NOTICE OF EMERGENCY CHANGES
TO THE 2019-2020 UTAH FISHING GUIDEBOOK
OF THE WILDLIFE BOARD FOR THE TAKING
OF FISH AND CRAYFISH

I, Michal Fowlks, by authority granted in Section 23-14-8 of the Wildlife Resources Code of Utah declare an emergency amendment to the 2019 and 2020 Utah Fishing Guidebooks. The following has been amended:

Pelican Lake (Uintah County)

Closed to the possession of Green Sunfish.
All Green Sunfish must be immediately released.

This change is effective November 4, 2019 and will remain in effect until December 31, 2020.

Pelican Lake was treated with rotenone in October 2018. Restocking efforts for Bluegill began last winter and continued through the summer of 2019. In addition to our restocking efforts, inflow from upstream reservoirs has brought Green Sunfish down to Pelican, a species which the angling public has difficulty distinguishing from Bluegill. Given the likelihood that Bluegill could be mistaken for Green Sunfish, the region would like to protect this species along with Bluegill.

All other rules established in the 2019-2020 Utah Fishing Guidebook remain in effect.
