WHAT'S NEW?

Download guidebooks and more to your DWR mobile app: You can now download Utah's hunting and fishing guidebooks using your Utah DWR mobile app. The app makes it easy to read, search and navigate this guidebook and others. You can keep your hunting or combo license and any DWR course completion certificates on the app, too. Learn more about the app and download it at wildlife.utah.gov/mobileapp.

Credit card processing fee: In order to cover our increasing costs for systems and electronic payment processing, the Division began charging a 2.2% processing fee on all credit card transactions as of July 1, 2024. The legislature authorized a fee up to 3% to cover these costs in the 2024 legislative session.

Dog restrictions on specific units: For most areas in the state, a person using dogs may harvest or pursue cougars with a valid hunting or combination license year round. (You must have documented permission to hunt or pursue cougars on private land.) However, on the La Sal; San Juan, Mtns; and Book Cliffs, East units you may not use dogs March 29–Nov. 1, 2025—except for those hunters with valid black bear permits where the use of dogs is allowed. Please confirm those unit boundaries before you go into the field using the Utah Hunt Planner at hunt.utah.gov. For details, see *No dogs allowed on page 6*.

Name changes for some management units: To simplify naming, cougar management units previously beginning with the designations of South Slope, Plateau and Central Mtns have been shortened to remove those words from the name. For example, Plateau, Boulder has been changed to Boulder. New names are noted with a “◊” symbol throughout this guidebook.

KNOW THE LAWS

This guidebook summarizes Utah's cougar hunting laws and rules. Although it is a convenient quick-reference document for Utah's cougar regulations, it is not an all-encompassing resource.

For an in-depth look at the state's cougar hunting laws and rules, visit wildlife.utah.gov/rules.

You can use the references in this guidebook—such as *Utah Code § 23A-5-309* and *Utah Administrative Rule R657-10-13*—to search the Division's website for the detailed statute or rule that underpins the guidebook summary.

If you have questions about a particular rule, call or visit the nearest Division office.

Who makes the rules?

The Utah Wildlife Board passes the rules and laws summarized in this guidebook.

There are seven board members, and each serves a six-year term. Appointed by the governor, board members are not Division employees.

The Division's director serves as the board's executive secretary but does not have a vote on wildlife policies.

Before board members make changes to wildlife rules, they listen to recommendations from Division biologists. They also receive input from the public and various interest groups via the regional advisory council (RAC) process.

If you have feedback or suggestions for board members, you can find their contact information online at wildlife.utah.gov.

Wildlife Board members

Kent Johnson	Randy Dearth, <i>Chair</i>
Paula Richmond	Gary Nielson, <i>Vice Chair</i>
Bret Selman	Riley Peck, <i>Division Director</i>
Bryce Thurgood	& <i>Executive Secretary</i>

Arrow and bolt length: The board approved removing the length restrictions on arrows and bolts for airgun, archery and cross-bow hunting. For details, see page 14-15.

Requirements for donations, processing and taxidermy: The Utah Legislature made several changes to the tagging and documentation requirements for protected wildlife, including taxidermist record keeping. Carefully review the information on page 20 for details about these new requirements.

Invalid permits: Utah Legislature H.B. 382 clarified that any original license, permit, tag or certificate of registration becomes invalid when surrendered or forfeited, or when a duplicate or exchanged one is issued.

Cougar regulations cycle: The cougar regulations cycle goes from Jan. 1 to Dec. 31 each year and is approved by the Utah Wildlife Board annually. This guidebook covers rules relating to hunting cougars in 2025.

Have more questions about cougar hunting? Visit wildlife.utah.gov/cougar-hunting or contact your regional DWR office (page 2).

IMPORTANT REMINDERS

Cougar hunting with a hunting or combination license: A person may hunt cougars year-round in Utah with any legal weapon if they have a valid hunting or combination license, provided they comply with all rules set forth in *Utah Admin. Rule R657-10* (taking cougar) and in this guidebook. To purchase a license, visit wildlife.utah.gov, a license agent or any Division office. You can also buy a license over the telephone at 800-221-0659. Please see page 9 for more information.

Trapping cougars: A person may trap or snare cougars if they have a valid hunting or combination license, a valid trap registration license, and they comply with all rules set forth in *Utah Admin. Rule R657-11* (taking furbearers and trapping). See the current *Utah Furbearer Guidebook* for information about rules and requirements for trapping furbearers and cougars.

Cougar take limit: There is no annual limit on the number of cougars a person may take.

Cougar reporting requirements: Each harvested animal must be checked in at a DWR office within 48 hours of harvest. Hunters must provide the exact location of harvest (GPS coordinates preferred) and the DWR cougar management unit name. See the map on pages 24-25 and table on page 26 for management unit locations and names, and carefully review the information on page 20 for additional reporting requirements.

Restrictions on harvesting collared cougars: It is illegal to use dogs to harvest a collared cougar in units that are active research areas. For a list of hunting units where this applies, see the information box on page 12.

Trail camera regulations: Trail cameras are prohibited on public land from July 31 to Dec. 31, with some exceptions for research and monitoring by land management agencies. The sale or purchase of trail camera footage in the take—or attempted take—of big game, cougar or bear is prohibited. Trail cameras that utilize internal data storage may be used on private property. For details, see the information box on page 19 or visit *wildlife.utah.gov/trailcams*.

Make an appointment: Please call the nearest Division regional office (see page 2) for an appointment to get a permanent tag for your cougar. This will ensure that a wildlife biologist or conservation officer is available to assist you. Remember to provide the exact location of harvest. See pages 18 and 20 for additional reporting requirements.

Stay informed: We will communicate changes that may affect you and your hunt via email and social media. Visit *wildlife.utah.gov/stay-connected* to sign up for email updates and follow us on Facebook, X, Instagram, Threads and YouTube.

Trial hunting program: People who haven't hunted may be able to try it for the first time without taking Hunter Education. For details, see the box on page 9.

Maps and boundaries online: The Utah Hunt Planner is an interactive tool that can help you prepare for hunts all over the state. See *hunt.utah.gov* for maps showing land ownership, boundary descriptions and more.

Child support law: There are restrictions on fishing and hunting license purchasers for nonpayment of child support. For additional information—or to arrange a payment schedule—please contact the Office of Recovery Services at 801-536-8500.

Corrections: If errors are found in the printed guidebook, the Division will correct them in the online version. Visit *wildlife.utah.gov/guidebooks* to view all of the Division's guidebooks.

Protection from discrimination: The Division receives federal financial assistance from the U.S. Fish and Wildlife Service. Under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of race, color, national origin, age, disability or sex. If you believe that you have been discriminated against in any facility, program, or activity, or if you need more information, please write to:

Office of Diversity, Inclusion, and Civil Rights
U.S. Department of the Interior
1849 C Street, NW
Washington, D.C. 20240

Private lands: The Division cannot guarantee access to any private land. Under certain circumstances, you must obtain documented permission from the landowner or the landowner's authorized representative before hunting on private lands. To learn more, please see page 10.

Division funding: The Division is mostly funded by the sale of hunting and fishing licenses and through federal aid made possible by an excise tax on the sale of firearms and other hunting- and fishing-related equipment.

LICENSE FEES AND KEY DATES

For a complete list of Utah’s license and permit fees, visit wildlife.utah.gov/licenses/fees.
A 2.2% transaction fee applies to all online and in-person credit/debit card transactions.

License fees

License type	Age	Resident	Nonresident until June 30, 2025	Nonresident starting July 1, 2025
365-day hunting license	13 and under	\$11	\$34	\$44
	14–17	\$16	\$34	\$44
	18–64	\$40	\$120	\$144
	65+	\$31	\$120	\$144
365-day hunting license for disabled veterans <i>(see the box on page 13 for details)</i>	n/a	\$25.50	n/a	n/a
Multi-year hunting license (up to five years)	18–64	\$39 / year	\$119 / year	\$143 / year
365-day combination* license	17 and under	\$20	\$38	\$58
	18–64	\$44	\$150	\$190
	65+	\$35	\$150	\$190
365-day combination* license for disabled veterans <i>(see the box on page 13 for details)</i>	n/a	\$28.50	n/a	n/a
Multi-year combination* license (up to five years)	18–64	\$43 / year	\$149 / year	\$189 / year

*A combination license allows you to hunt or fish in Utah.

Season dates

Cougar hunting	Year round
----------------	------------

No dogs allowed

No dogs allowed for hunting or pursuing cougar on the following units*
(except for hunters with valid bear permits):

• Book Cliffs, East	March 29 - Nov. 1, 2025
• La Sal	
• San Juan, Mtns	

*See the Utah Hunt Planner at hunt.utah.gov for unit boundaries.

Credit card processing fee

In the 2024 session, the Utah Legislature authorized a fee up to 3% to cover increasing costs for systems and electronic payment processing. As of July 1, the Division began charging a 2.2% processing fee on all credit card transactions.

**DOUSE. STIR.
CHECK. REPEAT.**

Extinguish campfires. Prevent wildfires.

Don't lose your hunting and fishing privileges

As a hunter or angler in Utah, it is your responsibility to know the laws and abide by them. Wildlife violations may result in fines, jail time, confiscation of equipment and the loss of hunting and fishing privileges.

Wildlife crimes are serious. Learn more at wildlife.utah.gov/know-consequences.

BASIC REQUIREMENTS

Are you thinking about hunting cougars in Utah this year? If so, you'll need to make sure you meet Utah's hunter education and license requirements before you go out into the field.

Licenses

Utah Code §§ 23A-4-201 and 23A-4-708

To hunt cougar in Utah, you must have a valid hunting or combination license.

Adults must accompany young hunters

Utah Code § 23A-4-708

While hunting with any weapon, a person under 14 years old must be accompanied by their parent, legal guardian or other responsible person who is 21 years of age or older and who has been approved by the parent or guardian.

A person at least 14 years old and under 16 years old must be accompanied by a person 21 years of age or older while hunting with any weapon.

The Division encourages adults to be familiar with hunter education guidelines or to complete the hunter education course before accompanying youth into the field.

While in the field, the youth and the adult must remain close enough for the adult to see and provide verbal assistance to the young hunter. Using electronic devices, such as walkie-talkies or cell phones, does not meet this requirement.

Trial Hunting Program

Utah Code § 23A-4-701

If you're 12 years old or older, you can participate in the Trial Hunting Program.

For details, see the box on page 9 or visit wildlife.utah.gov/trial.

Have you passed hunter education?

Utah Code § 23A-4-1001 and Utah Admin. Rule R657-23

If you were born after Dec. 31, 1965, you must provide proof that you've passed a hunter education course approved by the Division before you can apply for or obtain a hunting license.

The only exception to this law is for individuals who are participating in the Division's Trial Hunting Program. You can find details about the program on page 9 or by visiting wildlife.utah.gov/trial.

Proof of hunter education

You can prove that you've completed hunter education by obtaining a hunter education card (called a "blue card" in Utah) or if you have a verified hunter education number on file with the Division. The number is assigned when you complete hunter education and your blue card is issued.

How to take hunter education

To get started, you should visit wildlife.utah.gov/huntereducation. You'll see links to various traditional and online hunter education courses. Follow the instructions on the website to obtain a hunter education registration certificate (required) and to register for a course online.

If you need assistance, please contact your local Division office or call 801-538-4727.

When you finish the course, your instructor will verify your course completion in the online hunter education system. At that point, you will be able to apply for or obtain permits in the Division's hunt drawings, and your hunter education registration certificate will become your hunting license.

Approximately four to six weeks after you complete the course, you will receive your blue card by mail.

You should also keep the following in mind:

- Hunters under the age of 16 must be accompanied by an adult while hunting.
- Regardless of when a student graduates, all hunting regulations (such as season dates and bag limits) will apply.
- Students who are planning to hunt out of state should allow enough time for their hunter education card to arrive in the mail.

New to Utah?

If you become a Utah resident, and you've completed a hunter education course in another state, province or country, you must obtain a Utah blue card before you can buy a resident hunting license. You can obtain a Utah blue card at any Division office by providing proof that you've completed a Division-approved hunter education course, or by submitting the online form at wildlife.utah.gov/hunter-ed-transfer.

Do you have a license?

Utah Code §§ 23A-4-201 and 23A-5-207

You must have a current Utah hunting or combination (hunting and fishing) license before you can harvest or pursue cougar in Utah.

To purchase a license, visit wildlife.utah.gov, a license agent or any Division office. You can also buy a license over the telephone at 800-221-0659. In addition to the fee for the license, you'll also be charged a \$2 transaction fee for each item you buy.

Remember: There are restrictions on fishing and hunting license purchasers for nonpayment of child support. For additional information—or to arrange a payment schedule—please contact the Office of Recovery Services at 801-536-8500.

Utah's Trial Hunting Program

Utah Admin. Rule R657-68

Have you ever wanted to bring your spouse, child or friend along on a hunt and give them a chance to try hunting? Now, they can join you on your next cougar hunt.

Utah's Trial Hunting Program allows anyone over the age of 12 to try hunting for a few years—while accompanied by a licensed hunter over the age of 21—before taking a Hunter Education course.

The program applies to hunts for many different species, including cougars. To sign up for the program or to learn more about it, visit wildlife.utah.gov/trial.

PREPARE TO HUNT

Utah Admin. Rule R657-62-19

A person may hunt, pursue or trap cougars using a valid hunting or combination license, provided they comply with all rules set forth in *Utah Admin. Rule R657-10* (taking cougar) and *Utah Admin. Rule R657-11* (taking furbearers and trapping) and in this guidebook. A separate permit is not required to hunt cougar in Utah.

Residency

Utah Code § 23A-4-704

As long as you have a valid Utah hunting or combination (hunting and fishing) license, Utah residents and nonresidents may hunt cougar year-round.

Is a permit required?

Utah Admin. Rule R657-10-3 and R657-10-3

A person may hunt or pursue cougars with any legal weapon, provided they have a valid Utah hunting or combination license. You are not required to apply for or purchase an additional permit.

If you chose to take a cougar by trapping, you must also have a valid Utah trap registration license. Licenses are available at *wildlife.utah.gov* and from license agents and Division offices. Refer to the current *Utah Furbearer Guidebook* for more information about requirements for trapping cougars.

Obtain permission to hunt private property

The Division cannot guarantee access to any private land, and cannot provide the names of landowners who own property where you may want to hunt.

Hunters should obtain documented permission from the landowner or the landowner's authorized representative before hunting on private lands. See *wildlife.utah.gov/miscellaneous/permissioncard* for details and a printable form.

For more information, see *Trespassing* on page 22.

Guides and outfitters

If you are a guide or outfitter—and you charge a customer more than \$100 for a cougar hunting or pursuit trip—you are not required to purchase a hunting or combination license to guide a customer in the field.

What about bonus points?

Utah Admin. Rule R657-62-8

Prior to 2023, you were able to apply for a limited-entry cougar permit which used the bonus point system. Utah's bonus point system was put in place to increase your chance of drawing limited-entry permits.

Due to legislative rule changes that went into effect in 2023, cougar permits are no longer in a limited-entry drawing. Your previously accrued cougar bonus points will not expire nor be revoked, and they will remain on record with the Division. Refunds will not be provided for points earned or purchased before 2023.

Reminder: Per rule, there is no allowable transfer of points from one species to another species. Your cougar bonus points will remain in your profile history, but are nontransferable.

**WHY I'M
A HUNTER**

TEAM 
WILDLIFE

READ ALYSSA'S STORY AT [WILDLIFE.UTAH.GOV/TEAMWILDLIFE](https://wildlife.utah.gov/teamwildlife)

Hunters with disabilities

Utah Admin. Rule R657-12

Utah provides special hunting accommodations for people with disabilities. These accommodations include the opportunity to hunt with a companion, hunt from a vehicle or other accommodations.

To learn more about hunting accommodations for people with disabilities, please visit wildlife.utah.gov/disabled or call any Division office.

ADDITIONAL CONSIDERATIONS

Utah Admin. Rule R657-62-19

Although you do not need to apply for a permit to hunt, pursue or trap cougar in Utah, there are rules that may apply to your hunting or combination license.

Duplicate licenses

Utah Code § 23A-4-208 and Utah Admin. Rule R657-42

If your unexpired license is destroyed, lost or stolen, you can obtain a duplicate from a Division office or a license agent for \$10 or half of the price of the original license, whichever is less.

The Division may waive the fee for a duplicate unexpired license, provided you did not receive the original document.

Keep in mind that you can also use the Utah Hunting and Fishing app to legally carry hunting or combination licenses on a mobile device for all the members of your family. To download the app, visit wildlife.utah.gov/mobileapp.

Important: Any original license, permit, tag or certificate of registration becomes invalid when surrendered or forfeited, or when a duplicate or exchanged one is issued.

Restrictions on harvesting collared cougars

The Division has placed GPS tracking collars on cougars in various areas across the state. The Division is monitoring these animals in a handful of ongoing studies, and it is an expensive and time consuming process to capture and collar replacement animals. Please avoid harvesting collared cougars whenever possible.

Collared cougar restrictions

All year round, there is a dog no-harvest restriction on collared cougars that applies only to collared cougars in an active research study area. It is prohibited to use dogs to take collared cougars in the following units in 2025: Nebo (excluding West Face); Nebo-West Face; Oquirrh-Stansbury, East; Wasatch Mtns, Cascade; Wasatch Mtns, West-Strawberry; and Wasatch Mtns, Timpanogos.

This restriction only applies to hunters using dogs. Spot-and-stalk hunters are not subject to the no-harvest restriction for collared cougars.

There are exceptions for cougars that are preying on livestock.

If you inadvertently harvest a collared animal, please remove the collar **without cutting it** and contact your local Division office for information on how to proceed.

Discounted licenses for disabled veterans

The Division offers discounted hunting and combination licenses to Utah veterans who were disabled in the line of duty.

The discounted hunting license is \$25.50, instead of the \$40 full price. Likewise, the discounted combination license is \$28.50, instead of the \$44 full price. Either license is good for 365 days from the day you buy it. Discounted licenses are available online or from all Division offices listed on page 2.

To purchase a discounted hunting or combination license, you must be a Utah

resident and have a qualifying service-connected disability of at least 20 percent.

To apply for a license online, please visit wildlife.utah.gov/disabledvet and complete the online form. If you need assistance, please call the nearest Division office.

If you choose to visit a Division office to purchase your license, simply bring the verification of service-connected disability documentation that the Department of Veterans Affairs issued to you.

You can find additional resources for hunters and anglers with disabilities at wildlife.utah.gov/disabled-access.

Hunting & Fishing App

NEW! Keep regulations and season dates at your fingertips with the new **Download Guidebooks** feature.

Learn more and download for **FREE** at **WILDLIFE.UTAH.GOV/MOBILEAPP**

FIELD REGULATIONS

Several rules govern cougar hunting in Utah. These rules exist to help keep you safe and to ensure an ethical hunt. Please know the requirements for carrying and using firearms and archery tackle. You should also know the different types of hunting methods you may use and what you're required to do with any cougar you take.

Firearms and archery equipment

The firearms and archery equipment you can use during a cougar hunt are consistent with the equipment allowed during a Utah big game hunt.

Rifles, airguns, shotguns and crossbows

Utah Code § 23A-5-309 and Utah Admin. Rule R657-5-8

You may use a rifle or shotgun to hunt a cougar, but your firearm and ammunition must meet the following requirements:

- Your rifle must fire centerfire cartridges and expanding bullets.
- Your shotgun must be 20 gauge or larger, and you may use only slug ammunition or buckshot that's 00 or larger in size.

If you use an airgun to hunt a cougar, that airgun must:

- Be pneumatically powered
- Be pressurized solely through a separate charging device
- Only fire a bolt or arrow

Your arrows or bolts must travel at least 400 feet per second at the muzzle. They must also have either a fixed broadhead that is at least 7/8-inch wide at the widest point or an expandable, mechanical broadhead that is at least 7/8-inch wide at the widest point when the broadhead is in the open position.

A crossbow used to hunt a cougar must have a minimum draw weight of 125 pounds and a positive mechanical safety mechanism.

A crossbow arrow or bolt used to hunt a cougar must have at least one of the following:

- Fixed broadheads that are at least 7/8-inch wide at the widest point
- Expandable, mechanical broadheads that are at least 7/8-inch wide at the widest point when the broadhead is in the open position

It is unlawful for any person to:

- Carry a cocked crossbow containing an arrow or a bolt while in or on any motorized vehicle on a public highway or other public right-of-way, except as provided in *R657-12-4*.

Are you allowed to possess a weapon?

Utah Code §§ 76-10-503 and 76-10-512 and Utah Admin. Rule R657-10

It is illegal under *Utah Code §§ 76-10-503 and 76-10-512* to possess or use a firearm, muzzleloader or any other dangerous weapon if you have been charged or convicted of certain offenses.

The purchase or possession of any hunting license, permit, tag or certificate of registration from the Division does not authorize the holder to legally possess or use a firearm, muzzleloader or any other dangerous weapon while hunting if they are otherwise restricted from possessing these weapons under Utah Code.

To determine whether you are allowed to possess a weapon, please review the Utah Code sections listed above or contact the law enforcement agency that oversees your case.

- Hunt any protected wildlife with a crossbow bolt that has any chemical, explosive or electronic device attached.

A crossbow used to hunt a cougar may have a fixed or variable magnifying scope.

New this year: The length restrictions on arrows and bolts for airgun and crossbow hunting have been removed.

Handguns

Utah Code § 23A-5-309 and Utah Admin. Rule R657-5-9

You may use a handgun to take a cougar, but the handgun must be a minimum of .24 caliber and must fire a centerfire cartridge with an expanding bullet.

If you're hunting cougar, the handgun must develop at least 500 foot-pounds of energy at the muzzle.

New: Exception for trapped cougars

The Utah Wildlife Board approved allowing the use of rimfire cartridges and ammunition to harvest cougars caught in traps. This change **does not** allow these types of cartridges and ammunition to harvest cougars not confined in traps.

Muzzleloaders

Utah Code § 23A-5-309 and Utah Admin. Rule R657-5-10

Muzzleloaders may be used during any cougar hunt. To hunt a cougar with a muzzleloader, your muzzleloader must meet all of the following requirements:

- It can be loaded only from the muzzle.
- It may have open sights, peep sights or a variable- or fixed-power scope, including a magnifying scope.
- It can have only one barrel, and the barrel must be at least 18 inches long.
- It cannot be capable of firing more than once without being reloaded.
- The powder and bullet—or powder, sabot and bullet—cannot be bonded together as one unit for loading.

- It must be loaded with black powder or a black powder substitute. The black powder or black powder substitute cannot contain smokeless powder, but may contain some nitrocellulose.
- To hunt a cougar, you must use a lead or expanding bullet or projectile that's at least 40 caliber in size.
- Your bullet must be 130 grains or heavier, or your sabot must be 170 grains or heavier.

If you choose to use a muzzleloader during your hunt, you may use only the muzzleloader equipment authorized in this section to take a cougar.

Archery equipment

Utah Code § 23A-5-309 and Utah Admin. Rule R657-5-11

Archery equipment may be used during any cougar hunt.

To hunt a cougar with archery equipment, your equipment must meet all of the following requirements:

- Your bow must have a minimum pull of 30 pounds at the draw or the peak, whichever comes first.
- Your arrowheads must have two or more sharp-cutting edges that cannot pass through a 7/8 inch ring. If you're using expanding arrowheads, the arrowheads must have two or more sharp-cutting edges that cannot pass through a 7/8 inch ring when expanded.

Please remember that your bow may be equipped with a range-finding device. Also, if you carry arrows in or on a vehicle, the arrows must be in an arrow quiver or a closed case.

If you choose to use archery equipment during your hunt, you may use only the archery equipment authorized in this section to take a cougar.

New this year: The length restrictions on arrows for archery hunting have been removed.

Traps and trapping devices

Utah Admin. Rule R657-10-8 and R657-11

You may take cougar with a trap, snare or other trapping device if you comply with all the regulations set forth in *Utah Admin. Rule R657-11* (taking furbearers and trapping), which is summarized in the current *Utah Furbearer Guidebook*.

Loaded firearms in a vehicle

Utah Code §§§§ 76-10-502, 76-10-504, 76-10-505 and 76-10-523

You may not carry a loaded firearm in or on a vehicle unless you meet all of the following conditions:

- You own the vehicle or have permission from the vehicle's owner.
- The firearm is a handgun.
- You are 18 years of age or older.

A pistol, revolver, rifle or shotgun is considered to be loaded when there is an unexpended cartridge, shell or projectile in the firing position.

Pistols and revolvers are also considered to be loaded when an unexpended cartridge, shell or projectile is in a position whereby the manual operation of any mechanism once would cause the unexpended cartridge, shell or projectile to be fired.

A muzzleloading firearm is considered loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinders.

Carrying a dangerous weapon while under the influence of alcohol or drugs

Utah Code § 76-10-528

You may not carry a dangerous weapon or hunt cougar while under the influence of alcohol or drugs. Please see wildlife.utah.gov/rules for more information.

Areas with special restrictions

Although many areas are open to hunters, some areas have hunting, weapons and access restrictions.

Areas where you cannot discharge a firearm

Utah Code § 76-10-508

You may not discharge a dangerous weapon or firearm under any of the following circumstances:

- From a vehicle
- From, upon or across any highway
- At power lines or signs
- At railroad equipment or facilities, including any sign or signal
- Within Utah state park camp or picnic sites, overlooks, golf courses, boat ramps or developed beaches
- Without written permission from the owner or property manager, within 600 feet of:
 - A house, dwelling or any other building
 - Any structure in which a domestic animal is kept or fed, including a barn, poultry yard, corral, feeding pen or stockyard

State parks

Utah Code § 76-10-508 and Utah Admin. Rule R651-614-4

Hunting of wildlife is allowed within the boundaries of all state park areas, **except** those areas and hunts specifically closed by the Utah Division of State Parks and Recreation in *Utah Admin. Rule R651-614*. For more information, visit stateparks.utah.gov/resources/hunting-at-state-park.

State laws regarding the possession and discharge of dangerous weapons apply in state park areas open to hunting. For information about discharging a dangerous weapon or firearm in a state park, see the *Areas where you cannot discharge a firearm* section above or review *Utah Code § 76-10-50*.

Hunting hours and methods

Hunting hours

Utah Admin. Rule R657-10-4

You are permitted to pursue or take cougar anytime between 30 minutes before official sunrise until 30 minutes after official sunset.

Prohibited methods

Utah Code §§ 23A-5-309, 23A-5-315 and Utah Admin. Rule R657-10-9

Cougars may be taken or pursued only during open hours, and by using only the methods listed in this guidebook, provided a person has a valid Utah hunting or combination license. For trapping requirements, all rules in the current *Utah Furbearer Guidebook* apply.

Otherwise it is unlawful for any person to:

- Possess, capture, kill, injure, drug, rope, trap, snare or in any way harm or transport a cougar
- Restrict or hinder a cougar's ability to escape after it has been pursued, chased, treed, cornered or held at bay
- Use dogs to harvest a cougar wearing a GPS tracking collar (see page 12 for details)
- Engage in a canned hunt
- Take cougar from an airplane or any other airborne vehicle or device (including drones), or from any motorized terrestrial, aquatic or recreational vehicle
- Use electronic locating equipment to locate cougars wearing electronic radio devices

Trail cameras and their data

Utah Admin. Rule R657-5-7 & Utah Code 23A-5-307

The Utah legislature and wildlife board have made several changes to the state's trail camera rules since 2022:

- Trail cameras are prohibited on public land from July 31 to Dec. 31.
- There are some exceptions for research and monitoring by land management agencies (and other approved applications).

- The sale or purchase of footage or data from any trail camera (or non-handheld device) that could be used to take, attempt to take—or aid in the take or attempted take—of big game, cougars or bears is prohibited. That includes images or video, location information, time and date of the footage, and any other data that could aid in the harvest or attempted take of big game, cougars or bears.

- A trail camera using internal data storage and not capable of transmitting data is permitted for use on private lands for the purposes of taking protected wildlife.

For more information about trail cameras and acceptable usage, see the information box on page 19, definitions on pages 27–29, and visit wildlife.utah.gov/trailcams for answers to frequently asked questions.

Spotlighting

Utah Admin. Rule R657-10-9 and Utah Code §§ 23A-5-309, 76-10-504 and 76-10-523

You may not use spotlighting to take cougar.

You may not use a spotlight, headlight or other artificial light to locate any protected wildlife while having in your possession a firearm or other weapon or device that could be used to take or injure protected wildlife.

The use of a spotlight or other artificial light in any area where protected wildlife are generally found is considered probable cause of attempting to locate protected wildlife.

The provisions of this section do not apply to the use of the headlights of a motor vehicle or other artificial light in a usual manner where there is no attempt or intent to locate protected wildlife.

In addition, the above restrictions do not apply to concealed firearm carriers, provided the person is not using the concealed firearm to hunt or take wildlife.

Party hunting

Utah Admin. Rule R657-10-10

A person may not harvest a cougar for another person.

Use of dogs

Utah Admin. Rule R657-10-11

You may use dogs to take or pursue cougar only during the open hours listed in this guidebook.

Reminder: You may **not** use dogs to harvest a cougar that's wearing a GPS tracking collar in an active research study area. (See the information box on page 12 for details.)

If you are the owner or handler of the dogs, you must have a valid hunting or combination license in your possession while you are taking or pursuing cougars.

When dogs are used to pursue a cougar, the licensed hunter who intends to take the cougar must be present when the dogs are released. Then, the licensed hunter must continuously participate in the hunt until it ends.

When dogs are used to take a cougar, the owner or handler of the dogs must either:

- Have a valid hunting or combination license; or
- Be a guide or outfitter receiving more than \$100 in compensation

No drones allowed

Utah Code § 23A-5-309 and Utah Admin. Rule R657-5-14

Although drones are very popular, it is illegal to use them while looking for sign or tracks, scouting or hunting protected wildlife in Utah.

Make it easy, make an appointment

Please call the nearest Division regional office for an appointment to get a permanent tag for your cougar. This will ensure that a wildlife biologist or conservation officer is available to assist you.

Reminder: You will be required to provide your exact harvest location when you get your cougar tagged. Please be ready to share that location—preferably the GPS coordinates, along with the cougar management unit name (see the map on pages 24-25 and table on page 26)—with the Division employee who helps you.

Taking cougar

Utah Admin. Rule R657-10-22

You must have a valid Utah hunting or combination license to take cougar.

Whether you are harvesting or pursuing cougar, you may not:

- Pursue or take a female cougar with a kitten.
- Pursue or take kittens. See page 27 for the definition of a kitten.
- Repeatedly pursue, chase, tree, corner or hold at bay, the same cougar during the same day after the cougar has been released.
- Use dogs to harvest a cougar that's wearing a GPS tracking collar in an active study unit. (See the information box on page 12 for details.)

Remember: If you are a Utah-licensed guide or outfitter, you may not need to purchase a hunting or combination license if you are not taking a cougar. For details, see page 10.

Trail camera rules

Utah Admin. Rule R657-5-7 and Utah Code § 23A-5-307

Since 2022, there have been several Utah Wildlife Board and legislative updates regarding the use of trail cameras.

- All trail cameras are prohibited on public land from July 31 to Dec. 31 (with exceptions for approved research and monitoring).
- A trail camera using internal data storage—and not capable of transmitting live data—is permitted for use on private land for the purposes of legal hunting.

- The sale or purchase of footage or data from any trail camera (or non-handheld device) that could be used to take, attempt to take, or aid in the take or attempted take of big game, cougars or bears is prohibited.

Visit wildlife.utah.gov/trailcams for more information about these rules.

Possession and transportation

Once you've harvested a cougar, there are several rules governing its possession and transportation.

Evidence of sex and age

Utah Admin. Rule R657-10-13

Evidence of the cougar's sex must remain attached to the cougar's carcass or pelt until a Division employee attaches a permanent tag.

The pelt and skull must be presented to the Division in an unfrozen condition. This allows Division biologists to gather management data.

A Division employee will remove two of the cougar's smaller teeth at the time of permanent tagging. These teeth help biologists determine the cougar's age. If possible, please use a stick or other object to prop open the cougar's mouth so the teeth may be easily removed.

The Division also requires the cougar's exact harvest location. GPS coordinates are preferred.

The Division may seize any pelt not accompanied by its skull.

Permanent tag

Utah Admin. Rule R657-10-14

The licensed hunter must take the harvested cougar to a conservation officer, biologist or Division office within 48 hours of the time of kill.

A Division employee will affix a permanent possession tag to the pelt or unskinned carcass. The employee will also ask you for the GPS coordinates of the harvest location and confirm the cougar management unit name (see the map on pages 24-25 and table on page 26).

If you need to reach a conservation officer after regular business hours, over the weekend, or on a holiday, contact your local police dispatch office.

You may not possess an unskinned carcass or a green pelt after the 48-hour check-in period without a permanent tag. In addition, you cannot ship a green pelt out of Utah or present it to a taxidermist if the pelt does not have a permanent possession tag attached.

Processing and taxidermy of protected wildlife

Utah Code § 23A-4-709 and Utah Admin. Rule R657-5-17

New this year: A butcher or owner/employee of a locker or storage plant may not receive the carcass of protected wildlife unless the animal is properly tagged or there is a valid donation slip. Taxidermists must keep records of all received protected wildlife parts—including the date of receipt and documentation of the associated hunting license or permit—for at least three years.

Transporting cougar

Utah Admin. Rule R657-10-15

If you are a license holder who has legally harvested a cougar, you may transport the carcass if you have your valid Utah hunting or combination license on your person or downloaded on the DWR app.

Exporting a cougar from Utah

Utah Admin. Rule R657-10-16

You may export a legally taken cougar or its parts if you have a valid license, and the cougar is properly tagged with a permanent possession tag.

You may not ship a cougar pelt from Utah without first obtaining a shipping permit issued by a Division office.

Harvest reporting

Utah Admin. Rule R657-10-14

If you take a cougar, you must contact the Division within 48 hours. You will need to report exactly where the cougar was taken (GPS coordinates preferred) and meet with a Division employee to have a permanent tag affixed to the carcass. For more information on the tagging process, see *Permanent tag* on page 19.

It is illegal to inaccurately report—or neglect to report—the correct hunting location where the cougar was killed. If you are convicted for failure to accurately report, your hunting privileges could be suspended.

Administrative checkpoints

Utah Code §§ 23A-5-207 and 77-23-104

To help the Division fulfill its responsibility as trustee and custodian of Utah's wildlife, Division conservation officers and biologists monitor the taking and possession of cougars and the required permits, firearms and equipment used for hunting. You should expect to encounter conservation officers and biologists checking hunters in the field and at checkpoints.

If you're contacted by a conservation officer, you must provide the officer with the items they request, including any licenses and permits required for hunting, any devices used to participate in hunting and any cougars you've taken. These contacts allow the Division to collect valuable information about Utah's cougar populations.

Participating in surveys

Utah Admin. Rule R657-10-21

If the Division contacts you about your cougar hunting experience, please participate in the survey regardless of your success. Your participation helps the Division evaluate population trends, assess harvest success and collect other valuable information.

Disposal of wildlife

Donating

Utah Code § 23A-1-205 and Utah Admin. Rule R657-10-17

A person may only donate protected wildlife or its parts to another person at one of the following locations:

- The residence of the donor
- The residence of the recipient
- A meat locker
- A storage plant
- A meat processing or taxidermy facility

A written statement of donation must be kept with the protected wildlife or parts showing all of the following information:

- The number and species of protected wildlife or parts donated
- The date of donation
- The license or permit number of the donor and the permanent possession tag number
- The signature of the donor

A green pelt of any cougar donated to another person must have a permanent possession tag affixed. Along with the pelt, the recipient must also retain the written statement of donation.

Purchasing or selling

Utah Code § 23A-5-309 and Utah Admin. Rule R657-10-18

You may purchase or sell legally obtained cougar hides.

You may not purchase, sell, offer for sale or barter a tooth, paw or skull of any cougar.

New: The Utah Wildlife Board approved allowing the sale of green cougar pelts—meaning that the hide does not need to be tanned first before selling it—and the sale of claws if they are attached to the hide. Any pelt still must have a permanent tag issued by the DWR within 48 hours of harvest.

Waste of wildlife

Utah Code § 23A-5-314 and Utah Admin. Rule R657-10-19

You may not waste—or permit to be wasted—any protected wildlife or its parts.

Note: The skinned carcass of a cougar may be left in the field and does not constitute a waste of wildlife.

Aiding or assisting

You may not aid or assist another person to violate any provisions of the Wildlife Resources code, rule, proclamation or guidebook.

The penalty for aiding or assisting is the same as that imposed for the primary violation.

Livestock depredation

Utah Admin. Rule R657-10-21

If a cougar is harassing, chasing, disturbing, harming, attacking or killing livestock, or has committed such an act within the past 96 hours, livestock owners have the following options:

- In depredation cases, the livestock owner, an immediate family member or an employee of the owner on a regular payroll (not someone hired specifically to take cougar), may kill the cougar.
- A landowner or livestock owner may notify the Division of the depredation or any human health and safety concerns. The Division can then authorize a local hunter to take the offending cougar or notify a Utah Department of Agriculture and Food (UDAF) specialist.
- The livestock owner may notify a Utah Department of Agriculture and Food (UDAF) specialist of the depredation, and the specialist may then take the depredating cougar.

A depredating cougar may be taken at any time by a USDA-Wildlife Services specialist. This individual must be supervised by the USDA-Wildlife Services program and be performing their assigned duties in accordance with procedures approved by the Division.

A depredating cougar may be taken with any weapon authorized for taking cougar. Use of snares or traps must follow rules set forth in the current *Utah Furbearer Guidebook*.

The cougar carcass must then be reported to a Division office or employee within 96 hours.

In some cases, permits may be issued to a landowner experiencing chronic depredation problems. Please contact your regional office for more information.

Trespassing

Utah Code §§ 23A-5-317 and 23A-5-310

While taking wildlife or engaging in wildlife-related activities, you may not—without permission—enter or remain on privately owned land that is:

- Cultivated
- Properly posted
- Fenced or enclosed in a manner designed to exclude intruders

In addition, you may not:

- Enter or remain on private land when directed not to do so by the owner or a person acting for the owner.
- Obstruct any entrance or exit to private property.

“Cultivated land” is land that is readily identifiable as land whose soil is loosened or broken up for the raising of crops, land used for the raising of crops, or a pasture that is artificially irrigated.

“Permission” means documented authorization from the owner or person in charge to enter upon private land that is cultivated or properly posted. Permission must include all of the following details:

- The signature of the owner or person in charge
- The name of the person being given permission
- The appropriate dates
- A general description of the land

“Properly posted” means that signs

prohibiting trespass—or bright yellow, bright orange or fluorescent paint—are clearly displayed at all corners, on fishing streams crossing property lines, and on roads, gates and rights-of-way entering the land. Or, they are displayed in a manner that is visible to a person in the area.

You may not post private property you do not own or legally control or land that is open to the public as provided by *Utah Code § 23A-5-317*. In addition, it is unlawful to take protected wildlife or its parts while trespassing in violation of *Utah Code § 23A-5-310*.

You are guilty of a class B misdemeanor if you violate any provision described in this section. Your license, tag or permit privileges may also be suspended.

Division-owned management areas

Utah Admin. Rule R657-10-23

Most Division-owned wildlife management areas (WMAs) are closed during the winter months to protect big game animals. Contact the nearest Division office to see if any WMAs are open near you.

You may not use motor vehicles on WMAs closed to motor vehicle use without first obtaining written authorization from the appropriate Division regional office.

The Division may, at its sole discretion, authorize limited motor vehicle access to its WMAs under the following circumstances:

- Motor vehicle access is necessary to effectively hunt, pursue or trap cougars by legal means.
- Motor vehicle access will not interfere with wildlife or wildlife habitat.

The Division does not guarantee access to any private or public land. Unit boundaries may include private property or other excluded areas. Hunters must research land accessibility before applying for or obtaining a permit. Refer to page 7 of this guidebook for units that do not allow dogs during seasonal closures.

DEFINITIONS

Utah Code §§ 23A-1-101, 23A-8-201 and Utah Admin. Rule R657-10-2

The definitions in this section are listed in Utah's state laws and administrative rules (see the citations above). You can use these references—included throughout the guidebook—to look online for the complete text of the relevant laws and rules.

Canned hunt means that a cougar is treed, cornered, held at bay or its ability to escape is otherwise restricted for the purpose of allowing a person who was not a member of the initial hunting party to arrive and take the cougar.

Carcass means the dead body of an animal or its parts.

Compensation means anything of economic value in excess of \$100 that is paid, loaned, granted, given, donated, or transferred to a dog handler for or in consideration of pursuing cougar for any purpose.

Cougar means *Puma concolor*, commonly known as mountain lion, lion, puma, panther or catamount.

Dog handler means the person in the field that is responsible for transporting, releasing, tracking, controlling, managing, training, commanding and retrieving the dogs involved in the pursuit. The owner of the dogs is presumed the dog handler when the owner is in the field during pursuit.

Domicile means the place:

- where an individual has a fixed permanent home and principal establishment;
- to which the individual if absent, intends to return and has an actual plan, method, and means to return to the individual's domicile within six months;
- in which the individual and the individual's family voluntarily reside, not for a special or temporary purpose, but with

the intention of making a permanent home; and

- is a place where the individual resides for the majority of the individual's time.

To create a new domicile an individual must:

- abandon the old domicile; and
- be able to prove that a new domicile has been established.

Drone means an autonomously controlled, aerial vehicle of any size or configuration that is capable of controlled flight without a human pilot aboard.

Evidence of sex means the sex organs of a cougar, including a penis, scrotum or vulva.

Green pelt means the untanned hide or skin of any cougar.

Highway means the entire width between property lines of every way or place of any nature when any part of it is open to the use of the public as a matter of right for vehicular travel.

Hunting means to take or pursue a reptile, amphibian, bird or mammal by any means.

Immediate family member means a livestock owner's spouse, child, son-in-law, daughter-in-law, father, mother, father-in-law, mother-in-law, brother, sister, brother-in-law, sister-in-law, stepchild and grandchild.

Kitten means a cougar that has obvious spots on its sides or its back or has obvious leg barring coloration.

Livestock means cattle, sheep, goats or turkeys.

Location of harvest means the exact location where the cougar is killed. GPS coordinates are preferred.

Night-vision device means anything that enhances visible and non-visible light and includes the use of night-vision devices, thermal-imaging devices, infrared-imaged devices and other electronic devices that enhance the visible and non-visible light spectrum. Trail cameras are not a night-vision device.

Nonresident means a person who does not qualify as a resident.

Pursue means to chase, tree, corner or hold a cougar at bay.

Resident means a person who has a domicile (fixed permanent home and principal establishment) in Utah for six consecutive months immediately preceding the purchase of a license or permit, AND DOES NOT claim residency for hunting, fishing or trapping in any other state or country.

An individual retains Utah residency if he or she leaves Utah to serve in the armed forces of the United States, or for religious or educational purposes, and does NOT claim residency for hunting, fishing or trapping in any other state or country.

Members of the armed forces of the United States and dependents are residents as of the date the member reports for duty under assigned orders in Utah, if:

- the member is NOT on temporary duty in Utah and does NOT claim residency for hunting, fishing or trapping in any other state or country.
- the member presents a copy of his or her assignment orders to a Division office to verify the member's qualification as a resident.

A nonresident attending an institution of higher learning in Utah as a full-time student may qualify as a resident if the student has been present in Utah for 60 consecutive days immediately preceding the purchase of the license or permit and does NOT claim residency for hunting, fishing or trapping in any other state or country.

A Utah resident license or permit is invalid if a resident license for hunting, fishing or trapping is purchased in any other state or country.

An individual DOES NOT qualify as a resident if he or she is an absentee landowner paying property tax on land in Utah.

Tag means a card, label or other identification device issued for attachment to the carcass of protected wildlife.

Take means to:

- hunt, pursue, harass, catch, capture, possess, gather, angle, seine, trap or kill any protected wildlife; or
- attempt any of the above actions.

Trail camera means a device that is not held or manually operated by a person and is used to capture images, video, or location data of wildlife using heat, or motion to trigger the device.

Trapping means taking protected wildlife with a trapping device.

Use means participating in the activity.
