

**NOTICE OF EMERGENCY CHANGES
TO THE 2023 UTAH FISHING GUIDEBOOK
OF THE WILDLIFE BOARD FOR THE TAKING
OF FISH AND CRAYFISH**

I, J. Shirley, by authority granted in Section 23-14-8 of the Wildlife Resources Code of Utah declare and emergency amendment to the 2023 Utah Fishing Guidebook. The following has been amended:

Daggett, Upper Anson, Lower Anson, Penguin, and Candy lakes, (Daggett County):

- 16 trout, any species
- All methods of take identified in the 2023 Utah Fishing Guidebook may be used

This change is effective June 15, 2023 and will remain in effect until August 28, 2023.

The Division will be treating the South Fork Sheep Creek and associated lakes (listed above) with rotenone this summer. This emergency change will allow the public to harvest more fish from the lakes in advance of the treatment, thereby reducing the number of fish killed during the treatment.

All other rules established in the 2023 Utah Fishing Guidebook remain in effect.

UTAH DIVISION OF WILDLIFE RESOURCES
