August/September 2022 RAC Proposals Feedback
August 25, 2022 2:48 pm

Which best describes your position regarding the proposed changes to the Utah fishing guidebook?

Strongly agree

Do you have any additional comments about these proposed changes?

I am providing this input on behalf of the Utah Anglers Coalition (UAC). The UAC is an affiliation of many different angler groups and fishing industry representatives in the state of Utah. As a group, we support the proposed changes to the 2023 Utah fishing guidebook as contained in the presentation by Randy Oplinger. We also support recommended changes to R657-13 and R657-14.
Thank you.
