days of the season ending in order to qualify for a full refund. For details and the refund request form, visit wildlife.utah.gov/refund.

Season date changes: Season dates change every year, so please check them carefully before you head out on your hunt. You can find season dates listed on your permit or at wildlife.utah.gov/huntplanner.

And keep in mind

Download the app: To store your licenses on a phone or tablet, download the free Utah Hunting and Fishing app at wildlife.utah.gov/mobileapp.

Trial hunting program: People who haven't hunted big game may be able to try it for the first time without taking Hunter Education. See page 10 for more information.

Hunter Mentoring program: The Hunter Mentoring program allows a young person to share a mentor's permit. To learn more, see the information box on page 37 or visit wildlife.utah.gov/mentoring.

Hunting in Salt Lake County: Before you hunt deer or elk in Salt Lake County, learn about special restrictions. See page 47 for more information.

Mandatory reporting: Many big game hunters must report hunting information within 30 calendar days after the end of the hunting season (even if they did not harvest an animal). See page 20 for more information or visit wildlife.utah.gov/harvestreporting.

Check for closures: There may be late-season road closures on federal and state lands. Before heading into the field, please check with the managing agency for the area you plan to hunt.

Flexibility in using antlerless elk permits: If you obtain two antlerless elk permits for the same area, but the permits are for different seasons, you may harvest both elk during the same season. See page 33 for more information.

National parks closed to hunting: All of Utah’s national parks and monuments—except the Grand Staircase–Escalante and Bears Ears national monuments—are closed to hunting.

Review application guidebook: If you have questions about the 2020 big game application period, hunt drawing or limited-entry season dates, please see the 2020 Utah Big Game Application Guidebook at wildlife.utah.gov/guidebooks. That guidebook was printed in December 2019 and is a companion to this book.

Guidebook corrections: If errors are found in this guidebook after it is printed, the Division will correct them in the online copy. Visit wildlife.utah.gov/guidebooks to view digital versions of all the Division's guidebooks.

Protection from discrimination: The Division receives federal financial assistance from the U.S. Fish and Wildlife Service. Under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of race, color, national origin, age, disability or sex. If you believe that you have been discriminated against in any program, activity or facility, or if you desire further information, please visit www.doi.gov/pmb/eeo/public-civil-rights.cfm.

Private lands: The Division cannot guarantee access to any private land. Under certain circumstances, you must obtain written permission from the landowner or the landowner's authorized representative before hunting on private lands. For more information, please see Trespassing on page 48.

Division funding: The Division is mostly funded by the sale of hunting and fishing licenses and through federal aid made possible by an excise tax on the sale of firearms and other hunting- and fishing-related equipment.

### CWMU season dates

The Utah Wildlife Board has established timeframes for hunting on Cooperative Wildlife Management Units (CWMUs). Hunters should expect to hunt at least five days for bucks/bulls and three days for antlerless big game within these timeframes.

To see the timeframes and learn more about the CWMU program, see the article on page 40 or visit wildlife.utah.gov/cwmu.

### Extended archery season dates

**Utah Admin. Rule R657-5-23**

You do not need to apply for an additional permit to hunt during the extended archery seasons. As long as you obtain an archery deer or elk permit in 2020—and you complete the required extended archery ethics course—you may also hunt any of Utah’s extended archery areas during the seasons listed below.

Limited-entry deer and elk archery hunters who don’t harvest during the limited-entry season will also be allowed to hunt extended archery areas.

**New this year:** There are three new extended archery deer areas and one new extended archery elk area. (The Cache, Laketown extended archery deer area has been discontinued.) Some extended archery boundaries have also changed. To see maps and boundaries for all of the extended archery areas, visit wildlife.utah.gov/huntplanner.

**Reminder:** If you are hunting in an extended archery elk area during the extended archery elk season (Aug. 15–Dec. 15), you may harvest any bull elk or antlerless elk. (This applies even if the extended archery area overlaps a spike bull elk unit.)

**Don’t lose your hunting and fishing privileges**

If you commit a wildlife violation, you could lose the privilege of hunting and fishing in Utah. The Utah Division of Wildlife Resources can suspend the license of anyone who knowingly, intentionally or recklessly violates wildlife laws. Your license can be suspended for a wildlife violation if:

- You are convicted.
- You plead guilty or no contest.
- You enter a plea in abeyance or diversion agreement.

Suspension proceedings are separate and independent from criminal prosecution. The Utah Division of Wildlife Resources may suspend your license privileges whether or not the court considers suspension in your criminal case. You will be notified of any action against your privilege after criminal proceedings conclude.

And remember, if your license is suspended in Utah, you may not be permitted to hunt or fish in most other states. (Visit wildlife.utah.gov/-know-the-consequences.html to see a map of participating states.)
### Sportsman and statewide conservation permit season dates

For more information about sportsman permits, see the information box on page 12.

<tr>
<td>Multi-year combination* license (age 18 and</td>
<td>$37 per year, up to five years</td>
</tr>
<tr>
<td>younger)</td>
<td></td>
</tr>
</tbody>
</table>

* A combination license allows you to hunt or fish in Utah. It also allows you to fish with a second pole.

### Nonresident license fees

#### New this year:

License, permit and application fees for nonresident hunters will increase starting July 1, 2020. The increased license fees are listed in the table below. For a complete list of Utah's license and permit fees, visit wildlife.utah.gov/licenses/fees.html.

<table>
<thead>
<tr>
<th>License</th>
<th>Fee</th>

<td>$50</td>
<td>$593</td>
</tr>
<tr>
<td>Multi-season general any bull or spike bull</td>
<td>$150</td>
<td>$800</td>
</tr>
</tbody>
</table>

### Discounted licenses for disabled veterans

To thank our servicemen and servicewomen, the Division offers discounted hunting and combination licenses to Utah veterans who were disabled in the line of duty.

The discounted hunting license is $25.50, instead of the $34 full price. Likewise, the discounted combination license is $28.50, instead of the $34 full price. Either license is good for 365 days from the day you buy it. Discounted licenses are available online or from all Division offices listed on page 2.

To purchase a discounted hunting or combination license, you must be a Utah resident and have a qualifying service-connected disability of at least 20 percent.

To apply for a license online, please visit wildlife.utah.gov/disabledvet and complete the online form. If you need assistance, please call the nearest Division office.

If you choose to visit a Division office to purchase your license, simply bring the verification of service-connected disability documentation that the Department of Veterans Affairs issued to you.

You can find additional resources for hunters and anglers with disabilities at wildlife.utah.gov/disabled-access.
**BASIC REQUIREMENTS**

Are you planning to hunt big game in Utah this year? Before you apply for or obtain a permit, make sure you meet Utah's age, hunter education, license and permit requirements.

**Are you old enough?**

Utah Code § 23-19-22

To hunt big game in Utah, you must be at least 12 years old.

If you are at least 11 years old, you can apply for or obtain any big game permits for which you are eligible, including limited-entry and once-in-a-lifetime permits. Any 11-year-olds who apply must be 12 by Dec. 31, 2020.

Remember, you cannot hunt until you are 12 years old.

If you're younger than 18, you can apply to participate in the Utah Hunter Mentoring Program. For details on the program, see the box on page 37 or visit wildlife.utah.gov/mentoring.

If you're 12 years old or older, you can also participate in the Trial Hunting Program. For details, see the box below.

---

**Utah's Trial Hunting Program**

Utah Admin. Rule R657-68

Have you ever wanted to bring your spouse, child or friend along on a hunt and give them a chance to try hunting? Now, they can join you on your next big game hunt.

Utah's Trial Hunting Program allows anyone age 12 or older to try hunting for a few years—while accompanied by a licensed hunter age 21 or older—before taking a Hunter Education course.

- The program applies to hunts for many different species, including general-season deer and elk. To sign up for the program or to learn more about it, visit wildlife.utah.gov/trial.

---

**Adults must accompany young hunters**

Utah Code § 23-20-20

While hunting big game, a person under 16 years old must be accompanied by his or her parent, legal guardian or other responsible person who is 21 years of age or older and who has been approved by the parent or guardian.

The Division encourages adults to be familiar with hunter education guidelines or to complete the hunter education course before accompanying youth into the field.

While in the field, the youth and the adult must remain close enough for the adult to see and provide verbal assistance to the young hunter. Using electronic devices, such as walkie-talkies or cell phones, does not meet this requirement.

---

**Have you passed hunter education?**

If you were born after Dec. 31, 1965, you must provide proof that you've passed a hunter education course approved by the Division before you can apply for or obtain a hunting license or a big game permit.

The only exception to this law is for individuals who are participating in the Division's Trial Hunting Program. You can find details about the program in the Information Box to the left or by visiting wildlife.utah.gov/trial.

**Proof of hunter education**

You can prove that you've completed hunter education by obtaining a hunter education card (called a “blue card” in Utah) or if you have a verified hunter education number on file with the Division. The number is assigned when you complete hunter education and your blue card is issued.

---

**Keep your license on your phone or tablet**

We've made it easier for you to keep track of your hunting or combination license and know when it's about to expire.

- With our convenient mobile app, you can now download your license to a smartphone or tablet.
- If a conservation officer asks to see your license, you can produce the digital copy, which is just as valid as a paper license.
- If you use the app, you will be able to easily see when your license expires.
- The app is available for both Apple and Android devices. You can download it at wildlife.utah.gov/mobileapp.
- Please remember that licenses are different from permits. If you have a permit for a big game or antlerless hunt, you must carry it with you while hunting.

---

**How to take hunter education**

To get started, you should visit wildlife.utah.gov/huntereducation. You'll see links to various traditional and online hunter education courses. Follow the instructions on the website to obtain a hunter education registration certificate (required) and to register for a course online.

If you need assistance, please contact your local Division office or call 801-538-4727.

When you finish the course, your instructor will verify your course completion in the online hunter education system. At that point, you will be able to apply for or obtain permits in the Division's hunt drawing, and your hunter education registration certificate will become your hunting license.

---

**Do you have a license?**

You must have a current Utah hunting or combination (hunting and fishing) license before you can apply for any big game permits, bonus points or preference points. Licenses are available at wildlife.utah.gov and from license agents and Division offices.

---

**New to Utah?**

If you become a Utah resident, and you've completed a hunter education course in another state, province or country, you must obtain a Utah blue card before you can buy a resident hunting license. You can obtain a Utah blue card at any Division office by providing proof that you've completed a hunter education course approved by the Division.

---

**Residency**

Before you apply for a big game hunt, it's important to know whether you are a legal resident of the state of Utah. See the definition of Resident on page 63 to determine whether you are a resident or a nonresident.
When to apply for a sportsman permit
Long season dates—and the ability to hunt almost every hunting unit in Utah—make sportsman permits the most sought-after permits offered to Utah's public hunters. The application period for 2021 will run from Oct. 21 to Nov. 10, 2020. Only Utah residents can apply for sportsman permits.

For more information about these permits, and the few restrictions that apply, please visit wildlife.utah.gov in mid-October 2020.

Do you have a permit?
Utah Admin. Rule R657-62-18
To participate in any of Utah's big game or antlerless hunts, you need to obtain a hunting permit.

Most of the big game permits have already been issued through the big game drawing, but some will be available for over-the-counter purchase in July 2020:
- July 16 — Any remaining limited-entry permits and all general-season buck permits
- July 21 — Any remaining general-season buck deer permits and all youth archery deer permits
- July 22 — Any remaining antlerless permits and all antlerless elk-control permits and private-lands-only permits

For more information about July permit sales, see the article on page 14.

Many of Utah's antlerless permits will be issued through the antlerless drawing. You can apply for those permits from May 28–June 18, 2020. For more information about application deadlines and how to apply for antlerless permits, see page 13.

New this year: Starting July 1, 2020, all license, permit and application fees for non-resident hunters will increase. For details, see page 9 or visit wildlife.utah.gov/licenses/fees.html.

Carry your permit
If you are successful in obtaining a big game or antlerless permit, you must have it on your person while hunting. You cannot alter your license or permit, nor can you sell, transfer or loan either of them to another person.

APPLY FOR AN ANTLERLESS PERMIT
Looking for Utah's antlerless field regulations? You'll find them in this guidebook (see page 32).

If you're looking for the information you need in order to apply for an antlerless permit, please visit wildlife.utah.gov/guidebooks, starting May 21, 2020. There, you'll find application dates, rules, hunt tables, maps, boundaries and other essential information.

New this year: Starting in 2020, you can apply for an antlerless permit. For details, see the antlerless application information posted at wildlife.utah.gov/guidebooks.

If you are planning to apply for a 2020 antlerless permit, please be aware of the following dates and deadlines.

May 21: Review online antlerless hunt resources
Beginning May 21, 2020, you can visit wildlife.utah.gov/guidebooks to review all of the application rules, hunt tables, season dates, maps, boundaries and other information you'll need in order to apply for an antlerless permit.

The antlerless application information will be available online only—there will not be a separate printed Antlerless guidebook.

If you do not have access to the Internet, please visit or call a Division office.

Boundary descriptions only available online
You'll find detailed maps and boundary descriptions online for all hunting units.

Visit wildlife.utah.gov/huntplanner to download and print your boundaries today.

You also have the option of using the Utah Hunting and Fishing app to view the boundaries of any permits you've drawn. Visit wildlife.utah.gov/mobileapp to download the app to your phone or tablet.

May 28: Apply online for an antlerless permit
Starting May 28, 2020, you can visit wildlif.utah.gov to apply for the following items:
- Antlerless hunting permits
- An antlerless moose bonus point
- A ewe bighorn sheep bonus point (new)
- Antlerless preference points

You also have the option of using the Utah Hunting and Fishing app to view the boundaries of any permits you've drawn. Visit wildlife.utah.gov/mobileapp to download the app to your phone or tablet.

June 18: Deadline for antlerless permit applications
You must apply online or by phone no later than June 18, 2020. There's an 11 p.m. MDT deadline for online applications and a 5 p.m. MDT deadline for phone applications. To apply, simply visit wildlife.utah.gov or call any Division office.

July 9: Antlerless drawing results available
You'll be notified of your drawing results by email on or before July 9, 2020. You can also learn your drawing results by visiting wildlife.utah.gov or by calling 1-800-221-0659.

Depredation hunts
When big game animals cause damage to agricultural crops, the Division may hold hunts that are not listed in this guidebook. These hunts are called depredation hunts. They may occur on short notice, involve small areas and are often limited to only a few hunters.

To apply for the depredation hunter pool, submit an online application at wildlife.utah.gov/depredation.
Some big game permits for the 2020 season will be available in July. You can find the sales dates listed below.

Please keep in mind that you may only have one buck deer permit and one bull elk permit per year.

New this year: Starting July 1, 2020, all license, permit and application fees for nonresident hunters will increase. Please see the table on page 9 for a partial list of the new fees or visit wildlife.utah.gov/licenses/fees.html for a complete list.

A list of remaining big game permits will be posted at wildlife.utah.gov/remaining-permits.html by May 29 at the latest.

You must have a valid hunting license or a combination license to buy one of these permits. A license agent list is available at wildlife.utah.gov/licenseagents. Before you visit any of the agents, contact them to verify their hours of operation.

**July 16: Remaining limited-entry permits available**

Any limited-entry permits remaining after the big game drawing will be available beginning July 16, 2020. Visit wildlife.utah.gov/biggame in early June to see a list of remaining permits as well as purchase times and locations.

All remaining permits are available on a first-come, first-served basis. You must have a valid hunting license or a combination license to buy one of these permits.

**July 16: General-season bull elk permits available**

All general-season bull elk permits—including the multi-season general bull elk permits—will be available beginning July 16, 2020. Visit wildlife.utah.gov/biggame in early June to see purchase times and locations.

All general-season bull elk permits (muzzleloader and any legal weapon) are available on a first-come, first-served basis. General-season bull elk archery permits are unlimited. For additional information on multi-season general elk permits, see page 26.

You must have a valid hunting license or a combination license to buy a general-season bull elk permit of any kind.

**July 21: Remaining general-season buck deer permits available (any legal weapon, archery and muzzleloader)**

Any general-season buck deer permits remaining after the drawing will be available beginning July 21, 2020. Visit wildlife.utah.gov/biggame in early June to see purchase times and locations.

Remaining permits are available on a first-come, first-served basis. You must have a valid hunting license or a combination license to buy one of these permits.

**Obtain up to three elk permits**

Utah Admin. Rule R657-5-33

A hunter can obtain up to three elk permits in Utah each year.

- A maximum of one permit can be for a bull elk.
- A maximum of one antlerless elk permit can be obtained through the antlerless drawing.
- A maximum of two antlerless elk permits can be obtained over the counter. These might include antlerless elk-control permits, private-lands-only permits, mitigation and CWMU vouchers or any permits that remain available after the antlerless drawing.

For the purposes of obtaining multiple elk permits, an archery elk permit (hunter’s choice) is considered a bull elk permit. Likewise, general-season archery permits are also considered bull elk permits. Antlerless elk-control or private-lands-only permits are considered antlerless permits.

If you obtain two antlerless elk permits for the same area—but the permits are for different seasons—you may harvest both elk during the same season.

And don’t forget: you may harvest an antlerless elk while hunting general-season buck deer or bull elk, as long as your permits are for the same area and you use the weapon type listed on your general-season permit.

**General-season bull elk permits will be available beginning July 16.** Visit wildlife.utah.gov/biggame in early June to see purchase times and locations.

Any remaining antlerless elk permits and private-lands-only permits will be available on July 22. Visit wildlife.utah.gov/guidebooks starting in early June to learn more about antlerless permits and to see purchase times and locations.

You must have a valid hunting license or a combination license to buy one of these permits.

**Important:** Youth who purchase these additional youth archery deer permits will not lose any preference points they’ve accrued for general-season buck deer.

**July 22: Remaining antlerless elk and private-lands-only permits available**

Any antlerless permits remaining after the drawing—as well as private-lands-only antlerless elk permits—will be available beginning July 22. Visit wildlife.utah.gov/guidebooks starting in early June to learn more about antlerless permits and to see purchase times and locations.

Remaining permits are available on a first-come, first-served basis. You must have a valid hunting license or a combination license to buy one of these permits. You can buy the permits...
at wildlife.utah.gov and at license agent locations and Division offices.

Under certain circumstances, you must obtain written permission before you can use a private-lands-only permit. For details, see wildlife.utah.gov/private-lands-only-permits.html.

**New this year:** Starting in 2020, if you obtain a general-season antlerless elk permit over the counter (after the antlerless drawing) or a private-lands-only permit, you will lose any preference points you’ve previously accrued for antlerless elk.

**July 22: Antlerless elk-control permits available**

Antlerless elk-control permits will be available beginning July 22. Visit wildlife.utah.gov/guidebooks starting in early June to learn more about antlerless permits and to see purchase times and locations.

**Important:** If you purchase an antlerless elk-control permit, you will **not** lose any preference points you’ve accrued for antlerless elk.

For detailed information about how elk-control permits work and when you may use one, please visit wildlife.utah.gov/antlerless-ethics-control.html. To learn more about Utah's antlerless elk-control units, visit wildlife.utah.gov/huntplanner.

**September 14: Unsold general-season archery deer permits convert to muzzleloader permits**

If any general-season archery permits remain unsold at the end of the general archery season, they will convert to general-season muzzleloader deer permits on Sept. 14, 2020. You can buy these permits, if available, beginning at 8 a.m. MDT at wildlife.utah.gov and from license agents and Division offices.

**October 2: Unsold general-season muzzleloader deer permits convert to any legal weapon permits**

If any general-season muzzleloader deer permits remain unsold at the end of the general muzzleloader season, they will convert to general-season any legal weapon (rifle) deer permits on Oct. 2, 2020. You can buy these permits, if available, beginning at 8 a.m. MDT at wildlife.utah.gov and from license agents and Division offices.

---

**MORE OPPORTUNITY FOR YOUNG HUNTERS**

If you are 17 years old or younger on July 31, 2020, you may have more opportunities to hunt this fall. It all depends on what type of permit you obtain.

**Any legal weapon deer permits**

If you are a youth and you obtain a general-season any legal weapon deer permit, you may use archery tackle to archery hunt the unit listed on your permit from Aug. 15–Sept. 11, 2020.

If you haven’t harvested a deer by the time the archery season ends, you may hunt the same unit during the general muzzleloader and general any legal weapon deer seasons—**including the early-season hunt, if it’s offered on your unit**—using the appropriate equipment. (See the box on page 52 for details.)

You also have the option of hunting in the extended archery areas, starting Sept. 12, 2020. To do so, you must complete the archery ethics course available at wildlife.utah.gov/extendedarchery, carry your course-completion certificate in the field and use the appropriate archery tackle. For more information on the extended archery hunt, visit wildlife.utah.gov/extendedarchery.

**Muzzleloader deer permits**

If you obtain a general-season muzzleloader deer permit, you may hunt only during the general muzzleloader season, which runs from Sept. 23–Oct. 1, 2020. You must use muzzleloader equipment and hunt the unit listed on your permit. You may not hunt during the general archery or any legal weapon seasons.

**Archery deer permits**

If you obtain a general-season archery deer permit, you may hunt only during the general archery deer season and the extended archery deer season.

**Definition of youth**

For the purposes of big game hunting, a youth is someone who is 17 years old or younger on July 31 of any given year.

This year, you will be considered a youth if you are 17 years old or younger on July 31, 2020.

During the general season—which runs from Aug. 15–Sept. 11, 2020—you may hunt in the unit printed on your permit.

During the extended season, you may hunt in any of the extended archery areas after completing the online archery ethics course. For more information on the extended archery hunt, or to take the course, visit wildlife.utah.gov/extendedarchery.

Additional youth archery deer permits will be available beginning July 21, 2020. Visit wildlife.utah.gov/biggame in early June to see purchase times and locations.

**Important:** Youth who purchase these additional youth archery deer permits will not lose any preference points they’ve accrued for general-season buck deer.

The Utah Wildlife Board has approved an additional 20 percent of the archery quota for each unit to provide additional permits and opportunity for young archers.

For more information, please call the nearest Division office.

---

**How will COVID-19 affect the 2020 big game hunts?**

Although the COVID-19 pandemic has drastically affected all of our lives this year, there are currently no plans to close any of Utah’s 2020 big game hunts.

With that said, there are federal, state and local regulations beyond our control, and we have no way to know exactly which regulations will be in place this fall.

The Utah Wildlife Board met in April 2020 to pass rule changes that will give some big game hunters (depending on the type of permit) flexibility in light of the pandemic. You can learn about those options—and stay informed about any other pandemic-related changes—by visiting wildlife.utah.gov/covid.

We will also use email and our social media channels to communicate changes that may affect you and your hunt. Visit wildlife.utah.gov/stay-connected.html to sign up for email updates and to follow us on Facebook, Twitter, Instagram and YouTube.

We hope you and your loved ones have a fun, successful hunt this fall—stay safe out there!
GENERAL SEASON BUCK DEER HUNTS

Utah offers several different big game hunts each year. Depending on the permit you obtain, you could hunt deer, elk, pronghorn, bison, bighorn sheep, moose or mountain goat. The following section describes the species you can hunt, the weapons you can use and the types of permits that are available.

Buck deer hunting

A “buck deer” is a deer with antlers that are longer than five inches (R657-5-2(2)(e)).

The following regulations apply to all of Utah’s buck deer hunts.

HUNTER ORANGE

Utah Code § 23-20-31

You are required to obey Utah’s hunter orange laws, unless your hunt is among the exceptions. For example, archery and muzzleloader general-season deer hunters are not required to wear hunter orange unless the other hunts occurring in the area are for general-season any legal weapon buck deer or bull elk. For additional details, see page 42.

SPECIAL RESTRICTIONS

If you participate in Utah’s buck deer hunt, please keep in mind that some areas are closed to hunting or have special restrictions. For a list of those areas, see page 46.

OBTAINING OTHER DEER PERMITS

If you obtained a buck deer permit of any kind, the only other deer permit you can obtain is an antlerless deer permit. Please see page 32 for more information on antlerless deer hunts.

EXTENDED BUCK DEER HUNTING

If you haven’t taken a deer by the time your buck deer hunt ends, you can continue your archery hunting in the state’s extended buck deer archery hunting areas. If you obtain a general-season archery buck deer permit, you may use archery equipment to take a deer of either sex (hunter’s choice) from Sept. 12–Nov. 30, 2020. In the Nine Mile, Green River Valley (new); Sanpete Valley and South Wasatch extended archery areas, you may use archery equipment to take a deer of either sex (hunter’s choice) from Sept. 12–Oct. 15, 2020.
Before hunting any of the extended archery areas, you must complete the Division’s archery ethics course. For more information, see page 7 or visit wildlife.utah.gov/extendearchery.

**General-season muzzleloader buck deer hunt**
Utah Admin. Rule R657-5-25

If you obtained a general-season muzzleloader buck permit, you may use a muzzleloader to take one buck deer in the hunting unit listed on your permit.

**Early general-season buck deer hunts**
For 2020, the Utah Wildlife Board approved early general-season any weapon buck deer hunts on the following general-season buck deer units:
- Chalk Creek/East Canyon/Morgan-South Rich
- Fillmore
- Kamas
- Nine Mile
- Panguitch Lake
- Pine Valley
- Plateau, Fishlake
- Zion

These hunts will run from Oct. 7–11, 2020. The goal of these hunts is to reduce crowding and give hunters the opportunity to hunt deer and general-season elk at the same time.

**General-season any legal weapon (rifle) buck deer hunt**
Utah Admin. Rule R657-5-24

If you obtained a general-season any legal weapon buck permit, you may use any legal weapon to take one buck deer in the hunting unit listed on your permit. You may also choose to use a crossbow, an airgun, a draw lock or a muzzleloader.

**Premium limited-entry and limited-entry buck deer hunts**
Utah Admin. Rule R657-5-26

Utah’s premium limited-entry and limited-entry deer units are managed for older, bigger bucks.

A premium limited-entry buck deer permit allows you to hunt on one of the best limited-entry buck deer units in Utah—the Henry Mtns unit or the Paunsaugunt unit.

A limited-entry buck deer permit allows you to hunt on a high-quality unit that is managed for a higher buck-to-doe ratio than general-season units are managed for.

If you obtained a premium limited-entry or limited-entry buck deer permit, you may use the weapon listed on your permit to take one buck deer within the area and the season specified on your permit.

**Late-season muzzleloader deer hunts**
For 2020, the Utah Wildlife Board approved late-season, limited-entry muzzleloader deer hunts on all general-season buck deer units.

These hunts will occur at the same time as the general muzzleloader elk hunt, running from Oct. 28–Nov. 5, 2020.

**Multi-season hunts**
Multi-season hunts allow the permit holder to hunt buck deer during all three seasons (archery, muzzleloader and any legal weapon) on select limited-entry or premium limited-entry units.

If you have obtained a permit for one of these hunts, you must use the appropriate weapon type for the season.

**Handgun-archery-muzzleloader-shotgun-only (HAMS) buck deer hunts (new)**
Utah Admin. Rule R657-5-48

For 2020, the Utah Wildlife Board approved three new handgun-archery-muzzleloader-shotgun-only (HAMS) hunts for buck deer. These hunts will occur from Nov. 6–27, 2020 and are considered limited-entry hunts.

If you obtained a permit for one of these hunts, you may take one buck deer in the season and unit identified on your permit.

The 2020 HAMS hunts will take place in the following units:
- Book Cliffs, Floy Canyon
- Kaiparowits
- Morgan-South Rich

**Important:** Scopes may not be used on any weapons during this hunt. An individual may only use the following weapons on a handgun-archery-muzzleloader-shotgun-only hunt:

**Handgun**
Utah Admin. Rule R657-5-9 B R657-5-48

The handgun you use must be legal for buck deer, with no attached scope. (See the Firearms and archery equipment section that begins on page 42.) The handgun must also:
- Have no more than a single barrel 15 inches or less in length, including the chamber
- Have a single rear handgrip without any form of any of the following:
  - A fixed, detachable or collapsible buttstock
  - An apparatus or extension behind the rear grip that’s capable of being used to steady the handgun against the body while firing
  - A vertical foregrip

Finally, the handgun can be no more than 24 inches in overall length.

**Mandatory reporting**
If you obtained a premium limited-entry, limited-entry, management buck deer, cactus buck deer, CWMU conservation, sportsman, expo or once-in-a-lifetime permit, you must complete a harvest survey questionnaire within 30 days after your hunt ends. This information is required even if you didn’t harvest an animal.

**Attention limited-entry archers:**
Although you do not need to submit a survey for the extended archery season, you must submit your limited-entry harvest survey within 30 days of the final day of your limited-entry season.

If you harvested an animal, this is also an ideal time to return your tooth packet. Returning your tooth packet does not fulfill the harvest survey requirement.

You can report information about your hunt at wildlife.utah.gov/harvest or by calling 1-800-221-0659.

Important: If you are successful in obtaining a permit for one of these hunts, you will lose your bonus points and incur a waiting period of five years.
Archery equipment
Utah Admin. Rule R657-3-11
The archery equipment you use must be legal for buck deer. (See the Firearms and archery equipment section that begins on page 42.)

Muzzleloader
Utah Admin. Rule R657-3-10
The muzzleloader you use must be legal for buck deer, with no attached scope. (See the Firearms and archery equipment section that begins on page 42.)

Shotgun
Utah Admin. Rule R657-3-8
The shotgun you use must be legal for buck deer, with no attached scope. (See the Firearms and archery equipment section that begins on page 42.)

More opportunity for archers
Limited-entry archery deer hunters who don't harvest during the limited-entry season will be allowed to hunt the extended archery areas after completing the online extended archery course. For details, see page 7 or visit wildlife.utah.gov/extendedarchery.

And don't forget: You must submit your harvest survey within 30 days of the final day of your limited-entry season. You do not need to submit a survey for the extended archery season.

Management and cactus buck deer hunts
Utah Admin. Rule R657-3-46
Management buck deer hunts are designed to remove excess bucks on premium limited-entry units (Henry Mtns and Paunsaugunt), while protecting the larger bucks in the herds. These two units are managed for the highest buck-to-doe ratios in Utah.

Harvesting smaller-antlered bucks on these units will preserve trophy-class bucks and provide more room for does. Having more does in the herds will result in more fawns being born. Having more fawns will help ensure that these herds remain strong and healthy into the future.

A “management buck” is a buck deer with 3 points or less on at least one antler, above and including the first fork, but not including the eye guard. The eye guard does not count as a point. A point is a projection that's longer than one inch, measured from its base to its tip, including damaged or broken antlers.

 Obtaining and using a management buck deer permit
Management buck deer permits are distributed through the big game drawing process. If you were successful in drawing a management buck deer permit, you must complete an online orientation course before you will receive your permit. This course is also open to anyone who wants to learn more about what a management buck looks like. To take the online course, visit wildlife.utah.gov/biggame.

A management buck deer permit allows you to take one management buck deer. You must use the weapon listed on your permit to hunt within the unit and season specified on your permit. This year, there are new archery and muzzleloader management buck deer hunts on the Paunsaugunt unit.

After taking your buck deer, you must bring its head and antlers to a Division office for inspection no later than 72 hours after the date of kill.

Please keep in mind that bringing your deer to a Division office does not meet your harvest survey requirement. Visit wildlife.utah.gov/harvest and complete the harvest survey questionnaire within 30 days after the end of your hunt.

Important: If you obtained a management buck deer permit, that is the only buck deer permit you may obtain for the 2020 season. You will lose your bonus points and incur a waiting period of five years.

CWMU buck deer hunts
Utah Admin. Rule R657-37
Cooperative Wildlife Management Units (CWMUs) are private lands that the landowners have opened to a limited number of public and private hunters. You may not hunt buck deer on a CWMU unless you obtain a buck deer permit for that CWMU.

Important: If you obtained a CWMU buck deer permit, that is the only buck deer permit you may obtain for the 2020 season. You will lose your bonus points and incur a waiting period of five years.

Plan on sharing the mountain
As much as you’d like to have Utah’s backcountry to yourself, you share it with campers, hikers, photographers and other hunters. Some of those hunters are after big game—just like you—while others are pursuing black bear, forest grouse and other species.

Everyone shares the landscape, so please be patient and considerate when encountering others on public land.
hunt on all of the open any bull and spike bull units in the state.

If you obtain a general-season any legal weapon or muzzleloader permit, you must hunt on the type of unit specified on your permit. For example, if you obtain an any bull elk permit, you may hunt only on any bull elk units. If you obtain a spike bull permit, you may hunt only on spike bull units.

If you obtain a multi-season permit, you may hunt during the archery, any legal weapon and muzzleloader seasons, but you must hunt on the type of unit specified on your permit—either spike or any bull—and you must use the appropriate weapon type for the season.

Permits for the general-season elk hunts are available beginning July 16, 2020. Visit wildlife.utah.gov/biggame in early June to see purchase times and locations.

**Regulations for all bull elk hunts**

The following regulations apply to all of Utah's bull elk hunts.

**Hunter orange**

Utah Code 5-21-20-31

Utah's hunter orange regulations recently changed (see page 42). You are required to obey the state's hunter orange laws, unless your hunt is among the exceptions. For example, archery and muzzleloader hunters are not required to wear hunter orange unless the other hunts occurring in the area are for general-season any legal weapon buck deer or bull elk.

**CWMU bull elk hunts**

Utah Admin. Rule R657-37

Cooperative Wildlife Management Units (CWMUs) are private lands that the landowners have opened to a limited number of public and private hunters. You may not hunt bull elk on a CWMU unless you obtain a bull elk permit for that CWMU.

To learn more about hunting bull elk on CWMUs, read the article on page 40 and visit wildlife.utah.gov/cwmu.

**Special restrictions**

If you participate in Utah's bull elk hunt, please keep in mind that some areas are closed to hunting or have special restrictions. For a list of those areas, see page 46.

**Obtaining other elk permits**

If you obtained a bull elk permit of any kind, the only other elk permits you can obtain are antlerless elk permits. Please see page 33 for more information on antlerless elk hunts.

**General-season archery elk hunt**

Utah Admin. Rule R657-5-28

Utah's general-season archery spike elk hunt runs from Aug. 15–Sept. 4, 2020. The general-season archery any bull elk hunt runs from Aug. 15–Sept. 11, 2020, except on the state's extended archery areas, where the season runs later into the year.

If you obtain a general-season archery elk permit, you may use archery equipment to take only one of the following animals:

- One elk of either sex on a general-season any bull elk unit
- An antlerless elk or a spike bull elk on a general-season spike bull elk unit
- Only a spike bull on the Book Cliffs unit
- One elk of either sex on the extended archery elk areas

**Extended archery elk hunts**

If you haven't taken an elk by the time your archery hunt ends, you may continue hunting in the Uintah Basin, Wasatch Front and West Cache (new) extended archery elk areas during the extended archery elk season, which runs from Aug. 15–Dec. 15, 2020.

To hunt any of the extended archery areas, you must complete the Division's archery ethics course and carry your archery ethics course certificate of completion with you while you're hunting. For more information, see page 7 or visit wildlife.utah.gov/extendedarchery.

**General-season any legal weapon (rifle) bull elk hunt**

Utah Admin. Rule R657-3-29

To hunt during the general-season elk hunt, you must obtain either a spike bull permit or an any bull permit.

If you obtain a general-season any legal weapon bull elk permit, you may use any legal weapon to take your bull elk.

You may use a crossbow, an airgun, a draw lock or a muzzleloader.

If you obtain a spike bull elk permit, you may take a spike bull elk on a general-season spike bull elk unit. You may not hunt on the any bull elk units.

If you obtain an any bull elk permit, you may take a bull elk of any size, including a spike bull, on a general-season any bull elk unit. You may not hunt on spike bull units.

Please keep in mind that some limited-entry bull elk hunts overlap the general-season spike elk hunt.

See the general-season bull elk hunt reference map on page 58, and the boundary descriptions at wildlife.utah.gov/huntplanner, to learn where spike bull units and any bull elk units are located in the state.

**General-season muzzleloader elk hunt**

Utah Admin. Rule R657-5-30

The general-season muzzleloader elk hunt runs from Oct. 28–Nov. 5, 2020 within the general-season elk units.
To hunt during the general season for muzzleloader elk, you must obtain either a muzzleloader spike bull elk permit or a muzzleloader any bull elk permit.

If you obtain a muzzleloader any bull elk permit, you may use a muzzleloader to take a bull elk of any size, including a spike bull, on a general-season any bull elk unit. You may not hunt on spike bull elk units.

If you obtain a muzzleloader spike bull elk permit, you may use a muzzleloader to take a spike bull elk on a general-season spike bull elk unit. You may not hunt on the any bull elk units.

Please see the general-season bull elk hunt reference map on page 58 and the boundary descriptions at wildlife.utah.gov/huntplanner to learn where spike bull units and any bull elk units are located in the state.

**Multi-season general bull elk hunt**

*Utah Admin. Rule R657-5-29*

The Utah Wildlife Board approved a multi-season general bull elk hunt for the 2020 hunting season.

Your hunting season dates and hunt areas depend on whether you choose a multi-season spike bull elk permit or a multi-season any bull elk permit. For details, see the table at the bottom of this page.

**Extended archery elk hunts**

*Utah Admin. Rule R657-5-31*

If you haven’t taken an elk by the time your multi-season hunt ends, you may continue hunting in the Uintah Basin, Wasatch Front and West Cache (new) extended archery elk areas during the extended archery elk season, which runs from Aug. 15—Dec. 15, 2020.

To hunt any of the extended archery areas, you must complete the Division’s archery ethics course and carry your archery ethics certificate of completion with you while you’re hunting. For more information, see page 7 or visit wildlife.utah.gov/extendedarchery.

**Reminder:** If you are hunting in an extended archery elk area during the extended archery elk season, you may harvest any bull elk or antlerless elk. (This applies even if the extended archery area overlaps a spike bull elk unit.)

**Obtaining a multi-season bull elk permit**

*Multi-season general bull elk permits*

Multi-season general bull elk permits will be available on July 16, 2020. Visit wildlife.utah.gov/biggame in early June to see purchase times and locations.

Permits will come out of the same permit quota as the general-season any legal weapon and muzzleloader bull elk permits.

**Youth bull elk hunts**

*Utah Admin. Rule R657-5-31*

If you’ll be 17 years of age or younger on July 31, 2020, you may be eligible to participate in the state’s youth general-season any bull elk hunt. Remember, you cannot hunt until you are 12 years old.

The youth general-season any bull elk hunt runs from Sept. 12—20, 2020 on general-season any bull elk units across Utah. If you obtained a permit for this hunt in the big game drawing, you may use any legal weapon to take a bull elk or antlerless elk of any size on any general-season any bull elk unit in Utah.

Please remember that although you may take a spike bull elk during this hunt, you may not hunt on a spike bull elk unit.

**Avoid harvesting collared wildlife**

The Division has placed radio and GPS collars on bighorn sheep, bison, deer, elk, moose, mountain goats and pronghorn in various areas across the state. The Division is monitoring these animals in a handful of ongoing studies about migration and survival.

If possible, please avoid harvesting a collared animal. It is an expensive and time-consuming process to capture and collar replacement animals.

If you do harvest a collared animal, please remove the collar without cutting it, pull the front two incisors (for aging purposes) and contact your local Division office for information on how to return the collar.

To learn more about collared wildlife studies and the Utah Wildlife Migration Initiative, visit wildlifemigration.utah.gov.

You may obtain only one youth any bull elk permit in your lifetime, and preference points do not apply to this hunt.

**Limited-entry bull elk hunts**

*Utah Admin. Rule R657-5-32*

A limited-entry bull elk permit allows you to use the weapon listed on your permit to take one bull elk of any size within the area and season specified on your permit.

Utah’s limited-entry elk permits are among the state’s most prized big game permits.

**Multi-season hunts**

There are multi-season hunts that allow the permit holder to hunt bull elk during all three seasons (archery, muzzleloader and any legal weapon) on select limited-entry units.

If you have obtained a permit for one of these hunts, you must use the appropriate weapon type for the season.

**More opportunity for archers**

Limited-entry archery elk hunters who don’t harvest during the limited-entry season will be allowed to hunt the extended archery areas after completing the online extended archery course. For details, please see page 7 or visit wildlife.utah.gov/extendedarchery.

**And don’t forget:** You must submit your harvest survey within 30 days of the final day of your limited-entry season. You do not need to submit a survey for the extended archery season.
Bison hunting
Utah Admin. Rule R657-5-38

To hunt bison, you must possess a bison permit. If you obtained a hunter’s choice bison permit, you may use the weapon type listed on your permit to take one bison of either sex within the area and season listed on your permit. If you obtained a cow bison permit, you may use the weapon type listed on your permit to take only a cow bison within the area and season listed on your permit.

Note: You may obtain only one bison permit—of any kind—during the 2020 season.

Online orientation course
If you drew a cow bison permit, you must complete the online orientation course located at wildlife.utah.gov/biggame. You’ll receive your permit after you successfully complete the course.

Antelope Island
If you drew an Antelope Island bison permit, the Utah Division of Parks and Recreation (Utah State Parks) may require you to complete a course before you can hunt.

Before the hunt begins, Utah State Parks will notify you about the date, time and location of the course. You’ll receive your permit after you successfully complete the course.

Because the Antelope Island hunt is administered by Utah State Parks, your hunt will include some extra park-related fees. For more information, please call 801-209-4678.

CWMU buck pronghorn hunts
Utah Admin. Rule R657-37

Cooperative Wildlife Management Units (CWMUs) are private lands that the landowners have opened to a small number of public and private hunters. You may not hunt buck pronghorn on a CWMU unless you obtain a buck pronghorn permit for that CWMU.

To learn more about hunting buck pronghorn on CWMUs, read the article on page 40 and visit wildlife.utah.gov/cwmu.

Buck pronghorn hunting
Utah Admin. Rule R657-5-34

“Buck pronghorn” means a pronghorn with horns that are longer than five inches (R657-5-2(2)(f)).

To hunt buck pronghorn, you must possess a buck pronghorn permit. If you obtain a buck pronghorn permit, you may not obtain any other pronghorn permit except one that’s issued to address a depredation situation.

If you obtained a buck pronghorn permit, you may use the weapon listed on your permit to take one buck pronghorn within the area and season specified on your permit.

You may use a crossbow, an airgun, a draw lock or a muzzleloader with a magnifying scope during the any legal weapon (rifle) hunt.

Note: Only archery equipment may be used during the buck pronghorn archery hunt. If you’d like to hunt from a blind, please contact the public agency that manages the land you’ll be hunting on to learn about any regulations you must follow to construct a blind.

Hunter orange
Utah Admin. Rule R657-5-38

You must obey Utah’s hunter orange regulation (see page 42). Archery and muzzleloader hunters are not required to wear hunter orange unless the other hunts occurring in the area are for any legal weapon general-season buck deer or bull elk.

ONCE-IN-A-LIFETIME HUNTS
All of Utah’s bison, bull moose, bighorn sheep and mountain goat permits are considered once-in-a-lifetime permits. That’s because you can draw a permit for each of these species only once in your lifetime.

Download the free UTAH HUNTING & FISHING APP
wildlife.utah.gov/MobileApp

“Buck pronghorn” means a pronghorn with horns that are longer than five inches (R657-5-2(2)(f)).
You may obtain a mountain goat permit through the big game drawing only once in your lifetime.

If you obtained a hunter’s choice mountain goat permit, you may use the weapon type listed on your permit to take one goat of either sex within the area and the season listed on your permit.

If you obtained a female mountain goat permit, you may use the weapon type listed on your permit to take only a female goat within the area and the season listed on your permit.

**Note:** You may obtain only one mountain goat permit—of any kind—during the 2020 season.

**Online orientation course**

If you obtained a hunter’s choice or female mountain goat permit, you must complete the online orientation course located at [wildlife.utah.gov/biggame](http://wildlife.utah.gov/biggame). You’ll receive your permit after you successfully complete the course.

---

**Bull moose hunting**

Utah Admin. Rule R657-5-37

A “bull moose” is a moose that has antlers that are longer than its ears (R657-5-2(2)(h)).

To hunt bull moose, you must possess a bull moose permit. You may obtain a bull moose permit through the big game drawing only once in your lifetime.

Your bull moose permit allows you to use the weapon type listed on your permit to take one bull moose within the hunting unit and season specified on your permit.

**Note:** You may obtain only one moose permit—of any kind—during the 2020 season.

**CWMU bull moose hunts**

Utah Admin. Rule R657-37

Cooperative Wildlife Management Units (CWMUs) are private lands that the landowners have opened to a limited number of public and private hunters. You may not hunt on a bull moose CWMU unless you obtain a bull moose permit for that CWMU.

To learn more about hunting bull moose on CWMUs, read the article on page 40 and visit [wildlife.utah.gov/cwmu](http://wildlife.utah.gov/cwmu).

---

**Ram desert bighorn and ram Rocky Mountain bighorn sheep hunting**

Utah Admin. Rule R657-5-39

A “ram” is a male desert bighorn sheep or a male Rocky Mountain bighorn sheep (R657-5-2(2)(g)).

To hunt a ram desert bighorn sheep or a ram Rocky Mountain bighorn sheep, you must possess a permit for the species you wish to hunt (i.e., a ram desert bighorn sheep permit to hunt desert bighorn sheep, or a ram Rocky Mountain bighorn sheep permit to hunt Rocky Mountain bighorn sheep).

Ram desert bighorn sheep hunts and ram Rocky Mountain bighorn sheep hunts are considered separate once-in-a-lifetime hunts. For example, if you obtain a ram desert bighorn sheep permit, and you’ve never obtained a ram Rocky Mountain bighorn sheep permit before, you can continue applying for a ram Rocky Mountain bighorn sheep permit.

A hunter may obtain a maximum of one Rocky Mountain bighorn sheep permit and one desert bighorn sheep permit in the same year, but both permits may not be obtained through the big game drawing.

A ram bighorn sheep permit allows you to use the weapon type listed on your permit to take one ram within the area and the season specified on your permit.

A “bull moose” is a moose that has antlers that are longer than its ears (R657-5-2(2)(h)).

To hunt a ram, you must bring its horns to a Division office within 72 hours of leaving your hunting area. When you come to the office, a Division staff person will permanently affix a numbered plug to the horn. This plug certifies that the sheep was taken legally.

**Mountain goat hunting**

Utah Admin. Rule R657-5-40

A “bull moose” is a moose that has antlers that are longer than its ears (R657-5-2(2)(h)).

You may obtain a mountain goat permit through the big game drawing only once in your lifetime.

If you obtained a hunter’s choice mountain goat permit, you may use the weapon type listed on your permit to take one goat of either sex within the area and the season listed on your permit.

If you obtained a female mountain goat permit, you may use the weapon type listed on your permit to take only a female goat within the area and the season listed on your permit.

**Note:** You may obtain only one mountain goat permit—of any kind—during the 2020 season.

**Online orientation course**

If you obtained a hunter’s choice or female mountain goat permit, you must complete the online orientation course located at [wildlife.utah.gov/biggame](http://wildlife.utah.gov/biggame). You’ll receive your permit after you successfully complete the course.

ANTLERLESS HUNTS

Utah offers antlerless hunts each year. These hunts serve two purposes: they help ensure that populations remain at sustainable, manageable levels, and they remove animals that pose depredation problems. Depending on the permit you obtain, you could hunt antlerless deer, elk or moose, or doe pronghorn. The following section describes the species you can hunt, the weapons you can use and the types of permits that are available.

Antlerless deer hunting
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-27

**Additional opportunity**

There is some flexibility if you are an antlerless deer permit holder who also possesses a permit to hunt any one of the following seasons:

- General-season buck deer (archery, muzzleloader, any legal weapon or dedicated hunter)
- General-season bull elk (archery, muzzleloader, any legal weapon or multi-season)
- Premium limited-entry buck deer (archery, muzzleloader, any legal weapon or multi-season)
- Limited-entry buck deer (archery, muzzleloader, any legal weapon or multi-season)
- Limited entry bull elk (archery, muzzleloader, any legal weapon or multi-season)
- Antlerless elk

If your antlerless deer permit is for the same area as one of the permits listed above—and you use the appropriate weapon type specified for your current hunting season—you may use your antlerless deer permit during the season listed on your other permit.

If you harvest a buck deer, bull elk or antlerless elk—and you have an unfilled antlerless deer permit—you may continue hunting antlerless deer during the buck deer, bull elk or antlerless elk season listed on your other permit. However, you may not use a permit for a buck deer or bull elk during the antlerless season, unless it’s during the timeframe when the two seasons overlap.

You may obtain only one antlerless deer permit for the 2020 antlerless season.

**Antlerless elk hunting**
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-33

An “antlerless elk” is an elk without antlers or with antlers five inches or shorter (R657-5-2(2)(a)).

To hunt antlerless elk, you must possess an antlerless elk permit. A person may obtain only one antlerless elk permit or one two-doe antlerless elk permit through the antlerless drawing.

An antlerless elk permit allows you to use the legal weapon listed on your permit to take one antlerless elk in the area and season specified on your permit.

A two-doe antlerless elk permit allows you to use the legal weapon listed on your permit to take two antlerless elk in the area and season specified on your permit.

If you have an any legal weapon (rifle) permit, you may use a crossbow, an airgun, a draw lock or a muzzleloader with a magnifying scope during the rifle hunt.

You may not hunt antlerless elk on a Co-operative Wildlife Management Unit (CWMU) unless you obtain an antlerless elk permit for that CWMU.

You may apply for only one antlerless elk permit in the antlerless drawing.

If you do not obtain an antlerless elk permit in the drawing, you may be eligible to purchase up to two antlerless elk permits over the counter.

Over-the-counter antlerless elk permits include all of the following:

- Antlerless elk-control permits (for detailed information about these permits, see [wildlife.utah.gov/antlerless-elk-control.html](wildlife.utah.gov/antlerless-elk-control.html))
- Private-lands-only permits (for detailed information about these permits, see [wildlife.utah.gov/private-lands-only-permits.html](wildlife.utah.gov/private-lands-only-permits.html))
- Mitigation vouchers
- CWMU vouchers
- Any general-season permits that remain available after the antlerless drawing

Please keep in mind that both antlerless elk-control and private-lands-only permits have special usage requirements. Do not purchase either of the permits until you understand and can meet those requirements.

**Additional opportunity**

There is some flexibility if you are an antlerless elk permit holder who also possesses a permit to hunt any one of the following seasons:

- General-season buck deer (archery, muzzleloader, any legal weapon or dedicated hunter)
- General-season bull elk (archery, muzzleloader, any legal weapon or multi-season)
- Premium limited-entry buck deer (archery, muzzleloader, any legal weapon or multi-season)
- Limited-entry buck deer (archery, muzzleloader, any legal weapon or multi-season)
- Limited entry bull elk (archery, muzzleloader, any legal weapon or multi-season)
- Antlerless elk

To hunt antlerless elk, you must possess an antlerless elk permit. This permit allows you to use the legal weapon listed on your permit to take one antlerless elk in the area and season specified on your permit.

If you have an any legal weapon (rifle) permit, you may use a crossbow, an airgun, a draw lock or a muzzleloader with a magnifying scope during the rifle hunt.

You may not hunt antlerless elk on a Co-operative Wildlife Management Unit (CWMU) unless you obtain an antlerless elk permit for that CWMU.

**Obtain three elk permits**

You can now obtain up to three elk permits in Utah each year.

- A maximum of one permit can be for a bull elk.
- A maximum of one antlerless elk permit can be obtained through the antlerless drawing.
- A maximum of two antlerless elk permits can be obtained over the counter.

For the purposes of obtaining multiple elk permits, an archery elk permit (hunter’s choice) is considered a bull elk permit. Likewise, general-season archery permits are also considered bull elk permits. Antlerless elk-control or private-lands-only permits are considered antlerless permits.

- General-season buck deer (archery, muzzleloader, any legal weapon or multi-season)
- Limited-entry buck deer (archery, muzzleloader, any legal weapon or multi-season)
- Limited entry bull elk (archery, muzzleloader, any legal weapon or multi-season)
- Antlerless elk or elk, excluding antlerless elk-control permits
If your antlerless elk permit is for the same area as one of the permits listed above—and you use the appropriate weapon type specified for your current hunting season—you may use your antlerless permit during the season dates authorized for your other permit.

Please keep in mind, you may continue to hunt for antlerless elk during the season dates listed on your buck or bull permit, even after you have harvested your buck or bull. However, you may not use a permit for a buck deer or bull elk during the antlerless season, unless it’s during the timeframe when the two seasons overlap.

If you obtain two antlerless elk permits for the same area—but the permits are for different seasons—you may harvest both elk during the same season.

To hunt a doe pronghorn, you must possess either a doe pronghorn permit or a two-doe pronghorn permit. A person may obtain only one doe pronghorn permit or one two-doe pronghorn permit through the antlerless drawing.

If you obtain a doe pronghorn permit, you may not obtain any other pronghorn permit except one that’s issued to address a depredation situation.

A doe pronghorn permit allows you to use the legal weapon listed on your permit to take one doe pronghorn in the area and season specified on your permit.

A two-doe pronghorn permit allows you to use the legal weapon listed on your permit to take two doe pronghorns in the area and season specified on your permit.

If you have an any legal weapon (rifle) permit, you may use a crossbow, an airgun, a draw lock or a muzzleloader with a magnifying scope during the rifle hunt.

If you already have a 2020 pronghorn permit, you may not apply for or obtain a doe pronghorn permit or preference point.

You may not hunt antlerless moose on a Cooperative Wildlife Management Unit (CWMU) unless you obtain an antlerless moose permit for that CWMU.

To hunt antlerless moose, you must first obtain an antlerless moose permit. This permit allows you to use any legal weapon to take one antlerless moose in the area and season specified on your permit.

If you already have a 2020 moose permit, you may not apply for or obtain an antlerless moose permit or bonus point.

You may not hunt antlerless moose on a Cooperative Wildlife Management Unit (CWMU) unless you obtain an antlerless moose permit for that CWMU.

A ewe is a female bighorn sheep or any bighorn sheep younger than one year of age (R657-5-2(2)(m)).

Starting in 2020, hunters will have the option to apply for ewe bighorn sheep permits.

Starting in 2020, hunters will have the option to apply for ewe bighorn sheep permits. For details, visit wildlife.utah.gov/guidebooks in late May to research antlerless hunting options and application information.

To hunt either a ewe desert bighorn sheep or a ewe Rocky Mountain bighorn sheep, you must possess a permit for the species you wish to hunt (i.e., a ewe desert bighorn sheep permit to hunt female desert bighorn sheep, or a ewe Rocky Mountain bighorn sheep permit to hunt female Rocky Mountain bighorn sheep).

A ewe bighorn sheep permit allows you to use the weapon type listed on your permit to take one ewe within the area and the season specified on your permit.

If you obtain a ewe permit, you may not hunt desert bighorn or Rocky Mountain bighorn sheep during any other sheep hunt or obtain any other sheep permit during that hunt year.
START USING THE UTAH HUNT PLANNER

See detailed notes about hunt units, finding animals, safety considerations, land access and much more.

When you’re thinking about hunting in a new area — or going after a species you’ve never hunted before — you have a lot of questions. Those questions may include:

- Where are the best spots to find animals?
- What is the terrain like?
- Is there a lot of public land in the unit?
- Where are the best access points?

Many of the answers you’re looking for are already available in the Utah Hunt Planner. The Hunt Planner is an interactive online map tool that gives you in-depth, hunter-focused information about all of Utah’s hunts and hunting units.

Division biologists keep the Hunt Planner up to date with the details you care about. You can read about recommended hunt areas, land ownership and accessibility, hunt boundaries, safety considerations and much more. You can find the Hunt Planner at wildlife.utah.gov/huntplanner.

Getting started

The best times to use the Hunt Planner are when you’re researching hunts you want to apply for or after you draw a permit for a particular hunt. Division biologists update the Hunt Planner throughout the year to make sure it has the most accurate information about Utah’s hunting units.

Important: The Hunt Planner works best on a desktop or laptop computer.

Here’s how to get started:

1. Make sure you’re using an updated web browser. (Both Google Chrome and Apple Safari work well.)
2. Go to wildlife.utah.gov/huntplanner.
3. Click “OK” to accept the usage disclaimer.
4. Look at the upper left of your screen and click the box labeled “Find a hunt (START HERE).”
5. Use the drop-down boxes to select a hunt by hunt number, by hunt name or by species and sex.

6. Once you’ve selected a particular hunt, its boundaries will appear on the map. (If the boundary has more than one hunt, a drop-down list of hunts will appear.)
7. Click the highlighted hunt area — or a hunt from the drop-down list — to see a pop-up information box that has extensive details about the hunt.
8. To exit out of a particular hunt, click the “X” at the upper right of the information box or field.

You can also use the selection box at the left of your screen to add map data layers that let you see general land ownership and species habitat or to see wildlife management areas, walk-in access areas, CWMUs and more.

Using cool features

Some of the most useful features of the Hunt Planner include the biologists’ recommendations on the best hunting areas, access points, ATV trails, campsites and safety information. The Division’s regional wildlife biologists spend a lot of time on the hunting units each year and are eager to share information that will help hunters have a successful trip.

If you’re trying to decide which hunts to apply for, the Hunt Planner links to drawing odds and harvest reports. You can also download hunt unit maps, see hunt boundaries and find general land-ownership details. These resources will help you make an informed decision during the big game application process.

If you’re successful in drawing a big game permit, you’ll want to check the Hunt Planner again in late summer, before you head out on your hunt. The biologists update the Hunt Planner before the hunting season begins to ensure that hunters have the latest information about any changes in on-the-ground conditions.

Planning a better hunt

If you use the full functionality of the Hunt Planner, you’ll be more informed during the application process and throughout your future hunting trips. Visit wildlife.utah.gov/huntplanner and give it a try today.

It may take some time and practice to become familiar with all of the Hunt Planner’s features and benefits, but your efforts will pay off in a better hunt experience.
PERMIT SURRENDERS, REFUNDS AND EXCHANGES

What happens if you obtain a permit and then realize you won’t be able to use it? You have a few options, some of which have changed this year.

Surrendering a permit
If you need to surrender your permit—and your hunting season hasn’t started—you should consider surrendering the permit as soon as possible. If you surrender early enough, you’ll be able to keep your bonus points or preference points and avoid a waiting period.

New this year: Starting in 2020, if you want to surrender your big game permit, you are strongly encouraged to do so at least 30 days before the season opens. The surrender process has changed and could result in the loss of previously accrued bonus or preference points. Learn more below or visit wildlife.utah.gov/refund.

Groups

How permit surrender affects an group’s bonus and preference points
New this year: If you obtain a permit through a group application—and then you decide to surrender it—you will not have your bonus or preference points reinstated unless your entire group meets the following conditions:

• All group members must surrender their permits
• Permit surrenders must occur at least 30 days before the start of the season

Note: Even if you meet the above conditions, you will not earn a point for the current year.

Important: If some of your group members surrender their permits less than 30 days from the season opener, all group members will lose all of their bonus or preference points.

Members of the group may not surrender their permits individually unless the surrender occurs because of:

• Activation in the military
• An injury that will prevent the individual from hunting
• Death

How permit surrender affects waiting periods
If members of a group surrender their permits before the season begins, the waiting period will be waived. General-season permits are not subject to waiting periods.

Individuals

How permit surrender affects an individual’s bonus and preference points
New this year: If you surrender a big game permit at least 30 days before the start of the season, you’ll get all of your previously accrued bonus or preference points for that species/permit back, but you will not earn a point for the current year. Important: If you surrender a big game permit less than 30 days before the season opens, you will lose all of your previously accrued bonus or preference points for that species/permit and you will not earn a point for the current year.

As long as you surrender a big game permit before the season opens, any applicable waiting period(s) will be waived.

Dedicated Hunters
If you’re enrolled in the Dedicated Hunter program, and you decide to surrender your permit, you must return it to the Division before Aug. 15, 2020 (the day the general-season archery deer hunt opens).

Private landowner and CWMU permit holders
If you obtained a limited-entry landowner permit or a private CWMU permit, you can surrender it.

Limited-entry private landowner permits must be surrendered before the season the permit was issued for opens.

To surrender a private CWMU permit, there are two options. If possible, you should surrender your CWMU permit before the CWMU season opening dates listed on page 41. To surrender your permit after the CWMU season has started, but before you hunt, you and the CWMU operator must both sign an affidavit stating that you did not hunt with the permit. Both of the signatures must be notarized.

After the signatures are notarized, submit the affidavit and the unused permit to the Division.

Obtaining a refund
The Division rarely issues refunds for permits, licenses or certificates of registration, but there are some exceptions. To see if you’re eligible for a refund, visit wildlife.utah.gov/refund.

New this year: If you are eligible for a refund, you must submit all required forms and accompanying paperwork within 90 days of the season ending in order to qualify for a full refund.

Exchanging a permit
You may exchange your general-season buck deer permit for one that’s available in another unit, but it must be for the same species and sex. For example, you cannot exchange a buck deer permit for a bull elk permit.

You may also exchange your general-season bull elk permit for another available general-season bull elk permit. For example, you could exchange an any bull elk permit for a spike bull elk permit, if a spike bull permit was available.

You may also exchange a general-season bull elk permit to obtain an available bull elk permit for a different weapon type. For example, you could exchange a general-season any legal weapon bull elk permit for a general-season archery bull elk permit.

Any exchange must occur at a Division office, before the season opening date on the permit you originally obtained.

You must also pay a $10 handling fee to exchange a permit.

Duplicate licenses

If your unexpired license or permit is destroyed, lost or stolen, you can obtain a duplicate from a Division office or a license agent for $10 or half of the price of the original license or permit, whichever is less.

If you drew a license or permit, but you never received it, the Division may waive the fee that you would normally have to pay to get a duplicate.

Keep in mind that you can also use the Utah Hunting and Fishing app to legally carry hunting or combination licenses on a phone or tablet for all the members of your family. To download the app, visit wildlife.utah.gov/mobileapp.
COOPERATIVE WILDLIFE MANAGEMENT UNITS
Utah Admin. Rule R657-37

More than 60 percent of the rangelands that Utah’s big game animals rely on in the winter are on private land. Utah’s Cooperative Wildlife Management Unit (CWMU) program works with landowners to preserve these lands, to make them good habitat for wildlife and to provide more access to public hunters.

How the program works
The CWMU program provides landowners with an economic incentive to keep their private range and forest lands as wildlife habitat instead of developing them.

CWMUs comprise more than two million acres of land in Utah. They’ll provide more than 4,500 big game and antlerless hunting permits in 2020. Approximately one-third of those permits are available to the general public through the state’s big game drawing.

Hunting on CWMUs provides both public and private hunters with several advantages. Among those advantages are a better chance to take an animal and fewer hunters to compete with.

Obtaining a CWMU permit
If you’re a Utah resident, there are two ways to obtain a CWMU permit: you can apply for one in the state’s public drawing, or you can obtain a permit voucher from the landowner or operator of the CWMU you want to hunt.

If you’re a nonresident of Utah, you cannot apply for a CWMU permit in the public drawing. You can, however, obtain a permit voucher directly from the CWMU landowner or operator.

If you obtain a CWMU voucher, you can redeem it for a permit by visiting wildlife.utah.gov/hfa. (Important: Because nonresident fees increase starting July 1, 2020, you may want to redeem the voucher before July.)

You can also redeem the voucher at any Division office or by mailing the voucher to:

CWMU Front Desk
Division of Wildlife Resources
P.O. Box 146301
Salt Lake City, Utah 84114-6301

(please allow 10 to 14 days for processing.)

If you obtain a CWMU permit, you may hunt only on the CWMU that’s specified on your permit. You may take only one animal of the species and sex listed on the permit. You’ll also incur a waiting period for the species you obtained a permit for. (Please see pages 20–21 in the 2020 Utah Big Game Application Guidebook for more information about waiting periods.)

You may not obtain more than one moose, one buck deer or one bull elk permit in a year, but you can obtain antlerless deer and antlerless elk permits as well as buck and doe pronghorn permits. More information about antlerless permits is available on page 13.

Important: CWMU landowner association members and operators—and their spouses and dependent children—cannot apply for their own CWMU permits in the public drawing.

How to participate
If you draw a permit to hunt a CWMU, it is your responsibility to contact the CWMU operator to obtain the following:

- The dates you’ll be allowed to hunt within the legal CWMU hunting season framework. Both you and the operator must schedule around each of your individual needs—please be realistic and patient.
- A map of the CWMU, including access points. The CWMU will provide public hunters access to the entire CWMU, except for areas that are closed to both public and private hunters. If you feel that you haven’t received equal treatment, please contact your regional Division office.
- A copy of the CWMU’s rules. CWMUs are allowed to develop rules of conduct for their unit. Examples of these rules may include: no preseason scouting; checking into and out of the unit daily; limited vehicle access; no overnight camping; a marksmanship test; and limiting the number of hunting companions. If you fail to abide by these rules, you might be asked to leave the CWMU. You can also review these rules online at wildlife.utah.gov/cwmu.

Season dates
The Utah Wildlife Board has established timeframes for hunting on CWMUs (see chart to the right). Within these timeframes, hunters should expect to hunt at least five days for bucks/bulls and three days for antlerless big game.

Please remember that Sunday does not count as part of the established hunting timeframe unless mutually agreed upon by both the hunter and the CWMU operator.

The CWMU operator may also allow you to hunt additional days within the listed timeframes.

Before you apply for a CWMU permit, contact the operator to obtain general information about hunt dates, permitted weapons and other rules. If you draw a permit, it is your responsibility to contact the CWMU operator to confirm your season dates.

Hunt Dates

<td>Muzzleloader hunts for bull elk</td>
<td>Sept. 1–Oct. 31, 2020</td>
</tr>
</tbody>
</table>

Some deer and elk CWMUs have hunting seasons outside of these timeframes. For all CWMU hunt season dates, operator names and contact numbers, visit wildlife.utah.gov/CWMU.

Reporting your harvest success
If you obtain a CWMU permit for an antlered animal, you must report information about your hunt within 30 days after it ends. Please see page 20 for more information about this important requirement.

Complaint process
If you wish to lodge a complaint against a CWMU, you should contact the Division of Wildlife Resources immediately. Biologists and conservation officers can supply you with a complaint form, or you can make the complaint in person or over the telephone. You and the operator should make every effort to resolve your issues before they escalate to the Division level.

If your problem cannot be resolved locally, it may be passed on to a CWMU Advisory Committee for review and possible action.

Learn more
To learn more about the CWMU program or to view maps of CWMU properties, visit wildlife.utah.gov/CWMU.
FIELD REGULATIONS

Several rules have been established to regulate big game hunting in Utah. These rules exist to ensure big game animals are hunted ethically and to help keep you safe in the field. Please be familiar with the requirements for carrying and using firearms and archery tackle. You should also know the different types of hunting methods that may and may not be used and what you’re required to do with any big game animal you take.

Hunting hours
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-6
You may take big game animals from 30 minutes before official sunrise until 30 minutes after official sunset.

Requirement to wear hunter orange
Utah Code § 23-20-31
You must wear a minimum of 400 square inches of hunter orange material on your head, chest and back while hunting any species of big game, unless you are involved in one of the following types of hunts:
- Participating in a once-in-a-lifetime, statewide conservation or statewide sportsman hunt
- Participating in an archery or muzzle-loader hunt outside of an area where a general-season any legal weapon hunt, elk or general-season any legal weapon buck deer hunt is occurring
- Hunting on a cooperative wildlife management unit (CWMU), unless hunter orange is otherwise required by the operator of the CWMU
- Participating in urban deer removal, as authorized by Utah Admin. Rule R657-65.

Checkpoints and officer contacts
Utah Code §§ 23-20-25 and 77-23-104
To help the Division fulfill its responsibility as trustee and custodian of Utah’s wildlife, Division conservation officers and biologists monitor the taking and possession of big game animals and the required permits, firearms and equipment used for hunting. You should expect to encounter conservation officers and biologists checking hunters in the field and at checkpoints.

If you’re contacted by a conservation officer, you must provide the officer with the items he or she requests, including any licenses and permits required for hunting, any devices used to participate in hunting and any game you’ve taken. These contacts allow the Division to collect valuable information about Utah’s big game animals.

Firearms and archery equipment

Prohibited weapons
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-7
You may only use firearms and archery tackle that are expressly permitted in this guidebook.

While hunting big game, you may not use:
- A firearm that’s capable of being fired fully automatic
- Any light-enhancement device or aiming device that casts a visible beam of light
- A firearm equipped with a computerized targeting system that marks a target, calculates a firing solution and automatically discharges the firearm at a point calculated most likely to hit the acquired target

These restrictions do not apply to laser range-finding devices or illuminated sight pins for archery equipment.

Rifles, airguns, shotguns and crossbows
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-8
You may use a rifle or shotgun to hunt big game, but your firearm and ammunition must meet the following requirements:
- Your rifle must fire centerfire cartridges and expanding bullets.
- Your shotgun must be 20 gauge or larger, and you may use only slug ammunition or buckshot that’s 00 or larger in size.

You may only use an airgun or crossbow to take big game if you have an any legal weapon permit. You may not use an airgun or crossbow to take big game if you have an archery or muzzleloader permit. (Please see Utah Admin. Rule R657-12-8 and Utah Admin. Rule R657-5-11 for exceptions to this rule.)

If you use an airgun to hunt big game, that airgun must:
- Be pneumatically powered
- Be pressurized solely through a separate charging device
- Only fire a bolt or arrow

Your arrows or bolts must be at least 16 inches long and travel at least 400 feet per second at the muzzle. They must also have either a fixed broadhead that is at least 7/8-inch wide at the widest point or an expandable, mechanical broadhead that is at least 7/8-inch wide at the widest point when the broadhead is in the open position.

A crossbow used to hunt big game must have a minimum draw weight of 125 pounds and a positive mechanical safety mechanism. A crossbow arrow or bolt used to hunt big game must be at least 16 inches long and have at least one of the following:
- Fixed broadheads that are at least 7/8-inch wide at the widest point
- Expandable, mechanical broadheads that are at least 7/8-inch wide at the widest point when the broadhead is in the open position

Are you allowed to possess a weapon?
Utah Code §§ 76-10-503 and 76-10-512
It is illegal under Utah Code §§ 76-10-503 and 76-10-512 to possess or use a firearm, muzzleloader or any other dangerous weapon if you have been charged or convicted of certain offenses.

The purchase or possession of any hunting license, permit, tag or certificate of registration from the Division does not authorize the holder to legally possess or use a firearm, muzzleloader or any other dangerous weapon while hunting if they are otherwise restricted from possessing these weapons under Utah Code.

To determine whether you are allowed to possess a weapon, please review the Utah Code sections listed above or contact the law enforcement agency that oversees your case.

It is unlawful for any person to:
- Hunt big game with an airgun or crossbow during a big game archery hunt, except as provided in R657-12-8 and R657-5-11.
- Carry a cocked crossbow containing an arrow or a bolt while in or on any motorized vehicle on a public highway or other public right-of-way, except as provided in R657-12-4.
- Hunt any protected wildlife with a crossbow bolt that has any chemical, explosive or electronic device attached. A crossbow used to hunt big game during an any legal weapon hunt may have a fixed or variable magnifying scope.
Handguns
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-9
You may use a handgun to take big game animals, but the handgun must be a minimum of .24 caliber and must fire a centerfire cartridge with an expanding bullet.

If you’re hunting deer or pronghorn, the handgun must develop at least 500 foot-pounds of energy at the muzzle.

New this year: If you have a handgun—archery-muzzleloader-shotgun—only permit to hunt deer, there are other handgun regulations you must follow. For details, see page 21.

If you’re hunting elk, moose, bison, bighorn sheep or mountain goat, the handgun must develop at least 500 foot-pounds of energy at 100 yards.

Muzzleloaders
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-10
Muzzleloaders may be used during any big game hunt, except the archery hunt. To hunt big game with a muzzleloader, your muzzleloader must meet all of the following requirements:

- It can be loaded only from the muzzle.
- It may have open sights, peep sights or a variable- or fixed-power scope, including a magnifying scope.
- It can have only one barrel, and the barrel must be at least 18 inches long.
- It cannot be capable of firing more than once without being reloaded.
- The powder and bullet—or powder, sabot and bullet—cannot be bonded together as one unit for loading.
- It must be loaded with black powder or a black powder substitute. The black powder or black powder substitute cannot contain smokeless powder, but may contain some nitrocellulose.
- To hunt big game, you must use a lead or expanding bullet or projectile that’s at least 40 caliber in size.
- If you’re hunting deer or pronghorn, your bullet must be 130 grains or heavier, or your sabot must be 170 grains or heavier.
- If you’re hunting elk, moose, bison, bighorn sheep or mountain goat, you must use a 210-grain or heavier bullet, or a sabot bullet that’s at least 240 grains.

If you obtain a muzzleloader permit, you may use only the muzzleloader equipment authorized in this section to take the species listed on the permit.

You may not possess or be in control of a rifle, shotgun, airgun, muzzleloader, crossbow or draw-lock while in the field during an archery hunt. For the purposes of this section, “field” means a location where you are likely to find the species listed on your permit. (You are not considered to be in the field if you are in an established camping area or traveling in a fully enclosed automobile or truck.)

This restriction does not apply to the following people:
- Hunters who are lawfully hunting upland game or waterfowl.
- Hunters who are licensed to hunt big game species during rifle or muzzleloader hunts that coincide with the archery hunt.
- Livestock owners who are protecting their livestock.
- Individuals who are licensed to carry a concealed weapon (You may not use your concealed firearm to hunt or take protected wildlife.)

Archery equipment
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-11
Archery equipment may be used during any big game hunt except the muzzleloader hunt.

To hunt big game with archery equipment, your equipment must meet all of the following requirements:

- Your bow must have a minimum pull of 30 pounds at the draw or the peak, whichever comes first.
- Your arrowheads must have two or more sharp-cutting edges that cannot pass through a 1/8 inch ring. If you’re using expanding arrowheads, the arrowheads must have two or more sharp-cutting edges that cannot pass through a 1/8 inch ring when expanded.
- Your arrows must be at least 20 inches long, from the tip of the arrowhead to the tip of the nock.

You may not use any of the following equipment to take big game during the archery season:

- A crossbow or airgun (Please see Utah Admin. Rule R657-12 and Utah Admin. Rule R657-5-11 for exceptions to this rule.)
- Arrows with chemically treated or explosive arrowheads
- A mechanical device that holds the bow at any increment of draw (Please see Utah Admin. Rule R657-12 and Utah Admin. Rule R657-5-11 for exceptions to this rule.)
- A release aid that is not handheld or that supports the draw weight of the bow
- A bow with a magnifying-aiming device

Please remember that your bow may be equipped with a range-finding device. Also, if you carry arrows in or on a vehicle, the arrows must be in an arrow quiver or a closed case.

If you obtain an archery permit—for either an archery-only season or a once-in-a-lifetime hunt—you may use only the archery equipment authorized in this section to take the species listed on the permit.

You may not possess or be in control of a rifle, shotgun, airgun, muzzleloader, crossbow or draw-lock while in the field during an archery hunt. For the purposes of this section, “field” means a location where you are likely to find the species listed on your permit. (You are not considered to be in the field if you are in an established camping area or traveling in a fully enclosed automobile or truck.)

This restriction does not apply to the following people:

- Hunters who are lawfully hunting upland game or waterfowl.
- Hunters who are licensed to hunt big game species during rifle or muzzleloader hunts that coincide with the archery hunt.
- Livestock owners who are protecting their livestock.
- Individuals who are licensed to carry a concealed weapon (You may not use your concealed firearm to hunt or take protected wildlife.)

Loaded firearms in a vehicle
Utah Code §§ 76-10-502, 76-10-504, 76-10-505 and 76-10-523
You may not carry a loaded firearm in or on a vehicle unless you meet all of the following conditions:

- You own the vehicle or have permission from the vehicle’s owner.
- The firearm is a handgun.
- You are 18 years of age or older.
Areas where you cannot discharge a firearm
Utah Code § 76-10-508 and Utah Admin. Rule R657-12
You may not discharge a dangerous weapon or firearm under any of the following circumstances:
- From a vehicle
- From, upon or across any highway
- At power lines or signs
- At railroad equipment or facilities, including any sign or signal
- Within Utah state park camp or picnic sites, overlooks, golf courses, boat ramps or developed beaches
- Without written permission from the owner or property manager, within 600 feet of:
  - A house, dwelling or any other building
  - Any structure in which a domestic animal is kept or fed, including a barn, poultry yard, corral, feeding pen or stockyard

Carrying a dangerous weapon while under the influence of alcohol or drugs
Utah Code § 76-10-528
You may not carry a dangerous weapon or hunt big game while under the influence of alcohol or drugs. Please see Utah Code § 76-10-528 at wildlife.utah.gov/rules for more information.

Areas with special restrictions
Utah Admin. Rule R657-5-12
The following areas have certain restrictions. Please be familiar with them before heading into the field.

Counts and local municipalities
Please check county and local municipality ordinances regarding firearm restrictions before hunting in these areas.

State waterfowl management areas
In 2020, you may hunt big game during the archery season on the following waterfowl management areas: Bicknell Bottoms, Browns Park, Clear Lake, Desert Lake, Locomotive Springs and Redmond.

You may hunt big game during the archery, muzzleloader and any legal weapon seasons on the Stewart Lake Waterfowl Management Area.

All of Utah’s other waterfowl management areas are closed to big game hunting.

State parks (new)
Utah Code § 76-10-508 and Utah Admin. Rule R651-614-4

New this year:
Hunting of wildlife is allowed within the boundaries of all state park areas, except those areas and hunts specifically closed by the Utah Division of State Parks and Recreation in Utah Admin. Rule R651-614. For more information, visit stateparks.utah.gov/resources/hunting-at-state-park.

State laws regarding the possession and discharge of dangerous weapons apply in state park areas open to hunting. For information about discharging a dangerous weapon or firearm in a state park, see the Areas where you cannot discharge a firearm section above or review Utah Code § 76-10-508.

National parks and monuments
All of Utah’s national parks and monuments—except the Grand Staircase-Escalante and Bears Ears national monuments—are closed to hunting.

Native American trust lands
To hunt on Native American trust lands, you must obtain a permit from the Native American tribe that owns the land. You must also observe all of the tribe’s wildlife regulations while hunting on these trust lands.

Military installations
All of the military installations in Utah, including Camp Williams, are closed to hunting and trespassing unless you have authorized permission.

Salt Lake County
To view maps of the Salt Lake County areas listed below, visit wildlife.utah.gov/huntplanner. These areas have various restrictions, and you may not do any of the following:
- Hunt big game within one-half mile of Silver Lake in Big Cottonwood Canyon.
- Hunt on the Red Butte Research Natural Area, which is closed to public access.
- Hunt in Emigration Township with a rifle or muzzleloader. This area is restricted to archery tackle only. Visit wildlife.utah.gov/huntplanner to view a map of the archery-only area in Emigration Township.
- Hunt within the portion of Alta that is closed to hunting. Please contact the town of Alta for hunt boundaries and other information.
- Hunt buck deer or bull elk with a rifle or muzzleloader south of I-80 and east of I-15 (see map online at wildlife.utah.gov/huntplanner).
- Also, before hunting in the Salt Lake County area, please check the Salt Lake County and local municipality ordinances regarding firearm and hunting restrictions.

A pistol, revolver, rifle or shotgun is considered to be loaded when there is an unexpended cartridge, shell or projectile in the firing position. Pistols and revolvers are also considered to be loaded when an unexpended cartridge, shell or projectile is in a position whereby the manual operation of any mechanism once would cause the unexpended cartridge, shell or projectile to be fired.

A muzzleloading firearm is considered loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinders.

The firearm restrictions in this section do not apply to concealed firearm permit holders, provided the person is not utilizing the concealed firearm to hunt or take wildlife.

Also, remember that WIA properties are private land and may have special restrictions on season dates, allowable activities, species and weapon types. Visit wildlife.utah.gov/walkinaccess for details.

Areas where you cannot discharge a firearm
Utah Code § 76-10-508 and Utah Admin. Rule R657-12
You may not discharge a dangerous weapon or firearm under any of the following circumstances:
- From a vehicle
- From, upon or across any highway
- At power lines or signs
- At railroad equipment or facilities, including any sign or signal
- Within Utah state park camp or picnic sites, overlooks, golf courses, boat ramps or developed beaches
- Without written permission from the owner or property manager, within 600 feet of:
  - A house, dwelling or any other building
  - Any structure in which a domestic animal is kept or fed, including a barn, poultry yard, corral, feeding pen or stockyard

Carrying a dangerous weapon while under the influence of alcohol or drugs
Utah Code § 76-10-528
You may not carry a dangerous weapon or hunt big game while under the influence of alcohol or drugs. Please see Utah Code § 76-10-528 at wildlife.utah.gov/rules for more information.

Areas with special restrictions
Utah Admin. Rule R657-5-12
The following areas have certain restrictions. Please be familiar with them before heading into the field.

Counts and local municipalities
Please check county and local municipality ordinances regarding firearm restrictions before hunting in these areas.

State waterfowl management areas
In 2020, you may hunt big game during the archery season on the following waterfowl management areas: Bicknell Bottoms, Browns Park, Clear Lake, Desert Lake, Locomotive Springs and Redmond.

You may hunt big game during the archery, muzzleloader and any legal weapon seasons on the Stewart Lake Waterfowl Management Area.

All of Utah’s other waterfowl management areas are closed to big game hunting.

State parks (new)
Utah Code § 76-10-508 and Utah Admin. Rule R651-614-4

New this year:
Hunting of wildlife is allowed within the boundaries of all state park areas, except those areas and hunts specifically closed by the Utah Division of State Parks and Recreation in Utah Admin. Rule R651-614. For more information, visit stateparks.utah.gov/resources/hunting-at-state-park.

State laws regarding the possession and discharge of dangerous weapons apply in state park areas open to hunting. For information about discharging a dangerous weapon or firearm in a state park, see the Areas where you cannot discharge a firearm section above or review Utah Code § 76-10-508.

National parks and monuments
All of Utah’s national parks and monuments—except the Grand Staircase-Escalante and Bears Ears national monuments—are closed to hunting.

Native American trust lands
To hunt on Native American trust lands, you must obtain a permit from the Native American tribe that owns the land. You must also observe all of the tribe’s wildlife regulations while hunting on these trust lands.

Military installations
All of the military installations in Utah, including Camp Williams, are closed to hunting and trespassing unless you have authorized permission.

Salt Lake County
To view maps of the Salt Lake County areas listed below, visit wildlife.utah.gov/huntplanner. These areas have various restrictions, and you may not do any of the following:
- Hunt big game within one-half mile of Silver Lake in Big Cottonwood Canyon.
- Hunt on the Red Butte Research Natural Area, which is closed to public access.
- Hunt in Emigration Township with a rifle or muzzleloader. This area is restricted to archery tackle only. Visit wildlife.utah.gov/huntplanner to view a map of the archery-only area in Emigration Township.
- Hunt within the portion of Alta that is closed to hunting. Please contact the town of Alta for hunt boundaries and other information.
- Hunt buck deer or bull elk with a rifle or muzzleloader south of I-80 and east of I-15 (see map online at wildlife.utah.gov/huntplanner).
- Also, before hunting in the Salt Lake County area, please check the Salt Lake County and local municipality ordinances regarding firearm and hunting restrictions.

A pistol, revolver, rifle or shotgun is considered to be loaded when there is an unexpended cartridge, shell or projectile in the firing position. Pistols and revolvers are also considered to be loaded when an unexpended cartridge, shell or projectile is in a position whereby the manual operation of any mechanism once would cause the unexpended cartridge, shell or projectile to be fired.

A muzzleloading firearm is considered loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinders.

The firearm restrictions in this section do not apply to concealed firearm permit holders, provided the person is not utilizing the concealed firearm to hunt or take wildlife.

Also, remember that WIA properties are private land and may have special restrictions on season dates, allowable activities, species and weapon types. Visit wildlife.utah.gov/walkinaccess for details.
CWMUs and limited-entry units
There are a few restrictions that apply to CWMUs and limited-entry hunting units:
• You may not hunt on a CWMU unless you obtain a permit to hunt a particular species on that CWMU.
• Archery hunters may not kill a cow elk on the Book Cliffs hunting unit.

Scott M. Matheson Wetlands Preserve
You may use only archery equipment, muzzleloaders or shotguns while hunting on the Scott M. Matheson Wetlands Preserve.

Green River—Jensen, Utah
You may not discharge a firearm, except a shotgun or a muzzleloader, from, upon or across the Green River near Jensen, Utah (from the bridge on US-40 upstream to the Dinosaur National Monument boundary).

Obtain permission to hunt private property
The Division cannot guarantee access to private land, and the agency does not have the names of landowners who own property where hunts occur.
Under certain circumstances, you must obtain written permission from the landowner or the landowner’s authorized representative before hunting or trapping on private lands. Ideally, you should have permission before you apply for or obtain a permit.

If you obtain written permission in advance, you know you’ll be able to use the permit if you draw it.
You can find and download a landowner permission card at wildlife.utah.gov/permission.

Motorized vehicle access on wildlife management areas
Utah Admin. Rule R657-6-14
Motorized vehicle travel on state wildlife management areas is restricted to county roads, parking areas, and areas marked or posted open to motorized vehicle travel. Seasonal closures may occur.

Trespassing
Utah Code §§ 23-20-14 and 23-20-3.5
While taking wildlife or engaging in wildlife-related activities, you may not—without written permission—enter or remain on privately owned land that is:
• Cultivated
• Properly posted
• Fenced or enclosed in a manner designed to exclude intruders
In addition, you may not:
• Enter or remain on private land when directed not to do so by the owner or a person acting for the owner
• Obstruct any entrance or exit to private property

“Cultivated land” is land that is readily identifiable as land whose soil is loosened or broken up for the raising of crops, land used for the raising of crops, or a pasture that is artificially irrigated.

“Permission” means written authorization from the owner or person in charge to enter upon private land that is cultivated or properly posted. Permission must include all of the following details:
• The signature of the owner or person in charge
• The name of the person being given permission
• The appropriate dates
• A general description of the land
You can find an authorization form online at wildlife.utah.gov/permission.

“Properly posted” means that signs prohibiting trespass—or bright yellow, bright orange or fluorescent paint—are clearly displayed at all corners, on fencing, crossing property lines, and on roads, gates and rights-of-way entering the land. Or, they are displayed in a manner that is visible to a person in the area.

You may not post private property you do not own or legally control or land that is open to the public as provided by Utah Code § 23-21-4. In addition, it is unlawful to take protected wildlife or its parts while trespassing in violation of Utah Code § 23-20-14.
You are guilty of a class B misdemeanor if you violate any provision described in this section. Your license, tag or permit privileges may also be suspended.

Prohibited hunting methods

Spotlighting
You may not use a spotlight, headlight or other artificial light to take or locate any protected wildlife (including big game) if you have any of the following weapons in your possession:
• Rifle
• Shotgun
• Archery equipment
• Airgun
• Crossbow
• Muzzleloader

The use of a spotlight or other artificial light in any area where protected wildlife are generally found is considered probable cause of attempting to locate protected wildlife.

The provisions of this section do not apply to the use of the headlights of a motor vehicle, illuminated sight pins on a bow or other artificial light in a usual manner where there is no attempt or intent to locate protected wildlife.

No drones allowed
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-14
Although drones are growing in popularity, it is illegal to use them to scout or hunt big game from 48 hours before any big game hunt begins through 48 hours after any big game hunting season ends.

In addition, the above restrictions do not apply to concealed firearm permit holders, provided the person is not utilizing the concealed firearm to hunt or take wildlife.

Use of vehicle or aircraft
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-14
You may not use an airplane, drone or any other airborne vehicle or device, or any motorized terrestrial or aquatic vehicle (except a vessel)—including snowmobiles and other recreational vehicles—to take protected wildlife, including big game.

Also, you may not take protected wildlife that are being chased, harmed, harassed, rallied, herded, flushed, pursued or moved by an aircraft or any other vehicle or transportation device.

In addition, you may not use any type of aircraft—from 48 hours before any big game hunt begins in the area where you are flying through 48 hours after any big game hunting season ends in the area where you are flying—to locate, or attempt to observe or locate, any protected wildlife.

The provisions of this section do not apply to the operation of an aircraft, drone or other airborne vehicle or device used for the purposes of transporting hunters, equipment or legally harvested wildlife, provided the aircraft takes off and lands only from an improved airstrip, where there is no attempt or intent to locate protected wildlife.

Hunters who are transported by aircraft into an area may not hunt protected wildlife until the following day.
Party hunting
You may not take a big game animal for another person. For example, you cannot kill a big game animal, and then tag the animal with a tag that belongs to one of your hunting companions. This practice is called “party hunting,” and it’s illegal.

The only exception to this rule is if a mentor shares a permit and tag with a minor as part of the Hunter Mentoring program. For details on this program, please see the box on page 37.

Big game contests
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-16
You may not enter a contest or hold a contest that is based on big game or its parts and that offers cash or prizes totaling more than $500.

Tagging, transporting and exporting big game

Tagging requirements
Utah Code § 23-20-30 and Utah Admin. Rule R657-5-17
After you’ve taken a big game animal, you must tag the animal before moving the carcass or leaving the site of the kill.

To tag a big game animal, completely detach the tag from your big game permit and completely remove the three notches that indicate the date the animal was taken and the sex of the animal. Then, attach the tag to the animal so that the tag remains securely fastened and visible.

You may not remove more than one notch indicating the date or sex, or tag more than one animal, using the same tag. Also, you may not hunt or pursue big game after any of the notches have been removed from the tag or the tag has been detached from your permit.

Your tag must remain with the largest portion of the animal’s meat until all of the meat has been eaten.

Transporting big game within Utah
Utah Admin. Rule R657-5-18
You must obey the following rules to transport big game in Utah:
- The head or sex organs of the animal you’ve taken must remain attached to the largest portion of its carcass.
- If you take an elk on a spike bull unit, the antlers must remain attached to the animal’s skull plate, and you must transport the skull plate and antlers with the carcass.
- You must accompany the carcass of any big game animal you’ve harvested, and you must have a valid permit that corresponds to the tag that’s attached to the carcass.

There is one exception to this rule: you may transport a big game animal you did not take if you obtain a shipping permit or a disposal receipt from the Division, or you have a donation slip. You may not donate big game in the field.

For more information, please see Donating big game on page 52.

Transporting big game out of Utah
Utah Admin. Rule R657-5-19
You may transport big game or its parts out of Utah if you accompany the big game animal you harvested and you have a valid permit that corresponds to the tag on the animal. The tag must be attached to the largest portion of the carcass.

If you didn’t harvest the animal, you must obtain a shipping permit from the Division before taking the animal or its parts out of Utah.

Bringing big game into Utah (new)
Utah Admin. Rule R657-5-42
New this year: It is unlawful to import dead elk, mule deer or white-tailed deer—or their parts—from any state or province that has deer or elk diagnosed with chronic wasting disease, except the following portions of the carcass:
- Meat that is cut and wrapped, either commercially or privately
- Quarters or other portions of meat (no part of the spinal column or head may be attached to the meat)
- Meat that is boned out
- Hides with no heads attached
- Skulls with antlers attached, so long as all brain matter and spinal column material is removed
- Antlers with no meat or tissue attached
- Upper canine teeth (also known as buglers, whistlers or ivories)
- Finished taxidermy heads

You can learn which areas in North America have been diagnosed with chronic wasting disease (CWD) by visiting wildlife.utah.gov/cwd or any Division office.

If you’re not a resident of Utah, you can transport harvested elk, mule deer and white-tailed deer from areas that have CWD. However, you may not leave any part of the harvested animal in Utah, and you may not stay more than 24 hours in the state. In addition, your deer or elk may not be processed in Utah.

Finding a skull with antlers or horns attached
If you find a skull with the antlers or horns still attached, it’s possible the animal was poached. Do NOT pick up or move the skull, or disturb any footprints or other evidence. Instead, we encourage you to take the following steps:
- Take photos of the skull from a couple of angles
- Pinpoint the location of the skull (preferably its GPS coordinates)
- Call or visit a Division office to report your find
- Provide key details in your report

The Division will send a conservation officer to investigate if the animal was poached. If it’s clear that the animal died of natural causes, we may allow you to keep your find.
Possession and use of big game

Donating big game
Utah Code § 23-20-9

The following are the only places you may donate, or give, a big game animal or its parts to another person:
- The residence of the donor
- The residence of the recipient
- A meat locker
- A storage plant
- A meat-processing facility

A written statement of donation must be kept with the animal or its parts. The statement must show:
- The number and species of the wildlife or parts donated
- The date of donation
- The permit number of the donor
- The signature of the donor

There is one exception to these rules. You may donate the hide of a big game animal to another person or organization at any location, and a donation slip is not required.

Waste of game
Utah Code § 23-20-8

You may not waste any big game animal or permit it to be wasted or spoiled. (Waste means to abandon a big game animal or allow it to spoil or be used in a manner not normally associated with its beneficial use. For example, using the meat as fertilizer or for trapping bait is not considered a beneficial use of the meat.) You must immediately kill any animal you wound and tag the animal.

Purchasing or selling big game or its parts
Utah Code § 23-20-3 and Utah Admin. Rule R657-5-20

You may not buy, sell or offer, or possess for sale, barter, exchange or trade, any big game animal or its parts. The only exceptions are the following:
- Antlers, heads and horns of legally taken big game may be bought or sold from Feb. 1 through July 31.
- Untanned hides of legally taken big game may be bought or sold from Aug. 1 through Jan. 31.
- Inedible byproducts of legally possessed big game—except for hides, antlers and horns—may be bought or sold any time of the year.
- Tanned hides of legally taken big game may be bought or sold any time of the year.
- Shed antlers and horns may be bought or sold any time of the year.

Protected wildlife that the Division obtains may be sold or donated by the Division or its agents (usually Utah State Surplus) any time of the year. Also, you may purchase or receive protected wildlife from the Division any time of the year.

If you sell or buy antlers, heads, horns or untanned hides, you must keep a record that states all of the following information:
- The name and address of the person who harvested the animal
- The date you sold or bought the items
- The permit number of the person who harvested the animal

There is one exception to this rule: scouting programs and other charitable organizations do not need to keep a transaction record if they’re using untanned hides.

Possession of antlers and horns
Utah Admin. Rule R657-5-21

You may possess antlers or horns—or parts of antlers or horns—that were obtained:
- From lawfully harvested big game
- By lawfully meeting the requirements listed in the previous section (i.e., Purchasing or selling big game or its parts)
- From lawfully gathered antlers or horns shed by big game animals
- From lawfully gathered antlers or horns—or parts of shed antlers or horns—statewide, but there are a couple of seasonal requirements.

From Feb. 1 to April 15, you need an antler-gathering certificate on your person while collecting shed antlers or horns. You can obtain this certificate free of charge by visiting wildlife.utah.gov and completing an online education course. You do not need an antler-gathering certificate at any other time of the year.

Important: Do not trespass on closed areas or private lands to collect shed antlers or horns.

“Shed antlers” are antlers that a big game animal has dropped naturally as part of its annual life cycle. Shed antlers have a rounded base that’s commonly called an antler button or burl.

A “shed horn” is the sheath from the horn of a pronghorn that the animal has dropped naturally as part of its annual life cycle. Pronghorn are the only big game animals that shed their horns.

Utah hunters helping condors

Since 2012, more than 10,000 hunters have joined the Division in a voluntary program to help California condors survive in southern Utah. Condors, some of the world’s rarest and largest birds, feed on dead animals, including the remains of harvested game species—both large and small. Unfortunately, lead ammunition found in these remains can sicken and kill condors.

To keep condors from consuming lead as they scavenge game remains, the Division has partnered with The Peregrine Fund, the National Park Service, Tracy Aviary, the U.S. Forest Service and the U.S. Fish and Wildlife Service to reduce lead on the landscape. Together, we offer incentives for hunters to voluntarily use non-lead ammunition in the Zion hunt unit, where condors spend most of their time.

If you obtain a Zion unit big game permit for 2020, we will contact you with more information about this program and how you can participate. There will also be more information available at wildlife.utah.gov/condors by late July 2020.

Can I hunt during the early season?

If you’re a youth with an any legal weapon permit, you may only hunt the early season if it’s offered on your unit. The following hunting units are the only units with early-season any legal weapon buck deer hunts:
- Chalk Creek/East Canyon/Morgan-South Rich
- Fillmore
- Kamas
- Nine Mile
- Panguitch Lake
- Pine Valley
- Plateau, Fishlake
- Zion

If you’re a youth who has drawn an any legal weapon buck deer permit for one of the above units—and you do not harvest a buck during the archery or muzzleloader seasons—you may hunt the unit listed on your permit during the early season (Oct. 7–11, 2020).

If your permit is not for one of the units listed above, you must wait to hunt the unit listed on your permit until the general any legal weapon buck deer season, which runs from Oct. 17-25, 2020.
*During the general season, the Cache unit also includes the Cache, Crawford Mtn unit and the North Slope unit includes the North Slope, Summit unit.

This map is for general reference only. Please visit wildlife.utah.gov/huntplanner for detailed boundary descriptions. All hunt units exclude deer CWMUs, Native American Trust Lands, National Parks and other areas closed to hunting.

**DEFINITIONS**

The following definitions explain terms used in this guidebook. The 2020 Utah Big Game Application guidebook (published in December 2019) also contains definitions that focus on hunting, harvesting and possessing big game.

**Any legal weapon** means the weapons described under Firearms and archery equipment on page 42.

**Arrow quiver** means a portable arrow case that completely encases all edges of the broadheads.

**Big game** means species of hoofed protected wildlife.

**Buck deer** means a deer with antlers longer than five inches.

**Buck pronghorn** means a pronghorn with horns longer than five inches.

**Bull elk** means an elk with antlers longer than five inches.

**Bull moose** means a moose with antlers longer than its ears.

**Cactus buck** means a buck deer with velvet covering at least 50 percent of the antlers during the season dates established by the Wildlife Board for a cactus buck deer hunt.

**Carcass** means the dead body of an animal or its parts.

**Certificate of registration** means a document issued under any rule or proclamation of the Wildlife Board granting authority to engage in activities not covered by a license, permit or tag.

**CWMU** means Cooperative Wildlife Management Unit.

**Domicile** means the place:
  - where an individual has a fixed permanent home and principal establishment;
  - to which the individual if absent, intends to return; and
  - in which the individual and the individual’s family voluntarily reside, not for a special or temporary purpose, but with the intention of making a permanent home.

To create a new domicile an individual must:
  - abandon the old domicile; and
  - be able to prove that a new domicile has been established.

**Draw lock** means a mechanical device used to hold and support the draw weight of a conventional or compound bow at any increment of draw, until released by the archer using a trigger mechanism and safety attached to the device.

**Drone** means an autonomously controlled, aerial vehicle of any size or configuration that is capable of controlled flight without a human pilot aboard.

**Ewe** means a female bighorn sheep or any bighorn sheep younger than one year of age.

**Handgun-archery-muzzleloader-shotgun-only hunt (HAMS hunt)** means a limited-entry hunt with very specialized weapon requirements. Before you apply for one of these hunts, see page 21 or review R657-5-48 at wildlife.utah.gov to confirm whether the weapon you want to use is legal for the hunt.

**Highway** means the entire width between property lines of every way or place of any nature when any part of it is open to the use of the public as a matter of right for vehicular travel.

**Hunter’s choice** means either sex may be taken.

**Hunting** means to take or pursue a reptile, amphibian, bird or mammal by any means.

**Limited-entry hunt** means any hunt that is identified as limited-entry and listed in the hunt table of this guidebook, and that does not include general or once-in-a-lifetime hunts.

**Limited-entry permit** means any permit obtained for a limited-entry hunt by any means, including multi-season premium limited-entry permits, premium limited-entry permits, multi-season limited-entry permits, limited-entry permits, cactus buck permits, management buck permits, handgun-archery-muzzleloader-shotgun-only permits, conservation permits, expo permits, sportsman permits, CWMU permits and limited-entry landowner permits.

**Nonresident** means a person who does not qualify as a resident.

**Once-in-a-lifetime hunt** means any hunt that is identified as once-in-a-lifetime and listed in the hunt table of this guidebook, and that does not include general or limited-entry hunts.

**Once-in-a-lifetime permit** means any permit obtained for a once-in-a-lifetime hunt by any means, including conservation permits, expo permits, sportsman permits, CWMU permits and limited-entry landowner permits.

**Permit** means a document, including a stamp, which grants authority to engage in specific activities under the Wildlife Resources Code or a rule or proclamation of the Wildlife Board.

**Possession** means actual or constructive possession.

**Private lands** means, for the purposes of this guidebook, any land owned in fee by an individual or legal entity, excluding the following types of lands:
  - land owned by the state or federal government;
  - land owned by a county or municipality;
  - land owned by a Native American tribe;
  - land enrolled in a Cooperative Wildlife Management Unit under R657-37; and
  - land where public access for big game hunting has been secured.

**Qualifying minor** means a Utah resident who is under 18 at the time of application for the Mentor Program and who is otherwise eligible to lawfully hunt.

**Ram** means a male desert bighorn sheep or Rocky Mountain bighorn sheep older than one year of age.

**Resident** means a person who has a domicile (fixed permanent home and principal establishment) in Utah for six consecutive months immediately preceding the purchase of a license or permit, AND DOES NOT claim residency for hunting, fishing or trapping in any other state or country.

An individual retains Utah residency if he or she leaves Utah to serve in the armed forces of the United States, or for religious or educational purposes, and does NOT claim residency for hunting, fishing or trapping in any other state or country.

Members of the armed forces of the United States and dependents are residents as of the date the member reports for duty under assigned orders in Utah, if:
Tag means a card, label or other identification device issued for attachment to the carcass of protected wildlife.

Take means to:
- hunt, pursue, harass, catch, capture, possess, angle, seine, trap or kill any protected wildlife; or
- attempt any of the above actions.

Vessel means every type of watercraft, other than a seaplane on the water, used or capable of being used as a means of transportation on water.

Waste means to abandon protected wildlife or to allow protected wildlife to spoil or to be used in a manner not normally associated with its beneficial use.

Wildlife document means a permit to hunt protected wildlife or Division-issued authorization to share such a permit.

Youth means someone who is 17 years old or younger on July 31 of any given year.

- the member is NOT on temporary duty in Utah and does NOT claim residency for hunting, fishing or trapping in any other state or country.
- the member presents a copy of his or her assignment orders to a Division office to verify the member’s qualification as a resident.

A nonresident attending an institution of higher learning in Utah as a full-time student may qualify as a resident if the student has been present in Utah for 60 consecutive days immediately preceding the purchase of the license or permit and does NOT claim residency for hunting, fishing or trapping in any other state or country.

An individual DOES NOT qualify as a resident if he or she is an absentee landowner paying property tax on land in Utah.

Sell means to offer or possess for sale, barter, exchange or trade, or the act of selling, bartering, exchanging or trading.

Shed antlers are antlers that a big game animal has dropped naturally as part of its annual lifecycle.

Shed horns are the sheaths from the horns of a pronghorn that the animal has dropped naturally as part of its annual lifecycle. Pronghorn are the only big game animals that shed their horns.

Spike bull means a bull elk which has at least one antler beam with no branching above the ears. Branched means a projection on an antler longer than one inch, measured from its base to its tip.

Spoiled means impairment of the flesh of wildlife which renders it unfit for human consumption.
